A CRAW-FISH EDITOR.—Our cotemporary of the *Gazette* is proving himself to be an adept at craw-fishing—a perfect steam-engine at *backing out*. Two weeks ago he asserted positively that this "paper, under the control of its present editors, insisted that Mr. Polk was heartily with the citizens of the lake region" in regard to river and harbor improvements; "that he was disposed to go farther than most of them, that he was so ardent and radical that he wished the proceeds of the sales of the public lands to be entirely withdrawn from the States, as the whigs desired, and appropriated to the improvement of rivers and harbors." This statement we denied and called for proof. The next week our veracious editor *craw-fished*—actually backed out, but in order to excuse himself, asserted that we "however, attempted what was scarcely less objectionable, viz: to exhibit Mr. Polk in the light of *a decided friend of Rivers and Harbors*—or, in the *other words, as desiring national appropriations for the purpose of improving them.*" This he said he "asserted without fear of *contradiction*," and dared us to "*deny* it." Well, we did deny it, and called for proof—actually *rubbed the denial under his nose*, and invited investigation. Thus cornered—thus branded with falsehood—thus kicked, cuffed and driven to the wall—in this week's paper the fellow makes a clean breast of it, and after quoting a couple of paragraphs from our paper under date of October 5, '44, asserting that "it is false that *Judge Thompson* (not President Polk) is opposed to the improvement our, and all other harbors," and asserting that "*he is now, and always has been, in favor of Government retaining the funds derived from the sale of the public lands and apply it to the completion and construction of harbors!*" —he says he "*erroneously* placed Mr. Polk in Judge Thompson's position." Aye, very true! but what right had *he* to "erroneously place Mr. Polk in Judge Thompson's position?"—what right had he to falsify the facts. True, it is said "when *ignorance* is bliss, 'tis folly to be wise;" but in this instance we think there is very little bliss connected with the position this professor of *craw-fishing* has placed himself. He evidently feels uncomfortable, hence he endeavors to argue, by "constructive inference," as he calls it, that because we asserted that Judge Thompson was in favor of certain measures, we also asserted Mr. Polk was! What nonsense! For the *honor of the profession*, if nothing else, we hope our cotemporary will forbear in future from indulging in such *childish* prattle. It may do well enough for a man when he wants to see how big a fool he can make of himself, but for a grave and dignified member of the corps editorial, it is rather small potatoes, and few in a hill.

"THAT CONTROVERSY," AGAIN.—Like any other child with a tin whistle, the "Esq." of the *Commercial* continues to blow his shrill notes to the same tune he commenced when he elevated himself from a two-penny lawyer to a four-penny editor; and like that famous Knight, Don Quixote, he imagines he has vanquished every foe, and exultingly tells his three hundred readers that we have retired from the field. What a *mistake*.—We closed the controversy because, according to good *whig* authority—the *Gazette*—we had maintained our position so far as the *testimony* of the best writer on Political *Economy* in the country, Professor Wayland, and Gen. Jackson went, and because we had in the discussion adduced sufficient evidence to convince every democrat that Gen. Cass was safe on the question of harbor improvements. We did not expect to convince the Editor of the Commercial or stop him from misrepresenting the Democracy or Gen. Cass. Neither did we desire to do so, and we only now allude to the subject for the purpose of correcting misrepresentation. The Editor of the Commercial vauntingly says he proved our assertion that Gen. Jackson "vetoed all bills for internal improvements, utterly untrue, showing that he signed a bill making large appropriations *to roads*." Now the Editor of that sheet "proved" no such thing, "showed" no such thing. *He merely asserted it.* No wonder, if he *does* n't know any better what "proof" is than this, he could n't make a living at pettifoging. We know what he alludes to—and we know very well why he wishes to get off with his own bare assertion. So out with the proof.

In regard to the resolution offered by Mr. Ball at the ratification meeting, declaring the whig party in favor of "internal improvements" by the general *government*, and which was *amended* to read "harbor and river improvements," our cotemporary says "that the gentleman who moved the amendment did *not* say that river and harbor improvements were not internal. He merely said that he considered the expression "internal" used by the Baltimore Convention, as a subterfuge, to avoid the river and Harbor question." This is true as far as it goes—but it is not all. 'He "did not say that river and harbor improvements were not internal," but he said that according to his opinion the constitution *did not authorize* the commencement and carrying on of a general system of internal improvements—that no party contended now-a-days that it did—and that he hoped the whigs would not be be decoyed into the trap set for them by the Baltimore resolution. There were others who coincided *with him in this* view, and the resolution *was amended!* Now the very fact that the resolution was amended under such circumstances proves beyond cavil that, in the opinion of that meeting, harbor improvements and internal improvements are not one and the same thing.

In closing this controversy it may be expected that we shall reply to the personal abuse and slanders indulged in by the Editor of the *Commercial* toward us. We shall do no such thing, however. Were his slanders new, we might be induced to retort, but like everything from his pen, they do not possess even the merit of originality. For five years they have constituted the stock in trade of every half-starved *puppy* we have been compelled to kick from our path, and we expect they will for five years to come.

THE FAIRNESS OF WHIGERY.—The infamous charge against General Cass, of having voted to reduce the pay of Volunteers for clothing—when his vote was given to add one dollar a month to their pay—is still repeated by some of the anti-war papers, and orators. One of the latter, we understand, repeated it to a little knot that gathered in the Court House, on Wednesday evening.—When it is remembered that the refutation of this calumny was complete and overwhelming, and that no one has yet ventured to gainsay the facts which triumphantly sustained the vote of General Cass, the repetition of the original charge is very much like the circulation of a counterfeit note, with the knowledge that it is a fraud.—Morally, there certainly is no difference.

A NEW BUCKSHOT WAR.—The Pennsylvanian says the Constitution of this State provides that if a Governor dies or resigns, three calender months before the second Tuesday of October, the vacancy shall be filled by election on the said second Tuesday of October.—The "Whigs" are now quoting *a law* which they declare to be in conflict with the Constitution on this subject, and the sages of the *North American* advise *Governor* Johnson, (God save the mark!) to call an extra session of the Legislature to cure the defect! We have no disposition to interfere with the virtuous and economical intentions of a party defeated and trampled under foot last year by a majority of more than seventeen thousand votes; but as we have an old-fashioned notion that the direct language of the Constitution over-rides all bungling laws, we think our good folks in Pennsylvania will proceed to elect a Governor, and a Democrat at that, and stand the consequences; *even of another Buckshot War!*

☞ The Honesdale Herald contains an amusing account of a recent attempt to hold a Van Buren disunion meeting in Wayne County. It was attended principally by *disaffected* Whigs, who, with *Abolitionists* and a handful of sore-heads, acting years ago with the Democracy, managed the affair. Many Democrats and Taylor men were there to see the fun, but the latter went away chop-fallen, as the proceedings proved that the big-head disease is to carry off many more from the federal party in that region, than from the Democracy.

IS IT SO?—The Troy Whig says: "The mother of Lamartine, the celebrated leader in the French revolution, is said to be a Massachusetts girl. She married the father of Lamartine when quite young, in Boston.

NEW YORK, July 19, 3 P. M.

In Senate yesterday, Jefferson Davis, from the Committee of Conference on the Military bill, reported in favor of repealing the law of 1846, reducing the number of generals in the Army. The Senate agreed to the House amendment to the Bill, grant ng half-pay to the widows and orphans of officers and soldiers killed in Mexico.

Afternoon Extra Session.—Mr. Clayton from the select committee, reported a bill to establish a Territorial Gov ernment in Oregon, New Mexico and California. Read twice and made order of the day for Friday next.

The bill leaves out the slavery question altogether.—Mr. Clayton said the committee adopted the bill with great unanimity, only two members dissenting, Clark, of Rhode Island, and Underwood, of Kentucky.

In the House, the conference committee reported in favor of repealing the law for the reduc ion of the number of Generals, and in favor of allowing three months extra pay to the officers.

The Speaker presented to the House a paper from the Commissioner of Patents, in which he pronounced the charges preferred against him to be false, and asked that his communication might be referred to the Committee on Patents, before which he might be allowed to have a hearing, &c., which was agreed to.

The House then resolved itself into committee of the whole, and took up the civil and diplomatic appropriation bill, Mr. Root of Ohio, in the chair. After an hour's consideration, the committee rose and announced the bill as amended, as ready for the action of the House.—But without taking action the House adjorned,

For the Erie Observer.

MESSRS. EDITORS—Gentlemen. The Democracy of this commonwealth are unexpectedly called on to select a suitable person to fill the vacancy in the Executive Department of the State, occasioned by the resignation of that good and highly esteemed patriot, Francis R. Shunk. Permit me to suggest the name of the *Hon.* N. B. Eldred, of Harrisburgh, for the consideration of the State Convention, soon to convene for the purpose of nominating *a Governor.*

Judge Eldred is too well known to the people of this portion of the Commonwealth to require anything more than the suggestion of his name in connection with that high and responsible office, to secure their cordial and enthusiastic support. A DEMOCRAT.

Erie, July 21, 1848.

For the Erie Observer.

Inasmuch as the time is short for the deliberation of the people, to select a proper man to fill the Executive chair of this great Commonwealth, it may nor be improper to submit for their consideration at as early a period as possible, the names of some of our most prominent Democrats. I would therefore suggest the name of the Hon. Morris Longstroth of Montgomery county, now an efficient member of the Board of Canal Commissioners, *as a gentleman* highly qualified to fill any station of trust the partiality of the Democracy of the Commonwealth may see fit to call him, and particularly that of the Executive. SNYDER.

Erie, May 21, 1848.

THE PENNSYLVANIA VOLUNTEERS FOR CASS.—The Editor of the Cincinnati *Enquirer* thus alludes to the Pennsylvania and Maryland Volunteers, who have just passed through that city, on their way to their homes:

"We understand from several of our friends who have mingled with the Pennsylvania and Baltimore troops on their return, that a very large majority of them are for Cass and Butler. How can it be otherwise? They may and do respect General Taylor as a brave man and a patriot; but they cannot co-operate with a party whose leaders have denounced the war in which our volunteers have been engaged, as unjust and wicked, and the men who prosecuted it as 'land pirates' and 'Murderers.' That Gen. Taylor permits himself to be used as a candidate by such party leaders, merely to acquire power for themselves, destroys all merit he would otherwise have in the eyes of our brave soldiers."

The Louisville *Democrat* of the 5th inst., contains the following:

☞ The regiment under Col. Black, Pittsburgh, numbering upwards of 400, are all or Cass and Butler, except about twenty. We have this from the best authority.

☞ Hon. C. Delano, who has heretofore borne so heavy a load in the Whig traces, in Ohio, has openly taken his stand on the stump against Gen. Taylor and his "free laborers!" Success to "trade and business."

☞ Dr. DUNCAN, formerly Representative in Congress from the Cincinnati District, has published a letter in reply to certain inquiries which have been addressed to him. The substance of his reply is that he will be a candidate for Congress—that he is in favor of Gen. Cass—and that he is "opposed to the introduction of slavery into any territory on this continent, where slavery does not now exist."

☞ The anti-Taylor Whigs are canvassing Massachusetts with great spirit. Stephen C. Phillips, of Salem, has joined the corps of their missionaries now stumping the State. At their recent meeting in Lowell, the Chairman and Secretary were Ithamar A. Bedfd and Dr. L. B. Morse, the persons officiating in the same capacity at the last regular Whig caucus.

☞ No Sunday mail, it is stated, is now carried in any part of New England, and a very large number of such have within a few years been discontinued in other States, embracing lines amounting in all to upwards of *eighty thousand miles.*

☞ We notice that many papers which have heretofore indulged in harsh remarks concerning Gen. Pillow, are now recalling their charges in consequence of the complete acquittal of the General before the Court of Inquiry.

☞ Dr. G. C. Vaughns Vegetable Lithontriptic Mixture, the Great American Remedy is attracting the notice of the principal papers all over the country. Not a journal of any respectability, but what has commented upon the great fame of this medicine. It has been introduced all over the world, and has earned for itself a reputation never known equalled by an article in the line, in this or any other country. The stories told of its singular power over disease of every nature, serve to strengthen the belief that magic has an agency in the matter, and the facts as they stand forth in the blaze of noonday, stripped of all embellishments, are truly startling. No other medicine is ever thought of in many of our most populous villages and towns, and the voices we might almost say of millions, cured of all kinds of complaints are heard in its praise. See our columns, call on Agents of the Great American Remedy this Lithontriptic Mixture, and get a pamphlet.

☞ **To the Ladies.**—The most pleasant and effectual ANTI-BILLIOUS and Spring medicine is *Dr. G. Benjamin Smith's* Sugar Coated Indian Pills. This matchless remedy is recommended by the Matron of the Naval Hospital, N. Y. and thousands of Families. No pills have given so general satisfaction.

To the Sick and Afflicted.

☞ DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.—We continue to assert that Dr. Swayne's Compound Syrup of Wild Cherry has been extensively used in the United States for more than ten years; that its beneficial effects have been tested by thousands: that it invariably *removes a recent cough*, and that hundreds of individuals, gradually sinking under that insidious attack of death's fell emmissary, *Pulmonary Consumption*, have been restored to health, happiness and friends, by its use, and are now living witnesses of the curative power of this remedy.

ANOTHER INVALID RESTORED TO HEALTH.—*Read the most remarkable cure ever recorded.*—Dear Sir:—I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry on me, after suffering month after month with the most afflicting of all diseases, Consumption. The first symptoms were of a very heavy cold, which settled on my lungs, my ugra ually grew worse with profuse night sweats, a hacking cough, and spitting blood, with great debility. My constitution seemed broken down, and nervous system much impaired. I went to Philadelphia, was treated there by Physicians of the highest standing, but received no benefit whatever from them, but gradually grew worse, until my physicians gave me up as hopeless myself, gave up all hopes of recovery; and I felt like one who is about to pass through the valley of the Shadow of Death. At this "awful juncture" I heard of your Compound Syrup of Wild Cherry, of which I purchased six bottles, which, I am happy to say, entirely cured me, and I am now enjoying better health than I ever have before in my life. Physicians who witnessed my case are highly recommending it in similar cases: and I wish you to make this public, so that all may know where to procure a remedy at once which will reach their disease before tampering with the many "quack nostrums" with which the country is flooded. My residence is 45, Ann street, where I should be happy to have the above examined by a personal interview.

☞ Be not deceived by the many spurious and worthless preparations of Wild Cherry, ushered into notice by ignorant pretenders, but see that the signature of Dr. Swayne is on each bottle, which is the only guarantee against imposition.

Prepared only by Dr. Swayne, N. W. corner of Eighth and Race Streets, Philadelphia, and for sale by respectable Druggists in nearest all the principal towns in the United States.

☞ FEVER AND AGUE finally conquered! This disease has at length met with an opponent, before which it has had to yield, in the India Cholagogue, prepared by Charles Osgood, M. D. This gentleman has, for several years in the infected district of Michigan, making *Fever and Ague* its study, effect, and cure, his study, and from the knowledge thus acquired, he compounded the above named medicine, which has *never yet been known to fail*, Numerous certificates from men of the highest respectability, testifying to the great efficacy of his medicine, can be seen on application to the undersigned agent.

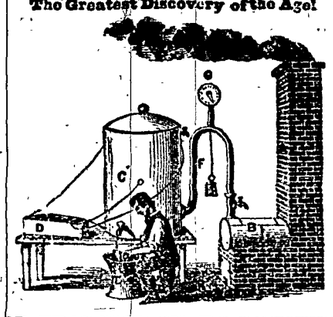
The Greatest Discovery of the Age!



DR. TRASK'S MAGNETIC OINTMENT.

THIS is the first attempt to combine the ELECTRIC or MAGNETIC FLUID with powerful vegetable Extracts in the form of an ointment—to be applied externally for the removal of disease. The almost unlimited success it has met with, stamps it at once the GREATEST DISCOVERY OF THE AGE. It is constantly effecting cures of the utmost importance. The most incredulous are CONVINCED—the most faithless are compelled to believe in the power and virtue of this great remedy.

It is universally admitted to be the MOST WONDERFUL COMBINATION KNOWN to the WORLD for the IMMEDIATE RELIEF of disease and pain.

It never fails while there remains sufficient life to restore a natural and healthy action to the capillary vessels of the body, and to *equalize the circulation of the blood.* By this means, *a controlling power is gained over the most malignant forms of* DISEASE, that cannot be obtained from any other remedy. Such is the power of this combination that it penetrates to every portion of the human frame; every bone and muscle, vein, nerve and ligament is searched out and made sensible of purifying and healing influence.—Hence, it cures as readily with *internal* as external diseases.

Numerous instances are on record where this remedy has restored health to prudentes so near the grave that the most powerful internal remedies failed to produce any effect. Such has frequently been the case in INFLAMMATION of the BOWELS—no patient ever need die with this disease where the *Magnetic Ointment* can be obtained. That dangerous epidemic known as the PUTRID ERYSIPELAS, can always be cured by this remedy.

For INFLAMMATORY RHEUMATISM, this Ointment is the most complete remedy ever prepared.

In 99 cases out of 100, it will afford entire relief to the worst case of NERVOUS HEADACHE *in thirty minutes.*

For Nervous diseases this remedy is of immense value.

Affections of the spine, Rheumatism, Lameness, Ulcerated Sore Throat, Bronchitis, Pleurisy, Croup, Chills, Cholera Morbus, Ague in the face or breast, Burns, Scald Head, Scrofula, Salt Rheum, Erysipelas, Inflamed Eyes, Fever Sores, &c., will be immediately relieved by the use of this remedy.

DR. BINGHAM'S CERTIFICATE.

In reply to your queries with regard to the results of the Experiments I have made with your justly celebrated Magnetic Ointment; I can say with pleasure, that I deem it one of the GREATEST DISCOVERIES OF THE AGE.

It is now nearly two years since I commenced using it in my practice, and I have tested it in cases of Inflammation, both local and general, of the most malignant kind, with universal success; few where all internal remedies failed, I have succeeded with this.

I have treated cases of Inflammation of the Brain, Inflammation of the Lungs, Inflammation of the Bowels, Inflammatory Rheumatism, and Child-bed Fevers, with perfect success, also cases of Scarlet Fever, Canker Rash, and Ulcerated Lungs and Throat with like success. N. BINGHAM.

In the Epidemic known as the Putrid Erysipelas, by which so many valuable lives were lost, I tested it frequently, and it never failed of effecting a speedy and certain cure.

In cases of Burns, Sprains, Bruises, Frozen Limbs' &c., it acts like a charm.

No Physician or family will be a single day without this medicine, after becoming acquainted with its power to cure.

N. BINGHAM, Physician and Surgeon.
