TRY A PAIR.

CHAS. M. EVANS.

THE COLUMBIAN. BLOOMSBURG, PA.

THURSDAY, FEBRUARY 24, 1910

Entered at the Post Office, Bloomsburg, Pa., as second-class matter, March 1, 1888.

A pool table has been placed in Johnson's cigar store.

Mrs. E. J. Brown was admitted to the hospital on Monday, for an operation.

The Furniture Factory has shut down for two weeks in order to make some repairs.

ALLEN'S LUNG BALSAM

has been used successfully for years for deep-seated coughs, colds and bronchitis. Everybody should know about it. It is simple, safe and sure.

It was really Washington's Birthday on Tuesday, despite the fact that the Wheelmen Club did not hold its annual banquet.

A despatch from Mauch Chunk states that a man was killed by a drink of water. What a severe blow to the local option movement!

This is An Easy Test.

Shake Allen's Foot-Ease in one shoe and not in the other, and notice the difference. Just the thing to use when rubbers or overshoes become necessary, and your shoes seem to pinch. Sold Everywhere, 25c. Don't accept any substitute.

At the moving picture show in the Columbia Theatre on Saturday evening the Bloomsburg Band appeared on the stage and rendered some fine selections.

There was no rural mail delivery on Tuesday, as it was Washington's Birthday and a legal holiday. It was a relief to the mail carriers as the roads are in a very bad condition.

To Mothers in This Town.

Children who are delicate, feverish and cross will get immediate relief from Mother Gray's Sweet Powders for Children. They cleanse the stomach, act on the liver, making a sickly child strong and healthy. A certain cure for worms. Sold by all druggists, 25c. Sample FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

John Appleman, the Benton painter who was injured by a fall a few weeks ago, has been taken to a Philadelphia hospital for an operation on the skull, as it is believed that a piece of bone is pressing on the brain.

Reimard Bros. have nearly completed the erection of a new furnace for the Columbia Drying Company of Espy. They have a contract in Reading for the erection of a large brick building for the Metropolitan Electric Co. and will go there this week to begin the work.

It is rumored that the War Department at Washington is considering the advisability of having several regular army regiments conduct maneuvers this year in the Pocono Mountains. The object, it is said, is to give the army men practical training in mountain warfare.

SAFE AND SURE.

Among the medicines that are recommended and endorsed by physicians and nurses is Kemp's Balsam, the best cough cure. For many years it has been regarded by doctors as the medicine most likely to cure coughs, and it has a strong hold on the esteem of all well-informed people. When Kemp's Balsam cannot cure a cough we shall be at a loss to know what will. At druggists and dealers, 25c.

PLENTY OF ICE.

The local supply of ice was abundant last week. With snow, rain, hail and a general freeze-up, everything had a coating of ice which caused damage in more ways than one.

Many a tumble was taken on the glassy pavements; wires were down, crippling the telephone service seriously; trolleys were off their schedule; all sorts of trouble occurred.

The predicted cold wave arrived Friday evening and sent the thermometer down to zero. Sleighing was good and many parties were out to take advantage of it.

Children Cry FOR FLETCHER'S GASTORIA

FISHER MAY YET HANG.

Murdered His Own Little Son Several Years Ago.

The following story comes from the regions. It should be fully investigated and if it is found on fact, Henry Fisher, who escaped the gallows last week by the grossest miscarriage of justice, should be brought back from the penitentiary and made to stand trial for this brutal and unnatural crime: Henry Fisher, the convicted murderer of Mrs. Sarah Klinger, but who escaped hanging because the jury brought in a second degree verdict may yet stretch hemp and go the way which every citizen of the county feels he should go if the story told by a relative is true, for Henry Fisher is a double murderer. Miss Mary Mutchler, whose sister is married to the murderer, stoutly declares that several years ago Fisher murdered his own child. The woman states that in her presence, Fisher picked up the child, which was aged about two years, and holding it above his head by the heels, stretched the little one's limbs as far apart as possible, dropped it on the floor, repeating the operation several times, only ceasing when compelled to do so by the mother's screams. The child sustained concussion of the brain and died. The physician in attendance stated at the time that the child's death was caused directly by Fisher's horrible deed but as the man was greatly feared, as it was alleged then that he had openly declared he had already killed several persons, no action was taken. Miss Mutchler declares the story is absolutely correct and that she can be substantiated in it by the testimony of the physician and one or more other persons who know of the circumstances. As there is no legal limitation to the time in which a person can be tried for murder it is altogether probable that the district attorney will thoroughly investigate the story and if the evidence is sufficiently strong will have Fisher brought back to Sunbury and tried for the crime.

Three thousand extra policemen have been put on the force, and the Fencibles were called out. The authorities are considering the calling of the entire National Guard. The entire force of the State Constabulary is already on the scene of disorder. Strike Leader Pratt has been arrested, which has served to further inflame the strikers. Just what the outcome of it all will be is as yet an unsolved problem.

DEEDS RECORDED.

The following deeds have recently been entered on record by Recorder of Deeds Frank W. Miller:

A. C. Creasy and wife to Wm. McMahan for tract of land in Hemlock and Montour townships.

Lehigh Valley Coal Co. to Isaac Fetterman for lot of ground in Aristes.

B. R. Kessler and wife to B. F. Sweeney for tract of land in Pine township.

B. F. Sweeney and wife to Daniel Bitler for tract of land in Pine township.

Grace F. Bradbury et al to Geo. B. Markle for a tract of land in Scott township.

Henry Schlanger et al to Max Ecker for property in West Berwick.

Max Judkovics and wife to Max Ecker for property in West Berwick.

SATURDAY'S COURT.

At a short session of the court last Saturday the following routine work was done:

William J. Harris was appointed guardian of James Harris Shoemaker, of Hemlock township, and bond in the sum of \$2,000, with William Shoemaker as surety was approved.

Frank Ikeler Esq. was appointed auditor in the estate of Joseph W. Eves, late of Millville, deceased.

Christian A. Small was appointed master in divorce in the case of Mrs. Anna L. Bittenbender of Wilkes-Barre vs. H. W. Bittenbender of Jersey Shore.

HIS BIRTHDAY.

Genial Jerry A. Hess, county commissioner, celebrated his forty-fifth birthday last Saturday. No one would suspect that so many winters have passed over his head, but they evidently have, and passed pretty close to his cranium, for a number of his hairs are missing. Besides greeting his friends at the Court house, the day was observed by a dinner party at his home, gotten up by Mrs. Hess in honor of the event.

WILL SEW FOR HOSPITAL.

At a meeting of a number of ladies of the Presbyterian Church held at the home of Mrs. F. G. Yorks, it was decided that they would do sewing for the Hospital, stated meetings to be held for that purpose.

WELSH CHOIR CONCERT.

Probably owing to inclement weather, a small audience was present at the Columbia Theatre on Monday night to hear the Welsh Choir concert. Those in attendance pronounce it a very artistic and highly enjoyable entertainment.

MANY MAY GO MAILLESS.

Bill in Congress Would Limit Service to Users of Boxes.

Persons who live in cities and have no mail boxes in front of their residences are liable not to receive any mail after June 30, 1911. Certainly, they will not, if a provision of the Post Office Appropriation bill becomes a law. The provision prohibits any letter carrier from delivering any mail at any house unless there be a suitable mail box on the outside to receive it. It means that Uncle Sam is tired of having his uniformed carriers wait for persons to take their time in answering their door-bells.

After many experiments it was found that the average mail carrier loses about 30 seconds in ringing each door-bell and awaiting response. It is predicted that this provision will greatly increase the efficiency of the service and possibly reduce the number of carriers required. A saving of \$400,000 is estimated.

The vast expenditure required to meet the provisions of this bill in the way of providing new mail boxes is estimated at approximately \$20,000,000, as the average mail box costs a dollar.

Garman Liberal on License.

New Judge Explains That Every Unprotected Applicant Wins.

There was something of a sensation in Court at Wilkes-Barre on Monday when a large number of new applicants were granted liquor licenses. For years past the Court has refused to grant licenses for new houses.

Speaking for the Court, Judge Garman said it was within the power of the people to regulate the liquor traffic to a great extent, and where they failed to remonstrate against any applicant, whether he was old or new, a license would be granted.

Those granted licenses, however, will have to be on their good behavior, for if they violate the law they will be refused next year.

Dr. George G. Groff.

Major George G. Groff, M. D., Ph. D., LL. D., professor of organic sciences at Bucknell university, died suddenly at his home on College Hill, Lewisburg, Friday, at noon, aged 59 years. Dr. Groff has been identified with Bucknell since 1879, and since then he has been a resident of Lewisburg. During 1887-1888 he was acting president of the university. In public life Dr. Groff had been school director, coroner, assistant surgeon in the National Guard of Pennsylvania, a member of the State board of health and agriculture and a member of the State medical and dental councils. During the Spanish American war he served as a surgeon, and later was appointed superintendent of instruction in Porto Rico. Funeral services were held at his late home Sunday afternoon. Monday the remains were taken to West Chester, where the interment was made.

At Columbia Theatre.

"The Girl from the U. S. A." which appears at the Columbia Theatre, Friday evening, February 25th. is said to be a literary invention. It makes everybody sit up and take notice. Though showing in its evolutions the social life of the Orient in its two most striking phases, it is so vividly American in sentiment, so vigorously clever in dialogue and astonishingly true as to types and characters, that no one ever thinks that any of its exciting complications are other than the natural events of real life portrayed so strikingly. Of course it is a love story. A story of hate also with its twin Revenge; of unlawful desire and lawful triumph. And it shows in vivid gleams the complicated politics of other lands, and the close relationship of our own Government with the one Free Press on earth, whose mighty voice controls the world, and decides the fates of individuals and nations.

Food Too High For Church Supper

On account of the high price of food the members of the Ladies' Aid Society of the First Methodist Church of Media, have decided that a profit could not be realized and so they will not hold the annual church supper.

Poultry Association Meeting.

There will be a meeting of the members of the Bloomsburg Poultry Association at the Exchange Hotel this evening. At this time a full report of the recent poultry show will be given and premiums paid.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

Miss Julia Marlowe

"I am glad to write my endorsement of the great remedy, Peru-na. I do so most heartily."—Julia Marlowe. Any remedy that benefits digestion strengthens the nerves. The nerve centers require nutrition. If the digestion is impaired, the nerve centers become anemic, and nervous debility is the result.

SUFFRAGE BILL IN SENATE.

It Causes Excess Exhilaration on Part of Young Woman in Gallery.

Senator Borah introduced a resolution in the Senate on Monday for an amendment to the Constitution giving women the right to vote. A suffragette up in one of the galleries clapped her hands, and for a moment it looked as if the police might have to interfere or the Vice President command silence. The young woman, however, was taken to task by other women sitting beside her and subsided, to the great relief of the Senate.

The joint resolution provides that the Constitution shall be amended so that thereafter there will be no sex discrimination in the matter of suffrage.

Attended Reunion.

Mr. and Mrs. F. M. Gilmore and daughter, Mrs. H. D. Edgar, attended the reunion of the Fifth Pennsylvania Cavalry in Philadelphia on Tuesday. Mr. Gilmore was a member of this regiment for four years.

AS AGENT FOR THE Pullman Motor Car Company

I present herewith cuts of five of the best selling models of the Pullman Car for 1910.

MODEL 9-107 TOY TONNEAU CAR \$1650.00

The 1909 models have more than fulfilled their guarantees in all of the many tests to which they have been subjected.

MODEL K-10 ROADSTER \$2000.00

I have oversold my allotment for this year, and have secured a special option on a few cars for a limited time only.

MODEL N-10 TOY TONNEAU CAR \$2000.00

I am fully justified in saying that the Pullman is one of the most popular medium priced cars on the market today.

MODEL N-10 TOY TONNEAU CAR \$2000.00

I would urge prospective buyers to avoid disappointment by placing their orders as soon as possible.

MODEL N-7 PASSENGER CAR \$3500.00

I will be glad to furnish detailed illustrations of the different models.

C. W. McKelvy

BLOOMSBURG, PA.
