OPINION OF THE PEOPLE. We give below a specimen of the many certifi-cates handed us every day and which we presume is sufficient to convince any person of the superiority of Dr. M. Lane's Vermifuge, over all other so

called Vermifuges.
This is to certify, that with Dr. M'Lanc Specific, a child of mine, 2 years old, passed 86 large worms, besides a large quantity of small ones; to produce this discharge, it only required two tea-spoonsful. The balance of the vial 1 gave to anther child 8 years old, which caused a discharge of 26 largo, besides a quantity of small worms.

Sin.—Sometime last January. I was taken with a violent cold, attended with a distressing cough, which in the course of a few days brought on a bleeding of the lungs, with much soreness of the chest, pain in the side and much soreness of the breast. After being confined to my bed for some days and getting no cetter, Mr. Pardke, formerly Deputy Sheriff of this county, the commended me to get a bottle of Dr. Bachan's Hungarian Balsam of Life. recommended me to get a bottle of Dr. Buchan's Hungarian Balsam of Life, observing that he had been similarly afflicted, and by the use of that medicine had been speedily and entirely cured. I immediately got a bottle, and after using it a short time the result was as he predicted—I got entirely well. From the bonefit I received from the Balsam and from the universal good name it bears among my friends who have used it for diseases of the lungs and chest, I am induced to believe it to be one of the best medicines ow in use for those diseases, and as such recommend it to the public.

Mr. E. Undanton, Ju.

Dear Sir.—This is to certify that my daughter has been troubled with Properties for a number of Years, attended with a constant by ad ebo and other distressing symptoms which factompany this disease. She visited Boston to avail herself of the justly eclebrated physicians of that city, all to no purpose. By the solicitation of a friend, I was induced to purchase a bottle of Dr. Wood's Sursapayilla and Wild Cherre litters. Before taking one bottle she was reduced entirely of the bealache, and after taking two or three bottles, the other symptoms entirely disantwo of three bottles, the other symptoms entirely disa

bottles, my daughter was happily restored to perfect health. I have the highest confidence in this medicine, and shall cheerfully recommend it to my friends.

The cure described in the above critificate of Mr. White is by no mearns a singular one. There are hundreds who have been cured from the most acute or long continued disease, by the use of this excellent and highly popular reandly. The proprietor recommends it to the public with the almost confidence, for in all cases where it has had a fair trial, it has succeeded beyound the capectations of the patient or even his own. The care, with which it is prepared and the intrinsic excellence of its inaterials, should sorder, and have see ared for it, a character which it describes. The prejudice usually existing against advertised medicines would not be merited if hestowed on this, The winderful enter it has performed, and the acknowledged only brity of its principal constituents, should at once recommend it to the public favor.
