#### TO THE DEMOCRACY.

The eves of the whole Union are resting with anxiety upon the Democracy of the Keystone State! Our opponents here made her the battle ground of the Unionhave placed their all upon the die, and must abide the result. Defeated and disheartened by our success in North Carolina, Arkansas, Missouri, Illinois, Iowa, "Maine, and last, though not least, Georgia, they have turned in desperation for "aid and comfort" to the Kevstone State, and instigated by such desperation. are moving in masse to the charge! Defeated here they have no hope! Successful, they will fight with confidence and at 93 this morning. courage in November! We can defeat them !-- we must 📚 defeat thom! 1

Wm. F. Johnston, their candidate for Governor, is the author and parent of the rag currency, known as the Relief issue of 1841, which Judge Burks, the late whig State Treasurer so truly characterized as "bearing upon its face the elements of deprecation and dishonor!" declaring that "in its conception and origin, it was spurious and illigitimate !" and that it was "not only unclean, but UNCONSTITUTIONAL!" This of itself ought to nerve every democrats arm to secure his defeat, but when we add to that the fact that he is the acknowledged champion of Banking in its most irresponsible and worst forms-that he is supported by the men who are wreaking with the corruption of the old United States Bank, and are now seeking, by his elevation, to saddle upon the

State hundreds of such irresponsible corporations-we have enough to alarm every one for the safety of the commonwealth. They are desperate men!-fighting in a prevailed. desperate cause! If you want, then, another United BANK, vote for Johnston! If you do not, if you have had experience enough in rag-currency-if you are opposed

to incorporated monopolies of all kinds,--vote for Mon-RIS LONGSTRETH, the Democratic Candidate for Governor! He is pledged to the Shunk policy-he is honest, capable, and faithful to the Constitution!

I Roader have you a Relief Note in your possession? Fern, ragged and soiled, is it not the perfect similtude of Wm. J. Johnston our acting Governor? You abhor its sppearance and the policy which boought it into existusee, and yet can you vote for its progenitor? An apostate from the Democratic party, the minion of Banks and every form of monied power and monopoly-will you as- the New York line broke) . set in devating kiss to the chief magistracy of your State' And when to this odions feature he joins the dark doguas of the whigs-when he asks you to endanger the Unon and subvert the constitution, for the trilling satisfaction of enjoying a few years of whig administration in Pennsylvania, when every whig administration has proved buneful to her prosperity-will you not rather crush | warehouse is 38,972 quarters of wheat, 17,900 bbls flour, grand and overwhelming?

Cool Inconsci.- The whigs and Natires of Philanumber of each party, to attend to the naturalization of joreigners. This we call the coolest piece of impudence on record!

The insurgents had attacked the Police station at Glenbower and one man had been killed by the Polico who fired upon the assailants. A litthe party of Police was however still in danger. How THE "FREE-SOIL" LEAVEN WORKS .- In this state, the Van Buren abolition ticket contains the names of but three persons who have been identified with the demerrate party. The remainder of the 26 is made up of whigs and abolitionists. In Indiana it is variegated in the same manner-being composed of seven whigs, three bilters and two hberty men. In Connecticut, as far as we are informed, about the same proportions hold good the composition of the town delegations to the Van Baren ablition state convention. So it is, generally, there the Mosaic party has been analysed. It draws ugely on the whigs and abolitionists-democrats keepa naturally aloof from the pie-bald coalition.

The Breinning and End of Van Burenism .- The Van batta avengers started by nominating Van Buren and hig. They then claimed to be democrats, and to have enjorced into a hostile attitude to the democracy of Vnion by the course of the Baltiniore convention .-They finish by supplying the place of Gov. Dodge, who Pumed their association, with a Massachusetts federalist, the Ahen and Sedition law stamp; and by the formaon of a mongrel Abolition state ticket at Utica: thus "ming off even their pretensions to democracy .---"here is the honest democrat who can follow such lights to the embrares of Whiggery and Abolitionism?

If The Guzette thinks we are "thankful for small notsi" because we rejoice over our victory in Maine, nd says if there had not been three or four "ifs" in the way ey would have been thankful too. CLONMEL, Sept. 14.

The out-offices of a Protestant clergyman were burned last night and a farmer shot for refusing to give up arms. The 3d Buffs came into Clonmel to-day with 28 of their men handcuffed for shouting for reveal. Up to 10 o'clock on Wednesday night, fires continued to blaze on every hill in the counties of Wexford, Tipperary. Kilkenny, and Waterford, and according to the Chronicle, the people are fully alive, their leaders, some of them well-trained military men and well know the value of the forces at their command.

A correspondent of Saunders, writing last night from Clonmel, says that Doheny and O'Mohoney are with the insurgents, the latter equipped in a uniform of green and gold. At Clonmel a large body of armed peasantry was assembled, and in the vicinity of Slievegamon a vast body of armed men on foot. There were also some hundreds mounted carrying pistols.

Kinkessy, Wednesday Night. A battalion of the 60th Rifles and a large body of Police arrived by trains from Dublin. The insurgents had a brush with the Police at Portlaw. The former are stated to have been defeated with two killed and two Police killed and wounded. There is a camp on Aheny hill reported to have 4000 men with three cannons. Three other camps are formed at Newtin, Curragh and Pittown. The bridge of Granny ferry near Waterford has been blown up. Troops in large numbers are marching towards the scene of disturbance and large bodies of armed peasantry are patrolling the country.

A despatch dated Dublin, Thursday morning, say that order has been restored. The weather in England had been favorable for har-
