Dr McLANE'S LIVER-PILLS

FOR THE CURE OF THE HEPATITES. OR LIVER COMPLAINT, DYSPEPSIA AND SICK HEADACH.

This remedy having been for several years employed by the proprietor in his practice on a very large scale in Mononghealia, Preston, Har-rison and Randolph countries, Virginia, besides several other places, and having been attended with the most happy effect, he has been from time to time solicted to adopt such a source as would give it a more extensive circulation, with a view to lesson the amount of human sufering. Aware of the fact that many useless nostrums have been palmed upon the public, he hesitated several years, until thoroughly convinced that the above medicene, if properly used, would not fail to effect cures in a great many instances, and even to afleviate those cases which are quite incurable. to time solicted to adopt such a source as would Symptoms of a Disseased Liver.—Pain in the right side, under the edgs of the ribs, increased on pressure. Sometimes the pain is in the left si le The patient is hardly able to lie on the left side Sometimes the pain is under the shoulder blade It frequently entends to the top of the shoulder and is sometimes mistaken for rheumatism in the right arm. The stomach is effected with loss of appetite and sickness - the bowels in general are costive, sometimes alternating with lux -- the head is troubled with pain, accompanied with a dull heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A sligh: dry cough is sometimes an attendant. The patient complains of weariness and debillity.— He is easily startled - his feet are cold or burning -and he complains of a prickly sensation of the skin. His spirits are low—and although he is satisfied that exercise would be beneficial to him, yet he cantecarcely summon up fortitude to try it. In fact he distrasts every remedy. Several of the above symptoms attend the disease; but cases have occurred where few of them existed, yet ex

Dr. MºLANE'S

SURPRISING CURE. Lowell, Trumbull Co. Onio, March 6, 1647
Messrs Kuld & Co.—Unsolicited I send this
testimonial concerning Dr. C. M'LANE'S
WORM SPECIFIC. About seven years since I

was called upon to visit a young women about twenty seven years of age. I found her laboring under strong symptoms of Prolapsus Uteri. She informed me that she was unwell for something like eight years, and that she had been treated by several of the neighboring Physicians, who failed to effect a cure—und in fact had spent all she had —and was still in no better condition then when she commenced taking their medicines, and was compelled to work what she was able for her board. The Physicians to whom she had applid, had uniformly treated her as in case of Prolapsus Uteri, and other complaints peculiar to females.

For six or eight weeks I treated her case as of the above m ntioned, without any beneficial effect. She was taken with vomiting blood, and from some other symptoms that existed at the time, I was forced to the conclusion that she was troubled with worms, and told her what I thought about it, and proposed that she had better take some worm medicine; but she was highly oftended at the idea of her being troubled in that way— She said it was all perfectly nonsensical that the other physicians never hinted it to her—and she therefore thought it useless. I finally pre-vailed on her to take some of MLANE'S AMER-ICAN WORM SPECIFIC, one bottle of which she was to take at two doses, and the result was she passed three hundred and ninety-seven nine ty of which were ig one knot or ball, and required the assistance of a neighbor women that was in to take their from her. I saw her, and she then told me the worms were all large. I then propos-ed to give some more of the same medicine, and the same prescription as before, which was done—und the result was, she passed four hundred and fifteen worms, that he counted, besides a number

that were nor counted.

After she passed the worms her ordinary health returned—and since that she got married, and raised a small family, and s.ill continues to have other establishment in town. Please call and other establishment in town. raised a small hours, c. her health. Yours, c. JOHN BUTLER, M. D. Butler's lette

CONSUMPTION CURED—TRIUMPHANT SUCCESS
OF BUCHAN'S HUNGARIAN BALSAM OF LIFE.

THE GREAT ENGLISH REMEDY for COLDS, COUGHS, ASTHMA, and CONSUMPTION.

THE MOST CELEBRATED and INFALLIABLE remedy for Colds.
Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by Dr. Buchan of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUNPTION, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES, that can be found in the community—cases that seek relief in vain from any of the common ramedies of the day, and have been given up by the most distinguished Physicians as CONFIRMED AND INCURABLE. The Hungarian Balsam has cured, and will cure, the MOST DESPERATE OF CASES. It is no quanck nost trum, but a standard English Medicine of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hongarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a presentive medicine in all cases of Coldes (Coughs, Spitting of Blood, Pain in the Side and Chees, Irritation and sore and sore of the Coughs, Spitting of Blood, Pain in the Side and Chees, Irritation and sore of the Lungs, Bronchitis, Difficulty of Breathing, Heetic Fever, Night Swats, Enmediation and General Debility, Asthma, Influenza, Whooping, In case of actual disease of the Lungs, or seated Consumption, it is the CONLY SOURCE OF HOPE.
