Another Federal Lie Refuted.

From the Democratic Union.

The North American of the 27th inst., came o us charged to the muzzle with several columns of libelious statements, and forged affidavits. The whole burthen of their proof seems to rest on what purports to be an affidavit of G. H. Morgan, and Augustus Sprigman. What will the honest voters of Pennthe proof which we append, will enable the reader to see the whole plot of federalism as clear as the light of day.

Seth Salisbury, whose veracity is on a par with his intelligence and capacity, has hired himself as an understrapper to the Mexican whigs, to get up an atrocrious calumny on the Hon. Jesse Miller and H. Petriken, Esq.—He accuses them of having been instrumental in the nublication of the many slorades of the property and statement of the property understood.

Address of G. H. Morgan's until I saw it published in the North American of this morning and I never gave it my concurrence .-The whole thing, therefore, so far as I am

concerned, is a forgery. In regard to the affidavit purporting to be signed by me, also published in the North American of this Morning, I desire to say, it is entirely different from the one sworn to by me before David Harris, Esq. The affidavit made by me before Squire Harris was merely in regard to the identity of two papers, and had no reference whatever to the Hon. Jesse Miller and Henry Petriken Esq., as Mr. Harris will well remember.—Further than this, I desire to say, that to the best of my knowledge and belief, Messrs. Miller and Petriken never wrote any of the articles for the Champion referred to by the North

Another Refutation

Since the above was in type, we find in the ennsylvanian, of the 25th instant, the folwing letter from EMANUEL GERMAN, a young man of character and ability, well known in Harrisburg, which is so clear and unequivocal contradiction of the slanders against Mesers. MILLER and PETRIKES, that we publish it as idditional testimony if any were wanting to contradict the slanderous publications of the North American.

LESTIMONY OF MR. E. S. GRAMAN OF PHILE ADELPHIA.

To the Editors of the Pennsylvanian: Gentlemen-My attention was called to an article in the North American and United States Gazette, of the 28d inst, over the signature of Seth Salisbury, charging Hon. Jessr. Miller and History Petriker with the Democratic Champion, of Harrisburg, during the compaign of 1843-44. I happened to be connected with the paper directly after it was first started, till its discontinuance, and know disgraceful a project, as he would be unable the authors of all the articles published front to sustain the charges he intended preferring that time forward; and I am ready now to testify that to my certain knowledge Jesse Miller and Henry Petriken, in their letters tory of these manuscripts, so far as my per-sonal knowledge extends.

the truth: I was not the author of those bitter articles against Mr. Multlenberg and others-but I know who was. The author was a person who is in no way connected with he administration, nor has he been at any time since it came into power. I sav. forther, that there was no such endorsement on the manuscripts as is alleged by the North American, at the time they were hauded in for publication, or at any subsequent time by those who were connected with the paper and know the author or authors. They are spurious, even if they had been made. All the articles passed through my hands previous to publication. The assertion of Salisburg that Miller and Petriken are the authors of the articles in question, is a base falsehood: and I stand ready to prove him a har before any logal tribunal. Yours, respectfully, E. S. GERMAN.
