THE COLUMBIAN. BLOOMSBURG, PA.

THURSDAY, JULY 8, 1906.

Entered at the Post Office, Bloomsburg, Pa., as second class matter, March 1, 1888.

The Rev. J. R. Murphy is spending a week at Villa Nova in retreat.

The following letters are held at the Bloomsburg, Pa., postoffice: Mrs. John Mundy.

Mrs. W. C. Leverett and the Misses Leverett left this morning for a few weeks at Mount Pocono.

The West Berwick Council has passed a curfew ordinance, which will be put into effect in the near future.

Misses Dora and Martha Brown, sisters of Dr. J. J. Brown, are spending several weeks with relatives in Michigan.

David J. Tasker, manager of one of the Lyman H. Howe Moving Picture Companies, is spending his vacation in Bloomsburg.

DAVID THOMAS.

The death of David Thomas occurred at his home on East Sixth street on Saturday, from a complication of diseases. His age was 32 years.

Deceased was born at White Hall. He has lived in Bloomsburg for several years, and was employed by Harman & Hassert.

He leaves to survive him his wife and three children: Alfred, May and Clayton. Besides these there is one brother, Sheridan Thomas, of Mt. Pleasant, Ohio, and four sisters, Mrs. Wesley Bowman, of Stillwater; Mrs. A. J. Crawford, of Mt. Pleasant; Mrs. McClelland Albertson, of Bloomsburg, and Mrs. Wm. Neuffer, of Rock Glen.

The funeral was held on Tuesday morning, and the remains were taken to Millertown for interment.

Wall Eyed Pike Put in River.

The biggest shipment of wall-eyed pike, or Susquehanna salmon, that was ever put into the north branch of the Susquehanna arrived at Danville Friday and was placed in the river by a number of the local fishermen. The shipment comprised forty cans, containing approximately 80,000 fish, and came from the Erie auxiliary hatchery at Union City. The Susquehanna salmon is very gamy, and is caught chiefly by trolling, although many are caught each season by still fishing. It has only been during the last few years that Susquehanna salmon have been caught in that vicinity. Many are now taken each season, the fish averaging about eight pounds, although some are caught that weigh as high as twelve pounds.

MRS. CATHARINE METZ.

Mrs. Catharine Metz died at the home of her son Samuel, on Iron street on Saturday, after a long illness. She came to Bloomsburg with her husband in 1865. The latter died twenty-six years ago. Her age was 76 years, 9 months and 14 days.

She is survived by two sons, Samuel and William, and one daughter, Mrs. Angeline Strohm, all of this town.

Funeral services were conducted by Rev. P. F. Eyer on Monday afternoon.

COLD JULY WEATHER.

The mercury has been playing unprecedented pranks lately. On Sunday morning and several other mornings it has fallen down to 50. The nights have been cool enough for blankets, but during the day Old Sol has been getting in his fine work as usual in the "good old summer time."

A fine new line of Wedding invitations just received at this office.

COURT PROCEEDINGS.

For the purpose of hearing the applications for the transfer of two licenses, the Gilmore license in Bloomsburg and the Shobert license in Berwick, and the disposal of some routine business, a short session of the Court was held Friday morning with President Judge Evans and Associates Krickbaum and Yeager on the bench.

The first matter heard was the application of W. A. Shollenberger for transfer of the liquor license held by W. H. Shobert in the borough of Berwick. Alex. C. Jackson, Esq., represented the applicant, Shollenberger.

After hearing the evidence of George Owens, W. A. Ross and W. C. Vought as to the applicant's character and fitness for the business and evidence of Shollenberger himself, the Court granted the transfer.

C. A. Small, Esq., who represented Charles and Harry Gilmore, conducted the proceedings in the application for the transfer of the license of W. H. Gilmore, one of the oldest licensed places in the town of Bloomsburg, to the applicants.

After hearing the testimony of the applicants and that of William H. Leister and Calvin Girton as to the character and fitness of Charles and Harry Gilmore, the Court made the transfer.

In the case of Minnie A. Vansickle vs. Bradley Long which was a rule to show cause why an action of ejectment should not be brought, on motion of Harry Stees, Esq., depositions were ordered taken.

C. A. Small, Esq., presented a petition for partition in the estate of Abram Stine, late of Bloomsburg, deceased. An inquest was ordered by the Court.

In the divorce proceedings of Tillie vs. John T. Harley, C. A. Small, Esq., presented a petition for a subpoena on the grounds of desertion 12 years ago, which was granted.

James L. Evans, Esq., presented the petition of Samuel Linn, asking the Court to appoint him guardian of his minor daughter, Mamie Linn. It was represented that the estate which would come into the hands of the guardian was only about \$6 and that it would all be used in paying costs of proceedings. The guardian was appointed for the purpose of perfecting title to some real estate. Ordinarily the Court refuses to appoint a parent guardian but in this case the estate being so small the appointment was made.

In the ejectment proceedings of M. G. Kinney vs. William Yohe, Clinton Herring, Esq., presented a petition for a rule to show cause why the service of the writ should not be set aside and the suit dismissed. Rule was granted returnable the first Monday in August.

Clinton Herring, Esq., presented a partition signed by heirs of Jonas Rantz, late of Benton township, deceased, for a rule to show cause why the accountant should not pay the costs of the first citation, the costs of the audit, etc., in his estate, and for a citation on the accountant to file an account in the estate. The rule and petition were granted.

In the matter of the bond of Henry Gellinger, tax collector for the borough of Catawissa, John G. Harman, Esq., who represented Mr. Gellinger, stated that he was ready to furnish the bond as soon as the amount was determined upon. Interrogated by the Court as to who would go on the bond, he gave the names of several parties who were perfectly satisfactory to the Court. The Court fixed the amount of the bond at \$10,000. Mr. Gellinger will have it executed and it will then be approved by the Court.

In the matter of bond Gorge Linville, tax collector for the borough of West Berwick, James L. Evans, Esq., gave the names of the men who would sign this bond as sureties but said that it had not yet been done, but would be executed in a few days.

TUESDAY'S SESSION.

There was a brief session of court on Tuesday morning.

W. H. Rhawn, Esq., presented the petition of B. F. Neab for the appointment of a guardian. The Court appointed Lewis C. Mensch, Esq., guardian, bond to be given in the sum of \$1000.

In order to afford better protection for the citizens of Briarcreek township, W. E. Elmes, Esq., presented a petition signed by 25 taxpayers requesting the court to appoint John Bardo, George Kishbaugh, Noah G. Baker and Henry Shaffer deputy constables of the township under a recent Act of Assembly, which was done.

Upon petition presented by Fred Ikeler, Esq., the Court appointed Joseph Swank, one of the road supervisors of Millflu township, to fill

AN OLD QUAKER CHURCH.

FRIENDS' MEETING HOUSE AT CATAWISSA
BUILT IN 1746.

BUT ONE LONE QUAKERESS IN THE CONGREGATION—
AN HISTORIC BUILDING.

A meeting of the Society of Friends was held in Catawissa and was attended by the only member of the faith in this section, Miss Mary Walter, of Catawissa, the grand-daughter of Thomas Heck. She is the only survivor of this once dominant sect in this valley, and remains the heir to the religious estate and sole guardian of the four acres palisaded in the style of nearly two hundred years ago. The 24x30 story-and-a-half log structure, with its chinking and daubing finish, its battered doors and shutters its ancient ten-plate stoves, one from Valley Forge foundry, door hinges of strap iron, and high back plank seats carved in solid shields, strong yellow pine lining

throughout, the edge on-edge brick chimneys which modestly show their tiny tops—all these speak of an age outlived and tell of a civilization known only in story, and yet here, Sunday after Sunday, worships alone the last of her sect in Catawissa. Mighty oaks over twelve feet in circumference are guardians of this fortress of the ancient mainsprings of this valley's early moral and religious development. Everywhere the appearance of the church is one of rest and perfect quietude. Unfortunately, some of the church records are scattered, but enough remains to show that before the Revolution this church was erected in 1746, on "Stony Bluff on the Catawissa."

Steiber Suspends Umpire Broadt.

"Guilty of Conduct Unbecoming a Gentleman and a True Sport."

Fred L. Steiber, of Bloomsburg, president of the Susquehanna league, on Saturday suspended Umpire W. H. Broadt, who presided at the game between Shickshinny and Bloomsburg won by Shickshinny on their own grounds on Saturday, June 26th by a score of 6 to 3, but decided that the game should stand as played, as he has no authority to forfeit any game protested on the decisions of an umpire.

President Steiber said in connection with the protest, "In my opinion and in the opinion of many of the spectators both from Shickshinny and Bloomsburg, Umpire Broadt was guilty of conduct unbecoming a gentleman and a true sport. If such actions were tolerated there is no doubt in my mind that the Susquehanna league would soon start on the downward path."

Deer Pasturing With Cows.

Also Browsing on Growing Crops in the Vicinity of Jamison City.

A report from Jamison City, is to the effect that in the North Mountain territory deer are so plentiful and tame that instances are known where they have mingled with the cows and horses in the pasture field.

The presence of the deer is further manifested by damage done by them to growing crops. It was alleged that several deer had been shot when found in farmers' fields, and an officer from the game department of the State was recently sent into that section to investigate.

It was learned that no killings had occurred, as notwithstanding the damage known to have been done by the deer, the residents had given strict observance to the game laws.

The Tercentenary of the discovery of Lake Champlain is being celebrated this week at Crown Point and Ticonderoga. The states of New York and Vermont are taking part in it, and the Canadian Government is also showing an interest. The Hon. James Bryce, British Ambassador to the United States is to be the principal speaker. The celebration started Monday, and will continue until Saturday.

the vacancy caused by the removal of one of the supervisors.

In the estate of Charles H. Johnson, deceased, in which John Weliver is the executor, the Court upon petition presented by Fred Ikeler, Esq., approved the investment.

The bond of A. L. Fritz, tax collector of Sugarloaf township, in the sum of \$2500 was approved by the Court.

FOR FLETCHER'S
CASTORIA

Home Made Law is the Best.

"Trash Your Husband," Advice of Wilkes-Barre Alderman to Unhappy Wife.

"If your husband abuses you again, give him a good thrashing, and, if that does not cure him, bring him to me, but I think the thrashing will do the business."

This was the advice given by Alderman Donohue, of Wilkes-Barre, to portly Mrs. Michael Promick, of DuPont, who had her thin, five-foot husband arrested on the charge of abusing her. She said he married her for her money, and, not getting it, ill-treated her.

As Mrs. Promick is six feet tall and well built, and as the husband is less than five feet, and does not weigh much more than 100 pounds, the Alderman thought the woman could inflict more telling punishment than the law. She said she would try it.

Summit Hill Fire May be Quenched.

It is thought that the mine fire that has raged near Summit Hill, Carbon county, for fifty-four years is being checked. Several fortunes have been consumed in the coal burned and a few fortunes have been expended in attempting to extinguish the fire. At present there is an immense job on to put out the fire. Eight shafts are being sunk into the coal vein in front of the fire. These shafts will run together at the bottom and the entire vein cut off. The cut through the vein will be filled with solid concrete. Four shafts are about completed and the remaining four are being sunk.
