

Later from Mexico.

Highly important news—Hostilities renewed. The following letter is to the Sun of Anahuac, dated Puebla, Sept. 11th.

Letters arrived here from Orizaba, stating that an express had arrived there on his way to Orizaba, sent by Gen. Leon, and that the said express had brought letters from Mexico, dated the 9th inst.

The letters say that Mr. Trist's propositions were, that the citizens of the United States would not have anything to claim from Mexico for damages occasioned by the war.

From the Diario del Gobierno. At half past 4 o'clock this morning the Americans attacked the position of the Mills of El Rey, close to the fortress of Chupultepec.

When Gen. Frías abandoned the Mill of Rey, the bombs discharged from Chupultepec fell among the ammunition wagons of the enemy in the yard of the mill, causing four of them to explode.

On Sept. 12th at 5 o'clock in the morning the bells awoke us by the announcement of an alarm by the batteries of San Antonio and the corresponding batteries of the enemy.

Parades were said to be on the road between Vera Cruz and Gedice, with a large force of guerrillas. The Sun of the 16th says that troops have been arriving in great numbers from the Brazos for the last few days.

On the 6th Gen. Scott addressed a letter to Santa Anna from Tacubaya, accusing him of having violated the armistice, one of which says, that of not allowing the American army to obtain supplies from the City of Mexico.

On the 7th Gen. Herrera, as commander of the City of Mexico, addressed the clergy, exhorting them to exert all their influence to invite the people to arm themselves, and prepare to resist the American army.

We understand the Telegraph will be completed to this city in the course of a week or ten days.

The Gazette this week contains the North American and Salisbury falsehoods in regard to Messrs. Miller and Petriken. Expecting that such would be the case from the imitation thrown out last week, we have devoted our outside this week to a full exposure of the whole matter.

The important news from our army in Mexico must be taken with great allowance for the errors from which it is derived. It will be seen that there is nothing but Mexican authority for the whole of it.

Don't be deceived, Democrats, by any eleven hour affairs—they are invariably lies! Don't be deceived by the promise of your neighbor to stay away from the election.

Don't be deceived by the thought that your vote will not be needed—every vote counts and serves to swell the aggregate in the State at large!

The New York True Sun says that Gov. Young, of New York, has removed the condition from the pardon formerly granted to Smith A. Boughton, Moses Earle, John Van Steenberg and Edward O'Connor, convicted of participation in the "Anti-Rent" outrages in Columbia and Delaware Counties in 1845.

The Toledo Blade in noticing the book says "we have seldom read a volume of greater interest." The Blade is the editor of the Corwin stripe in Whig politics, and we should be pleased to have seen its editor about the time he was so "greatly interested" with the following in the said book.

The Spirit of the Times says a gentleman placed in our hands a few days ago, a newspaper containing the election returns in the State in 1793, when Thomas McKean was the Democratic candidate for Governor, in opposition to James Ross, the well known Federalist.

The Church of Pilgrims, Boston, has resolved to dispense with choir singing, when they enter their new house of worship, and restore the mode of congregational singing after the manner of the puritans. Fudge!

A patent has been taken out for dispensing with sewing in the manufacture of shirts, collars and linen articles. The piece are fastened together by indissoluble glue. What next?—Ex. Paper.

Why, pass a law to protect the manufacturer, or hell certainly be "ruined" by the competition of the "pauper labor" of Europe.

Capt. Wilkiss, formerly of the Missouri, we understand, has purchased an interest in the Rochester, and has assumed the command of the boat. The public will be rejoiced to hear that this old favorite is again about to their rooms for some weeks after at Tuesday.

UP BOYS AND THEM!

Democrats of Erie county, on Tuesday next you will again be called upon to record your votes against that ancient enemy of those principles and measures which you deem all essential to the well being and future prosperity of the State and Nation.

THE PROSPECT.

We have said but little heretofore about the election—indeed, in this county both political parties have been unusually quiet; but nevertheless we believe there will be a respectable turnout.

Resolved, That a proposition has been made to this Senate for the adoption of sundry resolutions, expressive of their sense of the gallantry and good conduct exhibited by Capt. Jas. Lawrence, commander of the United States ship of war Hornet, and the officers and crew of that ship, in the destruction of his British Majesty's ship of war Peacock.

"GLORY—WHAT IS IT?"

Revised and Corrected from the last Gazette. "Is it to go into the battle-field and slay your human life?" No! but it is to win the glory of Henry Clay.
