The old Mansion House in Mauch Chunk, in its day a notable hostelry, is being converted into tenements. When alterations are made it will accommodate about 60 families.

**PURSEL FIRE ADJUSTMENT.** The adjustment of the insurance on the burned Pursel store has been entirely completed. That on the stock was arranged last week, as stated. The building adjustment was completed yesterday when contractor B. W. Jury, representing Mr. Pursel, and Edward Eyerman of Wilkes-Barre, representing the insurance companies, came to an agreement without calling upon a third party to act as umpire.

### CENTURY CLUB ENTERTAINS.

The Century Club entertained the Wednesday Club and the Ivy Club on Monday afternoon at the home of Mrs. R. Frank Colley. Forty club members were present to hear an interesting talk on "The Indian of Today," given by Professor O. H. Bakeless, of the Normal School, who formerly taught at the Carlisle Indian School.

Following this, tasty refreshments were served. Miss Josephine Nicely of Wilkes-Barre, and Mrs. Spencer C. Dickson, of town, were guests of the Century Club.

### BIG CROWDS AT PICTURE SHOW.

The Saturday night shows at Columbia Theatre are growing more popular each week. Last Saturday night at the first show every seat was occupied, and the standing room was filled, and several hundred people were obliged to wait down on the street until the first show was over.

This week the show is running every night. The management is trying to give this town good, wholesome entertainments, and it ought to be liberally supported.

### ROBISON FARM SOLD.

At public sale by the administrator, Mrs. Jennie B. Robison, last Friday, the farm of the late J. Boyd Robison, in Centre township, was bought by Charles B. Chrisman of Philadelphia, through his attorney, William Chrisman Esq. The price paid was \$400, subject to a mortgage of \$2800.

The homestead at Espy was not sold. Mr. Chrisman, formerly of this town, has been residing in Philadelphia for some years, but intends to return to this county, and will engage in farming on his newly acquired property. His many friends will be glad to welcome him back here.

### Couldn't Leave Bloomsburg.

The absorbing power of literature was demonstrated yesterday at East Bloomsburg. A lady from Lewistown rode over in the bus to take a south bound train. While waiting, she remained in the station reading a magazine.

Hearing a train roll up to the station, she glanced through the station window into the mirror in the bus, which was standing outside, and saw an apparently north bound train arrive. She knew that two trains were due near the same time, so she placidly continued her reading. A few minutes later the noise of a train again interrupted her perusal of a most interesting story, and glancing for the second time into the mirror, she saw a train come in from the opposite direction to the first one. Stepping out of the station onto the platform to board the car, she was astonished to find the engine headed toward a different point of the compass from that whither it had appeared to be bound in the mirror. Inquiry revealed that her train had left some minutes before.

As she rode back to Bloomsburg in the bus, she firmly resolved never again to read magazines nor trust to mirrors while waiting for a train.

### PHILO REUNION.

### Library Election.

### INSTITUTE LECTURE COURSE.

We are pleased to announce that the course of lectures and entertainments provided for the Teachers' Institute to be held here next week is in every respect in keeping with the high standard established by our previous courses.

On Monday night the Chicago Glee Club will give the concert. This company will be remembered by many as having given one of the best concerts ever presented here, eight years ago. The repertoire of the club comprises the best of all types of part-song music, and its programs of male quartets, troubadour quirets, characterizations, vocal and horn solos, present much variety and merit to please every auditor.

A rare treat is in store on Tuesday evening for those who enjoy a first class lecture. Dr. Driver has been characterized as a Jehu, who drives six good horses. The leaders are Grace and Diction; the swing horses are Pathos and Humor; the wheelers are Eloquence and Power. Fly in his whirling and glittering chariot as I have done and you will be delighted. Driver is apt, alert, eloquent, and a royal fellow. His subject is "America Facing the East."

The entertainment for Wednesday evening will be given by the master, the "Master American Cartoonist," Alton Packard. His lecture "Types of Uncle Sam's Folks" is a humorous presentation in sketch, caricature, impersonation and description of the various types of American character of today and yesterday, with much ridicule and caustic comment on the vanities, follies and vices of Uncle Sam's Folks, and accompanied with characteristic, original songs of Mr. Packard's own composition. This program has proven a great favorite with Lyceum audiences for the past ten years.

The concluding number will be a lecture by the Hon. Thomas P. Gore, who is known as the "Blind Man Eloquent." He is the first Senator from the new State of Oklahoma and a brilliant orator. His recent speech at the Denver convention, the speech which caused the sixty-four minute Bryan demonstration, has brought him even stronger into the limelight. For a blind man to make a successful canvass of any state proves rare gifts and a strong personality, but to win out in Oklahoma, in that most hotly contested race, places him in the first rank as a man of sterling character and brilliant attainments. His subject is "Social Duty."

Notwithstanding the increased expense of this course, the price of admission is the same; \$1.50 for the course, 50 cents each for the lectures and 75 cents each for the other numbers. The board will open at Bidleman's store Friday morning, November 26th.

Wm. W. EVANS, County Supt.

### Congressman Burned.

Congressman De Armond and his grandson were burned to death at Butler, Mo. on Tuesday. His home burned and he was sleeping on the third floor and could not be rescued. He was a schoolmate of Postmaster J. C. Brown at Dickinson Seminary, Williamsport.

### Cornell University will have a chair in aeronautics next year.

### A Good Rural Play.

Go and see "Uncle Dave Holcomb" at the Columbia Theatre next Monday night, November 29. Mr. Lawrence who takes the title role, and company, have just concluded a successful engagement at the Grand Opera House, Philadelphia.

This is a rural play in four acts, and among the special features are "The Temperance Quartette," "The Country Orchestra," and "The Village Choir." The play is full of humor, intermingled with pathos, and is something after the style of the "Old Homestead."
