The Question Settled!

WillLE various speculations have for some time absorbed the public unind in relation to the cause of so much dark weather, it has recently been discovered that it is the effect of such immense piles of Goods (on piper) as have been heralded forth by all the public newspapers of the place, since the feturn of a few of our merchants from New York, Bos on and Philadelphia. Believing this to be the case, and knowing that the notice of our Stock would most likely produce totalidarkness, we have until now, deterred any ne tice of it, and in doing so we world ask the good citizens of Eric and Vicinity to beer with us, i another digit of the Sun's disc be intruded apor by our piles of New Goods, and console them selves while carrying off the precious parcels, that as the pile grows less the darkness gradually recdes! [] Come on then, and avail yourselves of the op
