On Sunday afternoon a large cat was caught in one of Trapper John Swope's traps on Warrior Ridge, Huntingdon county. The veteran trapper, who is known all over Central Pennsylvania, states that when he went to open the trap he thought that his catch was a wild cat, but discovered that it was a common house cat gone wild. He says that often a house cat goes into the woods and becomes as dangerous as the thoroughbred wild cat. These domestic cats that turn wild, so the hunter says, will kill more rabbits and minks than the wild cat.

The Kind You Have Always Bought Bears the Signature of

A HOME WHERE PERUNA IS USED

Residence of Mr. C. Hallock, Antwerp, Ohio.
One of the Many Thousand Homes Where Peruna is a Popular Household Remedy.

CATARRH OF THE HEAD.

Mr. C. Hallock, Antwerp, Ohio, writes: "My daughter, Allie, after taking three bottles of your Peruna, is entirely cured of catarrh of the head of two years standing. We have used Peruna as a general tonic, as well as for catarrh, and are well pleased with it, and recommend it to anybody who has catarrh. Anybody wishing any information can write to me."

Could Take No Food.

Mr. William F. Burke, 1305 Frankford Ave., Philadelphia, Pa., writes: "On the 19th of February, 1901, I was taken with cramps that extended from just below my throat to the bottom of my stomach. They were so severe that my wife had to go for a doctor about two o'clock in the morning."

"I had from February until July of that year three doctors, and they were giving me medicine for kidney, liver and bladder troubles, and after taking all kinds of their mixtures, in the month of July I could neither eat nor drink. For three weeks I had not taken a morsel of food except in a liquid form. At the end of that time I could not drink milk or water except in small sips, which caused me great pain."

"I had given up all hope of living more than a week or two at most. I told my wife I thought I had catarrh of the stomach. She seemed to think so too, and having read of Peruna I decided to give it a trial."

"I took several doses that evening, and for the first time in weeks rested fairly that night."

"I kept on using Peruna as I had started, and after using it three days and nights the pains in my chest and stomach disappeared, and they have never appeared since, and it will be two years this July."

Pe-ru-na Relieved All Symptoms.

Mr. J. C. Crumpacker, R. R. 1, Kokomo, Ind., writes: "I can say that I have nothing to complain of now. I feel well, rest well at night, have a good but moderate appetite, can eat almost any kind of food."

"I have no aches or pains anywhere, and can do some kind of work every day. I must say I can stand as much fatigue as I ever could, and feel good over it."

"The hemorrhage has yielded to Peruna, the grip has done the same, as well as pains and aches of all kinds."

"The roaring noise has entirely left my ears and head, my mind is clear, my recollection good, my bowels are regular, and I just simply feel easy all over."

Catarrh of Long Standing.

Mr. C. A. Roustrom, 570 Seventh St., Ogden, Utah, writes: "I take great

pleasure in stating to you that your medicine, Peruna, has completely cured me of a long-standing case of catarrh."

"I had consulted noted doctors without any relief. By persistent urging of a friend I commenced the use of your wonderful Peruna with the best of results, and today I highly recommend it to any one suffering from catarrh in any form."

"As for myself, I suffered untold agony, but today I feel as spry as any one, with more ambition and confidence in myself than I have enjoyed for years."

"All my friends say I look better than ever before, and I urge them all to try Peruna, and have sold dozens of bottles with the greatest of satisfaction."

"Your Peruna is the greatest tonic and builder for a broken-down constitution arising from that dreadful disease, catarrh."

Some people prefer to take tablets, rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to an average dose of Peruna.

UNIQUE SCHEME.

Work Commenced on Fire Proof Village.

An unusual undertaking, the building of a fireproof village, is in progress at Mountain Station, on the border line between Orange and South Orange, N. J. Six houses are well on the way to completion already, and they are all made of burned clay in the form of hollow blocks. The roofs are of either asbestos shingles or slate. Nowhere else in the country, it is said, are there so many fireproof dwelling houses in one group. The scheme is the result of the study of improved methods of construction within the last few years. The heirs of the Henry A. Page estate are carrying through the undertaking. One of the Page heirs who has been interested, for several years, in developing the properties of the estate, formerly put up houses of reinforced concrete. Recently he retained an engineer to make a special investigation of fireproof materials and building methods, for the purpose of comparison. The consequence of the investigation was that terra cotta blocks, instead of concrete, were chosen for the Jersey dwellings. Each of the houses now being built at Mountain Station has eight or ten rooms. All partitions, as well as the floors and outside walls, are of terra cotta, so that a fire could not spread from one room to another. In one of the houses is a floor with a span of eighteen feet, the longest span ever made with this type of construction.
