Something In the Wind

Now, why not blow yourself off to an annual subscription to this paper?

TUBERCULOSIS.

The Work the State Health Department is Doing.

That the State aid extended to tuberculous sufferers through the Department of Health dispensaries is reaching the really needy is evidenced by careful statistics that Health Commissioner Dixon has just compiled.

These statistics which are based upon a total of 9,363 patients examined at the dispensaries, of whom 6,728 were found to have tuberculosis, during a period of seventeen months ending December 31, 1908, show that the average family income in the homes from which these patients came was \$24.63 per month.

"These facts are particularly gratifying" said Dr. Dixon. "With the thousands of tuberculous patients whom we asked to help it is quite possible that occasionally the State's charity is imposed upon. We are fully justified, however, by the tabulated records in drawing the conclusion that the really needy poor among Pennsylvania's unfortunate victims of tuberculosis are the ones that are being helped, just as the law making the appropriation contemplated."

An interesting study of the possible source of infection can be made from the dispensary statistics. In 2,404 cases, there was reason to believe that the disease was contracted in the home from another member of the family. This shows how important is the work which the visiting nurses of the dispensaries are doing in teaching the members of the household how to guard against being infected by one of the family who has the disease.

In 474 cases the possible source of infection was a fellow employee. Fully alive to the danger from this source the State Department of Health has communicated direct with all the large employers of labor throughout the State, urging the necessity of frequent medical inspection and calling attention to the State's dispensaries where suspected cases among the poor will be examined at any time free.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The Zoological Press Bulletin.

Timely Topics of Plants and Pests Discussed Weekly, by H. A. Surface, State Zoologist. EVERGREEN TREES IN BAD CONDITION.

Specimens of twigs and bark of evergreen trees supposed to have been damaged by scale insects, were received from Washington County, Pennsylvania, at the Division of Zoology of the Department of Agriculture, Harrisburg, with a request for information as to the cause of their impaired condition. One of the specimens was from a tree that appeared to be diseased when it was planted some twenty years ago, according to the correspondent, who stated that "it has never done any good."

Professor H. A. Surface, the Economic Zoologist of the State, in reporting upon the specimens, wrote as follows:

"I have received the twigs and bark of your evergreen trees, which you sent to me, and must confess that I can not find any insects present, and the subject of plant diseases belongs to the specialist known as a plant pathologist. For that reason I would advise you to send some of the supposed diseased bark and twigs to Professor N. B. Waite, U. S. Plant Pathologist, Department of Agriculture, Washington, D. C. Also, if you wish, you might send some twigs to Professor Hugh Baker, Forester, State College, Pa.

"It appears to me that the tops of your trees are too dense, or, perhaps they are too much shaded. I would advise cultivating the ground about them, and opening out the tops by a little pruning. Some fertilizer containing phosphoric acid and potash, such as would be obtained in phosphate rock and wood ashes, should be mixed with the soil around the roots. If the specialists in plant diseases, to whom you write and submit specimens, have different directions to give you, I would recommend you to follow their directions rather than mine. However, in the absence of any directions from them, I am sure that what I here give you will not prove injurious, but, on the other hand, will be helpful."

Will Bore Bradford for Oil.

Representative coal men in Luzerne county and Lackawanna, are willing to spend all the money necessary to make a thorough test of the Bradford county field for oil or gas, and the work is to begin early in the spring. At least, this is the story told by the man who has gathered a big bunch of leases in Asylum township. He says he is coming back, and will punch the township full of hole and settle for all time the oil question in that locality.

Since the South Branch dusters were drilled last year the territory has been frequently visited by men in red automobiles. They are said to have been much impressed with the outlook. Fred W. Worthington, who produced dusters in the latter field with good Pittsburg money, is also coming back to go on with the work necessary in order to hold his leases, and the result will be that if Bradford county has any oil it will have to show it during the coming year.

Dropsy Given up by Doctor

"I had dropsy, and was told by 'my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

MILES MEDICAL CO., Elkhart, Ind.

Wanted Carpenter, not Surgeon.

It was thought exceedingly strange that one of the jurors in the Wilkes Barre Court on Friday should ask for a carpenter after he had fallen on the steps of the Court House and broke his leg, but the enigma was cleared up when it was learned that he had a wooden leg. Janitors Finn and L'ewellyn repaired the artificial limb.

SHERIFF'S SALE.
