

THE CENSUS SCHEDULE

Some Interesting Facts Concerning Thirteenth Decennial Census.

The United States Census population schedule which will be carried by the enumerators during the Thirteenth Decennial United States Census, April 5th next, contains thirty-two questions concerning every man, woman and child in this country, the total of whom is expected to reach the number of 90,000,000.

MORE CONVENIENT FORM.

The schedule paper is very heavy and will stand a great deal of handling. The form of the schedule is more convenient than that used ten years ago, and the two pages are so spaced that when the schedule is placed in the card-punching machine, each time a card has been punched the ratchet wheel automatically moves the schedule up one line, and all the operator has to do is to operate the keys on the punching machine.

THE COUNTRY OF BIRTH.

The group relative to Nativity requires answers stating the place of birth of the person enumerated and also of his or her father and mother. The instructions are that if either is born in the United States, the enumerator must give the state or territory, but if of foreign birth he must give the country.

Lonsdale estimates that Cook cleared \$50,000 from the exploitation of his Arctic reputation. A bride promises to obey merely because she doesn't want to make a scene.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

STOPS PAIN IN THE BLADDER, KIDNEYS AND BACK.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free.

schedule, 'cotton mill, dry goods store, farm, etc.' The third wants to know whether the person is an employer, employee, or working on his or her own account, and, under the fourth and fifth questions, whether out of work on April 16, 1910, and the number of weeks out of work during the year 1909.

COOK'S SECRETARY DOUBTS

Confidential Associate Admits Wanting Faith in Explorer. Walter Lonsdale is the most recent of the former associates and employees of Dr. Frederick A. Cook to admit distrust of his claim to discovery of the North Pole.

ONLY A LITTLE COLD in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed-up passages. Price 50c.

There are times when every man, away down in his heart, realizes that the fools are not all dead yet.

To strain at a gnat and swallow a camel may merely prove that we don't like gnats.

Drop in Mercury. The temperature took a drop on Saturday night and chased the mercury down to four degrees below zero, being the record for this winter thus far.

Do it quickly show its power once you use it, so I think you had better see what it is without delay. I send you a copy free—you can use it and cure yourself at home.

GEESE FLYING NORTH.

Does It Mean That Warmer Weather Is Coming?

Says the Williamsport Gazette & Bulletin of last Friday: Just before dark last evening people who were on the streets were somewhat surprised by hearing the squawking of a large flock of geese overhead.

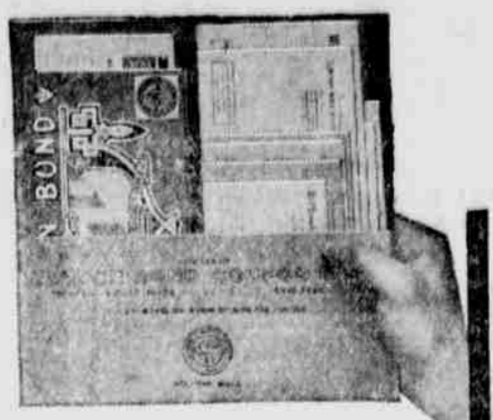

Rivermen and hunters who saw the geese are puzzled as to what the presence of the birds in this vicinity portends. They say if the season was several months later, the birds would probably be on their way to the lakes or Hudson bay to spend the summer, and that a spell of warm weather might be expected.

Drop in Mercury.

The temperature took a drop on Saturday night and chased the mercury down to four degrees below zero, being the record for this winter thus far.
