☞ "The John Donkey," is the title of a new publication similar to the defunct "Yankee Doodle," the first number of which has been issued in Philadelphia. The "John Donkey" will undoubtedly follow the footsteps of its "illustrious predecessor," and find its soul in a "Donkey" heaven ere many moons.—Such unsuccessful attempts at wit, will certainly kill even a jackass.

☞ As announced in our last, the present number of the Observer is issued and mailed on Friday morning, to enable all hands to participate in the festivities of New Year day.

☞ We invite the attention of the reader to a brief, but comprehensive abstract of Mr. Walker's financial report, on our first page.

☞ The Troy Budget says the Troy Nail Works have cleared this year 42 per cent. upon their capital. Where is the ruin that is to come from the new Tariff.

☞ A Lancaster paper states that a Clergyman of that city has, during the last 20 years, married no less than twothousand eight hundred and fifty couple! What a generation to rise up and call him blessed!

☞ Col. Clay, Democrat, has been elected a delegate to the Legislature of Virginia, over Morgan, id the strong whig county of Campbell.

☞ The Western papers are filled with accounts of the disastrous effects produced by the recent severe freshet on the western rivers.

☞ The Gazette has an article on "President Polk's Message," in which, from a hasty glance, we see we have come in for a share of its censure. We have not time this week to look over our cotemporary's lucubrations, but will endeavor to do so in time to have a word or two to say in our next.

☞ Hon. Dixon H. Lewis has been re elected Senator from Alabama. Although a sound and consistent democrat, we have never heard it charged by federalism that he is not capable of *filling* his seat.

☞ We are indebted to Hon. Daniel Sturgeon for the debates in the United States Senate, published by authority.

☞ It is understood that Gen. Cass will soon present to the Senate a series of resolutions in relation to the war.

☞ Are the ladies aware that Leap Year commences to-day, when they can leap over all obstacles which custom has raised? Look out, old bachelors!

☞ Not much of interest having transpired in Congress since our last, we have not thought it worth while to occupy space with a synopsis.

Since the departure of the last Steamer, the Corn market has been greatly depressed by a slackened demand in the interior, which with other causes has considerably deadened its activity.

White Indian Corn and Corn Meal have been equally depressed. The latter are in very sluggish demand for Ireland.

In the London market yesterday, although the arrivals of English wheat for market had been exceedingly light, the business transacted was scarcely noticeable, save for some selected parcels, which brought average prices.

Flour has fully receded from 6d to 1s per bbl.

In this market for Cotton, a slight improvement had taken place towards the last of last week, but was quickly arrested by advice received by the Caledonia, as to the flourishing condition of the growing crop, and of the deterioration of price in the American ports.

The British Parliament for some days has been engaged with the subject of trade and the financial conditon of the country. It is expected that measures of as alutary character will be introduced.

The state of Ireland is truly frightful. The land reeks with assassination from one end to the other.

Government has proposed a coercion bill of a very mild and moderate character.

In Switzerland the civil war has been virtually terminated, by the surrender of Luzerne to the troops of the Federalist. The Sunderbund is disolved.

The affairs of Italy are in a fair way of adjustment.

The Pope has opened the new Council of State at the Vatican, and his speech elicited unmitigated approbation

The Royal Bank of Liverpool has resumed business under favorable circumstances.

☞ We are about to present through the columns of this paper to our readers, sick and well, wherever, they may be, a series of weekly notices, concerning that celebrated medicine, which has made so many and various cures in this and other countries during the past five years. VEGETABLE LITHONTRIPTIC MIXTURE is the article to which we allude. We frankly say that we have been astonished at the success of the article, and further, that web lieve it has great virtue or it would not have established the fame for itself which it certainly has. We are not one of those who believe human nature is so easily gulled as many are apt to imagine, and a worthless nostrum cannot root out itself very years, it is out of the question.—here is a short extract from a letter, shown us by the Agent—"I thought I would test the article myself for weakness of the kidneys, before introducing it, a single small bottle instantly relieved me. I then offered it to my customers for all kinds of complaints—resolved to test it severely. I was astonished at its results in all cases, and must subscribe to the theory of a universal remedy, &c. Dated Enfield, Ohio, July 18, 1846. L. L. Adams, Druggist &c." Reader go to the Agent, get a pamphlet, and learn more. His location is seen under the advertisement of GREAT AMERICAN REMEDY.

☞ All those who are afflicted with Scrofulous Affections, ulcers, cutaneous eruptions secondary syphilis, chronic rheumatism &c., are recommended to try G. W. Merchant's Improved Compound Sarsaparilla, as it is compiled by every one who has used it to be the best article of the kind now before the public. It is prepared without the aid of heat, which secures all the virtues of the Sarsaparilla in a more active form than by any other process, and renders it one of the most efficacious remedies of the day, for the above diseases.

## DR TOWNSEND'S SARSAPARILLA

THE MOST EXTRAORDINARY MEDICINE IN THE WORID.

This Extract is put up in quart bottles; it is six times cheaper, is plea-anter, and warranted superior to any sold It cures diseases without vomiting, purging, sickening or debilitating the patient.

GREAT FALL AND WINTER MEDICINE.

The great beauty and superiority of this Sarsaparilla over all o her medicine is, while it eradicates diseases, it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success It has performed within the past two years, more than 35,000 cures of se vere cases of diseases; at least 20,000 of these were considered incurable.

More than 5,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
4,000 cases of General Debility and Want of Energy;
7,000 cases of the di ferent Female Complaints;
2,000 cases of Scrofula;
1,500 cases of Disease of the Kidneys and Dropsy;
8 000 cases of Consumption;

And thousands of cases of diseases of the blood, viz; Ulcers, Erysipelas, Salt Rheum; Pimples on the Face, &c., together with numerous cases of Sick Headache, Pain in the Side and Ches, Spinal Affections, &c, &c.

This, we are aware, must appear incredible, but we have letters from Physicians and our Agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq one of the most respectable Druggists in Newark, N. J., informs us that he can refer to *more than 150 cases in that place alone.* There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the preventive of disease known. It is absolutely saved the lives of more than

3,000 CHILDREN THE PAST SEASON.

As it removes the cause of disease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system even when the limbs and bones are dreadfully swollen.

☞ Hon. Job Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. the following is an extract of a letter received from him:

*Dr. Townsend!* I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a Chronic Rheumatic pain to which I am subject, from my recollection several years, ago, as a public stage. Please send me two bottles to the care of Dr. Seymour I have conversed with two of our principal physicians, and they recommend your Sarsaparilla.

SETH TERRY.

Hartford, March 12, 1845.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic flush, Night sweats, Difficult or profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business. Within the last few years it increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regularly night sweats; I abandoned my friends and my self as I supposed that I would die with the consumption. I have the happiness to inform you that to my surprise, after using three bottles of your sarsaparilla, I find my health restored. It relieved me gradually and I am now enjoying much better health than I have had for 26 years. I had always enough left my appetite, which is also returned. You are at liberty to publish this with my name, in the papers, if you choose.

My friends, who is large, are also, had a very bad cough the whole of last winter. While using the medicine I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and hearty as any child I ever saw. She was also full of little bio-ches; it took them away and her skin is smooth and fair now; and I am satisfied she recovered her health from using your excellent medicine.

S. W. CONANT.
441 Bowery.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, are out of Spirits use a bottle or two of the Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

TO MOTHERS & MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints.—No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the diseases to which women are subject.

It brings the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation which is the case of most medicines taken for female weakness and disease.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN

*Dr. Townsend*—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores, have taken only four bottles; it took them away, for which I feel myself under deep obligation.

Yours, respectfully,
ISAAC W. CRAIN, 106 Wooster-st.
New York, March 1, 1847.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla, Elexirs, Bitters, &c. &c.—They generally put it up in the same shaped bottles, claiming that theirs is far superior and four times stronger than Dr. Townsend's, &c., hoping thereby to deceive the public. Some of these unprincipled men publish counterfeit certificates; others have induced their brothers and others interested persons to allow the use of their names, to which they put Esquire, to give them respectability. One makes a medicine, and puts it with respectable names procured by using Dr. Townsend's Sarsaparilla, publishes them as cured by his stuff. He also publishes the certificate of a person who styles himself an M. D., who mends, nose, digs Wells and doctors horses by turning a fit clo-h. The also publish certificates signed by fictitious names stating they have used Dr. Townsend's Sarsaparilla, and that it injured them &c. These and a great variety of other tricks are performed by these men to sell their trash.—The public should be on their guard, and look out for counterfeits.

*Notice.*—After the 1st of January, 1848, none will be genuine unless they are put up with a magnificent copper plate label, containing the fac simile of Dr. Townsend's name, thus—S. P. TOWNSEND.
