THE WHIG PRESS AND JUDGE THOMPSON. PENNSYLVANIA, THE PRESIDENTIAL BAT-

As was to have been expected, the Gazette and the Commercial, of this week, are filled with the most gross and unjustifiable misrepresentations of the course and the country and for the election of Cass and Butler, that position of Judge Thompson, on the various questions forewarning has come upon the Democracy of the Keytions of the day. We say this was expected, for nev- stone State with startling distinctness. Simultaneously er has a man been so perseveringly misrepresented as he in the Eastern and Western ends of the State the followhas by the whig press over since he was first put in nom- ing letter from Truman Smith, of Connecticut, has igation in 1844. Every occasion has been soized upevery possibly pretext brought forward, to assail him, both through the columns of their newspapers and upon the stump. Political animosity, instigated by personal hatred. the offspring of enry, has been at the bottom of all this. Far above these drivelers himself-scorning alike their hatred and envy-he has been, and is, a shining mark for of the North-has found its way into our hands, through their venom and their falschoods. Heretofore their rage has been impotent, and we trust and know will be so this gentleman, who is so anxious to elect Gen. Taylor, sgain! That he is thus assaulted-that which ought to make the whig press fall down on its his defeat is so anxiously desired by the federal party- knees, and pray for the speedy abatement of that dreadful a evidence, good and true, that he has been faithful to evil! But here is the lotter-the written letter of Mr. the Democratic party and its principles. Never in the Truman Smith:

All these great lights of the party who have figured in the Presidential chair and in the two houses of Congress, have each soverally passed through this hery ordeal of I presume I shall stand justified by the vast importance failed have and envy. That Judge Thompson does of the crisis, in asking you to take hold of the subject federal hatred and envy.? That Judge Thompson does not escape this common lot, is but natural-that he, tooshould be misrepresented, falsified and aspersed, is a reaut altogether advantageous to his fame as a Democrat. We shall not, therefore, as we easily could do, refute in detail all the misrepresentations our federal cotemporaries are guilty of toward Judge Thompson! His course before the country-he has incurred the displeasure ofhe federal party by his unvielding devotion to Democratmen and measures! That of itself is sufficient to ral-Ir around him our entire strength-that of itself, would do if nothing else! But there are other and more powful reasons why we should succeed-why this district hould still be represented in our national councils by a Democrat.
