The Washington Union, by authority part of the city. of the President, denies the assertions of the Rev. Mr. McCalla in relation to the Rev. Messrs McElroy and Rey, and adds:-

"It is proper to state also, that neither at the time the Rev. The Presdent is too cautious to make a confidant of a leaky and erratic clergyman like Mr. McCalla, and he has too high a sense of Lis own duties, and appreciates too keenly the rights and feeling of others, to indulge a design so tike and degrading as that alluded to in Mr. McCulla's letter, and by him alleged to was supposed had been taken. be entertained by the Executive in regard to the Catholic chaplains.

It is the province of the Chief Magistrate of this great country to submit to abuse without the opportunity to reply. But in the present instance, the charge is one that demands the answer we have given to it, if only as an act of justice to the intrepid men who accepted the appointment conferred upon them by the President, and discharged its duties in so noble and christian a spirit."

COL. DONIPHAN AT HOMB. - The reception of this gallant and able soldier, at his own home, in Liberty, Clay county, Mo., was most gratifying. The Liberty Tribune says, Crowds began to pour in from the country, the day beforehand. By night not a tenantable place was left unoccupied-every house was crowded from basement to attic, and not a few lay star gazing in the Court House yard, the blue arch of Heaven their only canopy. Next day, the 15th inst. from earliest dawn until ten o'clock, continual streams of men, women, and children, poured in from the country-in fact all Clay county emptied itwelf right here, while Platte, Jackson, Ray. ANOTHER CHANGE.-After being defeated under every name which they have borne-Federalists, National Republicans, Anti-Masons, Whigs of Native Americans; - and atter ridiculing and denouncing the democrats as Jacobins, Destructive, Agrarians, and Loco Focos: our Federal opponents are actually on the eve of trying to take to themselves that appellation which they have applied to us only in decision and contempt. Their candidate for Congress in the first district in Indiana lately (as we suppose to pave the way for its assumption by his party;) declared that the name of Loco Foco did not belong exclusively to our party:—that it could properly be claimed by the Whigs! CORWIN AND THE OHIO VOLUNTEERS. -The Crowfordville (Ind.) Review says that "Lieut. Col. Henry S. The great denand of this most important work (or which thousands are sold) has compelled the issue of another edition. It is intended especially for the married, as it discloses important secrets which should be known to them particularly. Here every female can discover the causes, symptoms, and the most efficient remedies and most certain mode of cure, in every complaint to which her sex is, subject.

Married Females would here learn the art's whereby they would retain their youth, beauty, vigor, elasticity of body and buoyancy of spirits to an udvanced ago, instead of being afflicted, as hundreds and thousands, into whose hands this book has not fallen. This work is designed to be in the hands of every wife and mother who has a regard for her own health and welfare, as well as that of her husband.

The revelations contained in its pages have altered by proved a blessing to thousands, as the innumerable letters received by the author will attest.

It is of course impossible to convey more fully, in a public journal, the various sulfocts treated of, as they are of a nature strictly intended for the married, or those contemplating marriage; noither is it in eccessary, since it is every one's duty to the married, or those contemplating marriage; noither is it in eccessary, since it is every one's duty to the married, or those contemplating marriage; noither is it in eccessary, since it is every one's duty to the content of the house of the cure of requestation of the cure of requestation for the cure of the cure of the cure of the cure of the house, and they are in the cure of t

A VALUABLE ANTI BILIOUS MEDICINE:

It is well known that the South and West suffer more from bilious disorders than from all others combined.—
This is partly owing to the climate, but chiefly to the nature of Southern and Western life. The sensations accompanying liver complaints are of the most wrethed description. Habitual drunkenness is frequently brought on by liver complaint. A patient suffering from this discass, should not be mocked with protended cares; yet there are very few modicited there are worth a straw in the removal of this complaint.
