# FROM MEXICO. Correspondence of the Erie Observer. MATAMORAS, June 29, 1848.

Since I wrote you last, we've had stirring umes on ine. He who wrote-

"When the hattle's lost and won, When the Aurly burly's done,"

net have had direct reference, in that same " hurly bur-» to the breaking up of posts, and the embarkation troops. Everybody, however, seems to be in a good umor, except the Quartermasters, who are literally immersed in business, and they and their agents may be seen running hither and thither, sweating with the exerton necessary to meet the contingencies, "Holy Moses!" shat a time they do have ; but then that very efficient ranch of the general staff is bound to prove itself equal all the necessities of the army.

Morzepil, Parras, Saltillo, and by this date, Monterey, re evacuated by our troops, bag and baggage. They rew the cutire line with immense trains, loaded with urdnance and ordnance stores, Quattermasters' stores. ac-now you meet a regiment of volunteers, wildly shouting their anthem to the homeward-bound-now a hattery of artillery-anon a squadron of dragoons, or in erderly lines, the regular infantry, the untried reterans of the nete lecy, but fine, brave-looking fellows; while the interim is filled with merchant wagons and parties of amp followers, "flying from the wrath to come."

Among the latter are found any quantities of the Mexcan fuir, kind, good souls, whose better natures and acommodating morals have made them a prey to these lecolating times of war. I mention this fact for the benfit of the moral reform society. Early on the morning the 20th inst., "boots and saddles," was sounded at he dragoons' camp " near Mier," and vaulting into their ddles, they were soon wending their way homeward. They are now encamped, a few miles below this, on the mous field of Palo Alto.

The Mississippi and North Carolina volunteers are nearly all at the Brases ; some of them have embarked nd soon will be in the embrace of their anxious friends. be 10th Infantry are all at this place, and a splendid egiment Col. Temple has of it-I am told they are orred to Port Hamilton. They have a fine band of mue whose dulcet tones enliven the natives here, on all coasions. New York should be proud of her soldiers. The war Department is winning golden opinions in be ordering the troops into those healthy northern depots

JUDGE THOMPSON ON R.VERS AND HARBORS-One would imagine that after our Representative had faithfulh served his constituents four years-had labored with uncemitting zeal in behalf of appropriations for harbors on our lakes-that he would escape the jesuitical attacks of his political opponents, especially on the question of appropriations for such improvements. Such however is not the fact-the hyenas of party are arraigning him for certain votes given during the present session, which they construe into opposition to harbor and rivers. What are the facts of the case? A series of resolutions were intraduced into the House of Representatives by the comattee to whom was referred the memorial of the Chicaconvention. They were five in number. The first clared "that the Constitution of the United States vests Congress the power to appropriate money to open and prove harbors, and remove obstructions from naviganvers, in all cases where such improvements are neears to the protection and facility of commerce with reign nations or the commerce among the states." The and, "that the interests of our national commerce, the guion defence, and general welfare of the United tates, require a judicious exercise of the foregoing pow-For these Judge Thompson VOTED!

The third, being au attack apon the President, introared by the whigs for party purposes, and entirely unessary, Judge Thompson very properly voted against Although in common with other democrats in the ouse, Mr. M'Clelland, of Michigan, among the num-, who as chairman of the Committee of Commerce, as reported all the appropriation bills for harbor improveients during the two last Congresses, he differed with e President, and did not agree that the reasons he had signed in that veto message were good and sufficient ; ut at the same time he was unwilling to give any vote

IF We recommend to the notice of some the Taxlor oraors at the Court House, the following from John Minor Botts, one of the most distinguished whip in the nation and characterised by that party as a "terror to locofoco ism." He lets himself loose upon Gen. Taylor after the following style: \_\_\_\_\_

"With what consistency or propriety can we condemn Mr. Polk for taking from the Senate a mers civilian, as a Lieutenant General, to place over experienced military incut, and for looking to the ranks of private life for his Brigadiers, Colonels, Majörs, &c., when we propose to look to the camp for a mere soldier, who has never occunied the humblest position in civil life, to take charge of the affairs of this entire nation, foreigh and domestic, t the exclusion of the wisest, most experienced, and most trusteerthy statesman of the age."

ANOTHET NATIVE CANDIDATE .--- We hear from Harris burgh that the Independent (Native) Taylorites are about to compass their purpose of securing the nomination of Gov. Wm. F. Johnson, one of their number, as the Taylor Why candidate to fill the vacancy caused by the resighation of Gov. Shunk. This is as it should be. Gen. Taylor has accepted the Natire nomination, while as yet, he has refained from writing a line in response to the ac tion of the federal convention.

STAND FROM UNDER, WHIGS .- The Washington Correspondent of the N.Y. True Sun says, fit is being whispered around Washington, that a letter from Mr. Clay will be read in the Buff. Convention, in which he scorches without mercy his nominal friends, who essay to fix <sup>upon</sup> him the stigma of being invorable to the election of Taylor, and, as a consequence, to the abandonment of the principles of the whig party. May not this be the trouble Gen. Combs alluded to in his speech on Tuesday hight, and on account of which he was hurrying home?

The N. Y. Tribune says that "Gen Taylor having consented to run for President, ought to resign his commission at once, and devote his leisure thus acquired, to the study of those questions of civil policy wherewith ho "in no danger of becoming too familiar."

The Whig papers say the Democrats refuse to do Justice to Gen. Taylor, and yet the Massachusetts Legulature, in which the whigs had a majority of 70 'or 80, tually refused to pass a vote of thanks to Gen. Taylor and his men, after they had fought their way to Buena Vista.

U' We append an extract from Niles' Register, of 18-40, for the benefit of the federal editors, who say that Niles' Register is the best authority-especially after its articles have been sufficiently garbled to suit their purposes:

"The last Talahassee Floridan, (Feb. 22, 1840,) says, in reference to the Cuba bloodhounds, 'they were intended to 'worry,' to 'hunt,' to 'bite,' to 'tear in pieces, all the red devils they can catch.' "

BUFFALO AND ERIE RAIL ROAD .- The Buffalo and Erie Railroad Committee met at Silvercreek last week, pursuant to call, and appointed a committee to collect latistics in reference to the amount of business likely to be accured by the projected road, with the view of pretenting the facts before Eastern capitalist and soliciting

the Committee.

The Cholera is spreading in Russia. Piedmont has been proclaimed a republic. Germany is still very unsettled.

tion. Meagher has been arrested and thrown into pris-on. A collison took place between the troops and the people but no blood was shed. Both factions of the Irish are arming in the most threatening manner.

The money market continues firm. BEEF,-Prime lots new per tierce 85a92s6d; ordinary 15a87s; old 40a60s; mess per bbl. 50a54s; ordinary and old 36a46.

PORK .- Mess pork new per bbl. 40a65s; old 35a45s; prime 32 6d a 36s. Shoulders 21 to 28s. Hams, smoked or dry in canvass duty paid, per cwt. 45a50s. Fine leaf lard in kegs per cwt. 39 to 41s, in bbls. 38 to 41s, inferior and grease 26 to 29. Cheese, fine per cwt, duty paid, 40a43, ordinary 30a38.

The reception, of the Volu steers to-day was a grand affair. The streets along the procession were immensely crowded.

ST. Louis, July 25. The celebrated Kit Carson, whose death has been reported, arrived here to-day from California as bearer of despatches. He left Santa Fe on the 26th of June .-

An attack had been made by 100 Apach Indians/upon 14 Americans, which resulted in the death of four and the wounding of five. The assailants succeeded in driving off nine horses.

IF The Burgess and Council have appointed the following persons Police Constables :- Samuel L. Forster, Perry H. Oliver, A. C. Hilton, and Andrew Scott.

Cool .- The Boston Whig speaks of the "Taylor faction" of the Whig party. The genuine, orthodox whigs, of course, are those who go for Martin Van Buren!

D We are requested to say that Dr. Banning's Lectures on "Physical Education and cultivation of the hunan voice," will be continued this evening, and on Satrday and Monday evenings. Lectures free.

IP Gen. Combs said at Buffalo, "I HAVE TRAVELED THROUGH TEN STATES OF THE UNION, AND IF THE WHIG PARTY DO NOT AROUSE THEMSELVES, LEWIS CASS WILL BE THE NEXT PRESIDENT." We rather expect he will if they to, although Gon. Taylor does, according to this same Combs, write a shocking bad hand, and "looks like a pine stump, split half-way up."

TThe Portsmouth N. H. Gazette truly remarks, that had it not been for Gen. Cass and the Democrats in Congress, the Whigs would not now have Gon. Taylor for a candidate. He would have been left to starve to death in Mexico.

IF The Gazette complains of "that parallel in Monday's Observer," and says it is "fully worthy of its intelligent offspring." The only "offspring" we know of is the Gazette's burst of indignation, but whether that is an "intelligent offspring " or not, modesty ought to have prompted our cotemporary to leave for other people to judge. If that's its "offspring," however, it is not very intelligible at any rate.

The Union pulishes the official proceedings of the officers and men composing the 3rd Brigade 2nd divi-

sion volunteers, Gon Lane "the Marion of the war" in the Chair-(held in Mexico, near Jalapa)-cordially and eloquent ratifying the nomination of General Cass "the warm friend and supporter of the army," and General Butler "the first of Barnburners." "The volunters all for Taylor''! Faugh!

IP Gen. Shields is to be a candidate for the Demotheir ald. Messrs G. W. Patterson, of Westfield, and E. cratic nomination for United States Senator from Illi-G. Spaulding, and Isaac Sherman, of Buffalo, constitute | nois, in place of Judge Breese, whose term will soon expire.
