The following resolutions, says the Buffalo Courier, have been passed by the Whig Legislature of Massachusetts and signed by whig Governor. They are enough to stamp with eternal infamy and disgrace, those who have thus deliberately libelled their countryoutraged every principle of truth, patriotism and justice-and taken up the cause of our national enemies. Had these resolutions been adopted by the Congress of Mexico they could not have been more fitter in their decould not have been more bitter in their denunciations of our government, or characterised with more glaring falsehood in the statement of the issue between the two countries. They will go down to posterity twin brothers in many with the transon of Benedict Ar-nold, the proceedings of the Hartford convention and the intrigue with the Spy Henry. + Repleved, That the present war with Mex ice has its primary origin in the unconstituticities annexation to the United States of the loreign State of Fexas; that it was uncon-stationally commenced by the order of the President to Gen.
