THAT CONTROVERSY .- It is a waste of time and room discuss the difference between "internal improve-"and "harbor and river improvements," with the commercial. The Gazette, better authority than the ommercial, acknowledges that so far as the "opinions Gen. Jackson and Professor Wayland" go, we have, stained our position. What was our position? First, the ammercial has not a word to say in regard to the alteron made in the resolution adopted by the whig ratificagmeeting, in regard to "harbor improvements." CRULLTY REFISED .- Our amiably soft cotemporary of the Gazette is the butt of every wag in the whig party; pour into his car "cock and bull" stories about any, and everything, knowing well that the next Gazette will usher them "into this breathing world scarce half made up." and that he and he alone will be standing with mouth Stape, wondering what every body else is laughing at .--For instance, look at the "Reminiscence" which he gue publicity to, last week, at the instigation of one of these wags, and then had to back out of it on Thursday. A man is not to blame, certainly, for a lack of common Mase, and it is cruelty refined for those acho are wiser to play off their pranks upon him in this way.

ISDEPENDENT TAYLOR CONVENTION IN BALTIMORE. The Independent Taylor men of Maryland who were tahen all aback by the letter of the Whig committee in Louisiana, Intend to call another State Convention in Balumore the latter part of this month. By that time they expect to receive Gen. Taylor's acceptance of his nomination in Philadelphia, and his answer to the independent Taylor men in Baltimore, in regard to judge Saunder's statement. His independent friends will then act showingly on matters which at present they consider somewhat obscured. If the General should refer them to the Allison letter, the last he said he intended to write, they will be still more puzzled than by the Whig Committee's Card.

GIN. TAMOR.-The New Orleans Bulletin says Gen. tion for the Presidency, by the Philadelphia convention. vails, and it appears that open discord reigns there, The protest against the Treaty of Peace made by the Deputies of Tamaulipas, New Leon, and other States, to the number of nine, has been adopted with ardor by the people. This proves that the period is not remote when Mexico will be dismembered into small republics.
