EYES BOTHERED ME DROPPING IN MY THROAT

MRS. ELIZABETH H. MARTIN, 382 Bowen Avenue, Chicago, III., Chaplain Garfield Circle, writes:

"Peruna has been a blessing to our family for a good many years, as we have all used it off and on for colds and catarrh, and I have given it to all of my children with the best of results.

"I found that a cold left me with catarrh of the head in a very bad form. My head was stopped up, I had frontal headaches, my eyes bothered me, and there was a nasty dropping in my throat which nauseated me and made it impossible many times for me to eat my breakfast.

"As soon as I began to use Peruna I found it relieved me, my head soon cleared up and in a remarkably short time I was rid of catarrh.

"I can, therefore, give my personal experience with your valuable medicine, and am pleased to do so."

People who prefer solid to liquid medicines can now secure Peruna tablets, which contain the medicinal ingredients of Peruna.

#### A Striking Detective Novel in The September Lippincott's.

So many detective stories have appeared in print of recent years that it is becoming increasingly hard for an author to evolve a plot which is wholly original. Nevil Monroe Hopkins seems to have succeeded in doing this, however, in his new novel, "The Investiga-tion at Holman Square," published complete in the September Lippincott's. The plot hinges upon a mysterious murder in New York City. The slayer has no intention of paying the penalty of his crime, and he uses the utmost ingenuity in arranging for the taking off of the man whom he has marked for death. Unfortunately for him, the services of a private detective, Mason Brant, are called upon, and Brant finally succeeds in unravelling the mystery, clearing the best of innocent "suspects," and having the real culprit apprehended. The author did not intend that the reader should be able to forecast the outcome early in the game, and it is safe to say that few will succeed Post cards in envelopes must have in doing so.
