one of the GREATEST DISCOVERUS: PTHE AGE. It is now nearly two years since I commenced using it in my practice, and I have tested it in eases of Influence it in my practice, and I have tested it in eases of Influence in it in my many influences as even where all internal simples failed, I have succeeded with this.

I have treated cases of Influentian of the Brain, Influentation of the Longs, Influentian of the Howels, Influentian of the Howels, Influentian try Rheum thus, and Child had Peyers, with parfect success, also cases of Searlet Peyer, Canker Rash, and Ulcerated Throat and Lungs with like success.

In the Epandemic known as the Puttal Erysipelus, by which so many valuable lives were lost, I tested it frequently, and it never failed of offerting a speedy and certain cure.

In cases of Burn, Sprains Bruiz's, Frozen Limbs, &c. quenty, and it never torted of concerns and traincure.

In cases of Bur in Sprains Bruiz's, Frozen Limbs, &c. it acts like a charm.
