GEN. TAYLOR'S LAST .- The Buffalo Courier says Gen. Taylor's epistolary writing is becoming richer and richer, His last letter furnishes as fine a specimen of the "indifferent" as we have seen. The whigs professed to be entirely satisfied with his letter to the illustrious Lippard, in which he simply reiterated his off-repeated saying that he was not a party candidate. New York, August 24-7, P. M. Mr. Van Buren's letter accepting the nomination of the Buffalo Convention, is published. He accounts for he wide spread opposition to slavery, by the South ask-

ing too much of the North. He says the claims set up by the South is a departure from the intention of the framers of our government, and reviews the whole extent of slavery from the ordinance of 1787, to the present time, and says that the annexation of Texas involved us in war; then goes on to say that he is in favor of actual settlers; and for his views on the tariff, he refers to his letter to the Indiana Convention in 1843, but acquiesces in the voice of the Convention; and closes by saying that he will write no nore letters during the canvass.

WRIGHT'S, INDIAN VEGETABLE PILLS.

CLARCELY have ten short years clapsed since an humble atbeingt was made to combine, in a suitable medical preparation,
a few of the herbs of the Indian. All was dark at the time as to
the result. The most that could be estimated was, that the principples adopted as the basis to build upon were sound. So much reflance was placed upon colomed and the jancet, that the ill success
of the new experiment would have tended to confirm that reliance, while it shook the purpose of the projector.

Now, however, all doubt and difficulty is at an end. Everywhere this medicane has been preced with welcome; everywhere
has its use been attended with the most gratifying success. Irom
small beginnings, its sales are now counted by fullous! and it is
held in higher estimation at the present time than when it was
originally introduced.

Certificate from Col. Tate, editor of the Columbia Democrat, Pa-Office of the Columbia Democrat, } Bloomsburg, Columbia Co. Pa., March 4, 1838. } Dr. William Wright—Dear Sir. I am one of the many whose over sion to quack nestrums has deprived them of life benefits re-branches of their bulsness, are ready to exchange cloth for wool, in or manufacture for pay, by the lyard, or reasonable terms. They have on hand a large quantity of different kinds of cloth, flannels, blankets, shawis, cassineres, and tweeds, as, well as thit summers, wear of different bodies and qualities, to exchange for wool. We give one yard of cloth for 21 tounds of wool, as goodas the wool will make. its for inject f and family, gave them a decide appreciation.

In every instance when afflicted byth sick headache, or when the stream of life was encumbered with morbid humors; I found speedy relief from the use of your Pills. By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient, and up my case without even producing sickness to the stomach. Respectfully your friend, &c., LEVI L. TATE.

Watom's India Visuary Steep Pilis.—Although not particularity friendly to patent medicines, we must confess that we have become a convert to these pills, having an opportunity on two or three operations to test their efficacy. For a gentle medicine, one or two will be found mild though effective. Where bite or other impurities have accumulated, and more thorough medicine is required, a dose of three or four of these pills taken on going to bed, will be found effectual in cleansing the stomach, and restoring the bowels to a healthy state. We speak from experience; and take pleasure in commending the pilst to the public.
