TEXAS A FREE STATE .- A highly intelligent correspondent of the Christian Watchman, writing from Washington, thus speaks of the prospect of Texas soon becoming a

free state: "I have good reason to believe that Texas is to become a free state at no distant day. This comes to me from a gentleman of Texas, in whose means of knowing, and ability to form just opinions, I have great confidence. He says the Germans now coming in by ship-loads, and settling under the supervision of the agents of their princes and nobles, who have obtained large tracts of land, are, to a man. opposed to slavery, and this has been already manifested in their local elections; and, indeed, that Gen. Hous-ton was compelled, by file force of popular opinion, to divest himself of his slaves, in order to secure his re-election to the U.S. Sennte."

SET 'EM UP .- The Buffalo Express, a leading whig paper, in speaking of the remarks of Mr. Hale of New Hampshire, the abolition Senator, on he war bill, says it seems to have been a characteristic sort of display -coarse, puerile and illogical. Hale came to the House in 1843, and signalized his advent by a noisy, vulgar attack on West Point Academy-then the usual target for new fledged demagogues-and his whole Congressional career was in keeping with its commencement. And his subsequent association with the "liberty men" has made no sensible improvement either, in his manners or taste.

IDOLIZING TRUTH .-- Mr. Clay in his late speech, says, that Gen. Taylor ordered his cannon opposite to Matamoras, "while Mr. Slidel was wending his way to Mexico with his credominis."

The "truth" is Gen. Taylor was not or dered from Corpus Christi to the Rio Grande, 'ull it was known to the Administration that the Mexican Government had refused to receive Mr. Slidel !

Mr. Clay asserts that General Taylor's "good sense" prompted him to believe, in the begining of the year 1846, that our army ought to remain at Corpus Christi. The "truth" is Gen. Taylor ADVISED the

forward movement of the army to the Rio Grande ! Mr. Clay asserts that the war of 1812 was

one "purely of defence." The "truth" is the invasion of Canada,

tas the first act of our country in that war ! Mr. Clay asetrs that the justice of the war of 1812 was admitted by the Federal Jarty. The "truth" is directly the reverse, so far as we crn judge from the recorded opinion and acts of the leaders of that party in Mass-

achmetts and elsewhere ! The foregoing statements in the speech of Mr. Clay are truly 'temrakable, considering supplied. that he alm st idolizes truth !-- Richmond

Luquirer.

Of a medicine so universally known and escened as wright's INDIAN VEGETABLE PILLS, it is hardly necessary to speak in detail. At no peri-od of its history has the reputation of the medi-

Coincidence of the Reripture Mode of Curing Bivenses, AND TIAT IN THE PROP MCALING FS 182% ALL-ELS ALING ONE of the most interesting facts recorded in t'e Bible, is that which relates to the treatment of the sack and the cure of disenses. Most persons, perhaps, may not be aware that the Bible, from beginning to emit, makes mea-tion of but one method of healing the sack, and that is by external application. It may affer topped strange that a work so comprehensive, taking its date from the foun-darion of the word, e. embody one such as mount of use full and practical information, and extending by the faitory, experimes and invention of so many generations of men, as the Bible, should trach but one mode, and user hint in any other, of healing the maladies of offen in all the passing ages of the world. Is it mut therefore, a little curious to compare the simple but effectual method of co-ring the sick recorded in the S riptures, and the pre-sont day?
