

# FARMERS' WIVES TELL WHAT THEY KNOW ABOUT PE-RU-NA.

Peruna is Used in the Farmer's Home for all Sorts of Catarrhal Ailments.

**Indigestion and Nervousness.**  
Mrs. Lenora Bodenhamer, R. F. D. 1, Box 50, Kernersville, North Carolina, writes the following letter to The Peruna Drug Manufacturing Company:  
"I suffered with stomach trouble and indigestion for some time, and nothing that I ate agreed with me.  
"I was very nervous and experienced a continual feeling of uneasiness and fear.  
"I took medicine from the doctor, but it did me no good. I found in one of your Peruna books a description of my symptoms. I then wrote to Dr. Hartman for advice. He said I had catarrh of the stomach.  
"I took Peruna and Manalrh and followed his directions and can now say that I feel as well as I ever did.  
"I hope that all who are afflicted with the same symptoms will take Peruna, as it has certainly cured me."

but now I am perfectly healthy.  
"I cannot praise your medicine enough, and I recommend it to others."  
**Catarrh of Stomach.**  
Mrs. Mary Allen, Route 6, Franklin, Tenn., writes:  
"I am glad to be able to tell you that I am well of catarrh of the stomach, for which I am sincerely thankful to you for your advice. If it had not been for Peruna I would never have been well.  
"I had three physicians. One of them told my husband that he could not cure me.  
"I had been sick about nine months when a friend asked me to try Peruna to gratify her; so I commenced taking it.  
"I can eat and walk and work. Everybody says I look as well as I ever did.  
"Oh, you don't know how thankful I do feel to you.  
"I have got several other people to take Peruna. I praise it to everybody."

**For Children's Colds.**  
Mrs. Henry Martin, 1 1/2 Motte, Ia., R. R. No. 1, writes:  
"After suffering for some time with sore eyes I was advised by a friend to try Peruna, which I did at once.  
"The first bottle relieved me, and after using four bottles I was entirely cured.  
"I do recommend Peruna to all who are afflicted with catarrh. I have found it to be a great remedy also for coughs and colds of children; a dose at bedtime will relieve them from coughing all night. I always keep it on hand, and recommend it."  
**Catarrh for Seven Years.**  
Mrs. T. Frech, R. R. No. 1, Hickory Point, Tenn., writes: "I am happy to tell you that I am cured of catarrh. I have followed your good and kind advice faithfully. I bless the day when I wrote you of my condition, and I will always praise Peruna. I think it is one of the grandest medicines on earth.  
"Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors they only relieved me for a little while. I gave up all hope of being cured. I only weighed one hundred and thirty pounds, and was so weak I could hardly get around the room.  
"I was induced to try Peruna, and to my great surprise I am now entirely well. My weight is now one hundred and eighty-eight pounds, my health never was better in my life, I shall always praise Dr. Hartman and his remedies."

**The Farmer's Wife.**  
Who is in a better position to know than the farmer's wife herself what is required in the farmer's home? She must meet its troubles, solve its problems, ward off disease, nurse the sick, what she must do all these things herself, and she learns by valuable experience what is best and what is not best.  
In numberless farm homes Peruna is relied upon as the family medicine. Peruna books are consulted in health and disease. Peruna is used as a preventive as well as a corrective in disease.  
The wives of the farmers of the United States constitute a solid phalanx in favor of Peruna. Against this testimony the slanders of a few critics will not prevail. One sensible mistress of a farm home who has used Peruna knows more about Peruna than all the magazine critics in the world.  
**Peruna in Her Home.**  
Mrs. Anna Linder, R. F. D. No. 5, Dassel, Meeker Co., Minn., writes: "For two years I suffered with that terrible disease, chronic catarrh.  
"Fortunately I saw your advertisement in my paper and I spoke to my sister about your medicine. She wrote to you and I got your advice free of charge. I took Peruna and am well and a mother

of two children.  
"I owe it all to Peruna. I would not be without that great tonic for ten times its cost, for I am well and strong now, and cannot speak in too high terms of its value as a medicine."  
In a letter dated June 12, 1906, Mrs. Linder writes: "I cannot express my thanks enough to you for all the good your medicine has done for me and my family."

This spring I took cold and it settled in my kidneys. At first I thought it was kidney trouble.  
"I took Peruna as directed on the bottle and in a few days I was all right, so I owe my health to Dr. Hartman and his remedy."  
**Miserable With Catarrh.**  
Mrs. Hettie Green, R. R. 6, Iuka, Ill., writes: "Last November I had catarrh, and felt so miserable, I thought that I would go into consumption.  
"I tried so many doctors and medicines, but nothing did me any good, only Peruna.  
"After I began the use of Peruna I began to improve in every way.  
"My head does not hurt so much, my stomach is all right, my bowels are regular, my appetite good, my complexion clear, my eyes are bright, and I am gaining in flesh and strength.  
"I think Peruna has no equal as a catarrh remedy."

Shaffer's candy wagon has been moved to the lot next the Post Office, where it is not unsightly, as it was on the Square. It helps to light the street, and partially hides from view the Y. M. C. A. lot, which is not an attractive piece of real estate at present, being used for a general dumping ground for all the waste paper in the vicinity.

**Trolley Bridge Changed.**

Important changes have been made at the sharp curve on the Danville and Bloomsburg Electric railway at this end of the Fishing creek bridge, where by the curve, which was very abrupt has been much reduced.  
The end of the iron bridge that carries the trolley has been moved nearly two feet further up stream. The track of the Montour and Columbia Electric railway at that point has been removed from the side of the road next to the creek to the opposite side of the highway. This change of location along with the change made in the bridge made it possible to construct a very easy curve at that point.  
The bridge as changed was used for the first on Friday morning.  
The above improvements have been made preparatory to running cars through directly from Danville to Berwick, which will be provided for in the new schedule that goes into effect along with the consolidation of the two electric railways and the several gas, electric light and power plants.

**Predicts a Cool Summer.**

**Wealth of the Farms.**

The country is now fairly entered upon the stage in which farmers are literally planting the seeds of another annual fortune. From year to year the farms of the United States produce regularly an increment of wealth over that of the preceding year that is the equivalent of the average value of the annual output of the world's gold mining industry.  
In eight years the increase in the value of farm products amounted to 66 per cent of the estimate put upon this portion of the national income in 1899. The census of that year gave the aggregate value of products from this particular industry at \$4,710,700,000. Meanwhile the department of agriculture has made annual estimate of wealth produced on the farms of the United States. That for 1908 placed the total at \$7,848,000,000, showing a gain of \$3,131,000,000, or an average of \$348,000,000 of increase a year.

These facts speak for themselves as an influence not only in checking the receding tide of curtailment in other branches of industry, says the Wall Street Journal, but also as a lever which cannot for any great length of time be kept from increasing the elasticity of demand for manufactured commodities and for transportation.

For this reason the faith of the optimist is not in vain so long as it is based upon the increment of annual farm wealth which, though it may be held in reserve for a while, must under existing conditions of advanced prices for farm products in due time seek the market with an effectiveness that will tell in every other branch of business.

**A Gentle Knight of Old Brandenburg.**

Is a new serial story and the latest success of Charles Major, the author of "When Knighthood Was in Flower" and those "Uncle Tom Andy Bill" stories. "A Gentle Knight of Old Brandenburg" is a strong story dealing with love and German history, and will appeal to all classes of readers, but particularly to German-Americans and those of German descent. The characters are historical and young Frederick and his favorite sister, Princess Wilhelmina, figure conspicuously throughout the entire story. Charles Major in this story attempts to do for German literature exactly what he did for English literature in his "Knighthood" volume and his efforts have certainly proven very successful. It is an entertaining and powerful story and will be printed exclusively in serial form in the Sunday Edition of *The Philadelphia Press*, and the opening chapters appear May 16th. Order your copy in advance or write to *The Philadelphia Sunday Press*, Seventh and Chestnut Streets, Philadelphia.
