Sin.—Sometime last January. I was taken with a violent cold, attended with a distressing cough, which in the course of a few days brought on a bleeding of the lungs, with much soreness of the chest, pain in the side and much soreness of the breast. After being confined to my hed for some days and getting no tetter, Mr. Pardke, formerly Deputy Sheriff of this county, recommended me to get a bottle of Dr. Buchan's Hungarian Balsam of Life, observing that he had been similarly afflicted, and by the use of that medicine had been speedily and entirely cured. I immediately got a bottle, and after using it a short time the result was as he predicted—I got entirely well. From the benefit I received from the Balsam, and from the universal good name it bears among my friends who have used it for diseases of the lungs and chest, I am induced to believe it to be one of the best medicines now in use for those diseases, and as such recommend it to the public.

The cure described in the above certificate of Mr. White is by no mears a singular one. There are limited by who have been cured from the most neute or long conflued disease, by the use of this excellent and highly popular remedy. The proprietor recommends it to the public with the utmost confidence, for in all cases where it has hall a fair trial, it has succeeded boyound the expectations of the patient or even his own. The care with which it is prepared and the ministic excellence of its materials, should secure, and have secured for it, a character which it deserves. The prejudice usually existing against advertified medicines, would not be merited if bestowed on this.
