It increased domaind for Dr. M'Lanc's Liver Pill, since their introduction by us as his agents, has far exceed our most sangaine expectations hit is how about tou years since they were brought pefore the public. During this time bundreds of certificates have been headed us testifying to their efficacy, and stating the very great rehish they had derived from the use of them. We have move in our possession many certificates from respectable pursons, who have used by M LANE SLIVER PILL: with the most happy results, where every other known remedy had been used in vain. Also, quite a number of regular physicians, of good standing, through the country; are using and recommending them in their practice.

It has been que sincere wish, that these Pills should be fairly and fully tosted by experience, and stand of fall by the effects produced. That they have been so tested, and that the result has been in every respect favorable, we call thousands to witness, who have experienced the in beneficial effects.

Then typosesses these valuable properties, is fearlessly ascrete—still claiming the additional advantages of heing given in small bulk, and requiring uone of the drenching which Worm Tea and other supposed Vermifuges demand. During its brilliant career, it has been introduced into many families, where every other known and accessible Vermifuge has been tried without the least success, where it has promptly expelled Worms to an almost incredable amount.

As evidence of the surprising effects of Dr. M'Lune's Worm Specific, we give the following:

Ou Saturday, Fobiuary 7th, 1846, Mr. James Richardson called at the Drug Store of J. Kidd, & Co. coruer of Wood and Fourth streets, Prisburgh, Pa. and made the following statement: "A child of mine had heen very sick for some ten days—we had give her purgative medicines but it had done her no good. One of our neighbors came in andsaid it was worms that were destroy my the child, and at the same time spoke of the wonderful effects she had witnessed from using Dr. M Lane's Worm Specific, in that neighborhood. We procured a vial—jane one teasponful, and the child discharged forty-two worms. I then give another teaspoonful, which brought forty six more, making in all eighty-oight worms. As a duty I owe to you and the community at large, I freely make known these facts. My child is now well. What is most remarkable, the Worms setter I gave it to the child
