A HEAVY FEE. The Pittsburgh Dispatch says a citizen of that city, recently visited an adjoining county to get married, tondered the divine who performed the coremony the liberal fee of twelve and a half conts for his trouble in starting him upon the floury paths of matrimony. The Clorgyman declined the gift, and requested him to hand it to the first poor man he met. As the wife he gained by the transaction (we understand) owns a house or two, we are surprised at his low estimate upon her. Had she offered the fee it would have been a perible exaggeration of the value of her husband !

CURE FOR THE TOOTH ACHE .- Take a piece of sheet ninc about the size of a sixpence, and a piece of silver say a quarter of a dollar, and hold the defected tooth between or continguous to them ; in a few minutes the pain will be gone as if by magic, the zinc and silver acting as a galvanic battery, will produce on the nerves of the tooth sufficient electricity to establish a current, and consequently to relieve the pain.

LEGISLATIVE SMEEZING -The Savannah Republican of the 8th iust., perpetrates the following joke :

It will be seen by reference to our telegraphic head, that Mr. Calhoun took snuff yesterday, about 2 o'clock, P. M., whereupon 129 members of the South Carolina Legislative sneezed.

QUITE ILLUSTBATIVE .--- A fisherman of Boverly, Mass., was accoasted by a famous Free Soiler there, with the inquiry, "These are Free Soil fish, I suppose ?" to which the fisherman promptly responded, "Yes, I rather guess they are, for they have turned two or three times since I caught them. "

We find in the Sunday Dispatch, of Philadelphia, (bad, place, that city of Brotherly Love,) the following ies upon the highways and in the streets are frequent,our bachelor friends :

fair opportunities, and without an absolute hump, may marry whom she likes. Only let us be thankful the darlings are like the beasts of the field and do not know their own power ! "

T" A young man " " of middle age " advertises for a wife in a New York paper. He requires wealth in the hey, and will offset thereto a patent right which he owns. It is called Ohio City .-The whole trade and travel of the West tend to that point.

GEOWTH OF OHIO.-The State of Ohio is now in her fist year, or rather it is now 61 years since the first white citizen moved into what is now that State-vet she polls a yoto approximating to three hundred thousand.— The fact abundantly shows the rapid progress of the Construction of State Progress of the Eric, Nov 25, 1819. IF That Cholera never has prevailed as an epedemic in any part of New England, is attributed with considerable plausibility to the prudence of the people . nd to the general cleanliness of their towns and cities.

The National Intelligencer says that 41 counties in Virginiu heard from, the vote of Gen. Taylor is less than that for Clav in '44, by 2133. The North Carplina legislature metion Monday. Both branches being tird, it is doubtful on whom the election of U. S. Senator will fall. ALADAMA.—Full returns and reported majorities from all the counties give the State to Cass by 644 majority. Galveston has given Cass 22 majority. Houston, 110; one precinct in Culhoun county gives 22 for Taylor, 10 for Cass. The State'is conce-ded to Cass. Thave built it expressly for carrying on the Watch, Clock mod Jewelry business on a fair and substituted basis, as people are often imposed upon by transient dealers, stopping only for a few weeks of months in a place. I am induced to make the above intement also for another reason-that statements have already been made in regard to me, that I am going to stay bill a short time, he same solong as the patronage of the people. That is false. I have commenced business with the determination of continuing the same solong as the patronage of the people of Erie will sus-tain me in selling goods for a fair and reasonable profit, and doing their work for a reasonable compensation. TESTED BY THOUSANDS. WRIGHT'S INDIAN VEGETABLE PILLS

SCARCELY have ten short years elapsed since au humble at Scempt was made to combine, in a suitable menical preparation a few of the herbs of the Indian. All was dark at the time as to the result. The most that could be estimated was, that the princeples adopted as the basis to build upon were sound. So much reliance was placed upon calomel and the lancet, that the ill succes of the new experiment would have tended to contirm that relaance, while it shook the purpose of the projector.

Now, however, all doubt and difficulty is at an ond. Every-where this medicine has been greeted with welcome; everywhere has its use been attended with the most gratifying success. Erom mali be sinnings, its sales are now counted by millions ! and it is reld in igher estimation at the present time than when it was rigin ly introduced.

Curo of Fovor and Ague. Russellville, Putnain Co. Ia., July 17, 1847. r. Wright-Some time since, your agent lefting a supply of ur Indian Vegetable Pills. I have found said pills to be in great emand lately for the cure of Fever and Ague. Mr. James Boyd ias a son who has been laid up with Fever and Ague, and had He determined to try your Indian Vegetable Fills, and by using one box is now sound and well. Mr. T. Spencer had a daughter, Mr. H. Groves a son, and Mr. C. Nichols and three of his family were all down at the same time with Fever and Ague, and had ilso tried the various other remedies without effect. Your Indian Vegetable Pills soon restored them all to perfect health. I can assure you from what I have seen, your Indian Vegetable Pills may be relied on for a perfect cure of Tever and Ague.

Yours, respectfully, JACOB DURHAM, P- M.

Dr. William Wright-Dear Sir: I'am one of the many whose avertion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence, I have reldom resorted to the Fill box. Las March, when you comenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their mera for, myself and family, gave them a decided preference over evry other preparation,

In every instance when afflicted with sick headache, or when the stream of life was encumbered with morbid humors; I found speedy relief from the use of your Pulls. By taking from four to six on going to bed, when indusposed, I have always been restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished nerit of operating effectually without disturbing the rest of the patient, and in my case without even producing sickness to the LEVIL, TATE. stomach.  ANOTHER INVALID RESTORED TO HEALTH.

 (Read the following statement of facts from Mr Eli Bailey, a highly respectable increduant of Vienna, Johnson co, Illinois.)

 'GEVTLENEY.--A desire to benefit the afflicted throughout the fand has alone induced me to make the following statement of facts respectable uncredued me to make the following statement of facts respecting one of the most astonishing cures ever recorded. My son, now seventcen years of age, has been afflicted during his whole life, with a constant cough, pain in the side and chest, accompanied with night sweats and hertic fever, which produced great emaciation and debility; and at intervals during the night, his expectoration would become so great as to endanger his life from strangulation. During the time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief-in fact, so alarning were the symptoms and to inveterate was his disease, that 1 was compelled to believe him beyond the reack of Medical aid!

 All of our neighbors and friends who saw him, regarded him as one who was rapidly approaching an carly and premature grave. After having thus exhausted the skill of the best physicians without make of Witater's Balawa of Wild Ckerry.

 He commenced its use about the 30th of December, 1841, the first bottle of which gave atonishing relief, and I hegan again to induge in the found hope that he might yet be restored to health. After having continued the use of that the stattered to sound and permanent thealth. After having continued the use of witater's Balawam of the present time.

 I believe the gassine Dr. Wistar's Balasm of Wild Chuerry to hele one the most valuable medicines ever discovered-knowing, as 1 do, that the abuye cure was effected solely by its use.

CONSUMPTIVE PATIENTS

CONSUMPTIVE PATIENTS Will please read the following statement from the Harrison Ga-zette:—The incredulous are invited to read the following note from Rev Mr Coldron, whose character for truth and veracity stands above suspicion, and have their doubts dispelled as to the superiority of WISTAR'S BALSAM OF WILD CHERRY over all other remedies now before the public of the same character. Corport, Ind, Jan, 22, 1948. It is no less in duty than a pleasure to state for the benefit of the afficted, that I consider. Wister's Balvam of Wild Cherry a great blessing to the human race. Having tried it in case of severe af-fliction of the lungs. I unhesitatingly recommend it to thore simi-larly afficted as the best remedy I have ever tried and one which cured me when physicians said fronts die, and when I thought myself, that my time to depart wasnear at hand. WILLIAM COLDERN. There is a difference between WISTAR'S BALSAM OP WILD CHERRY, and all other preparations of Wild Cherry. The true of Wild Cherry bark, other medical agents of great character and efficacy in the cure of coughs, colds, and great of diseases of the cheet and aungs. But all the important difference between this medicide and all others of the kind is, that Wistar's Balsam cures, while other remedies give only temporary relief to the suf-ferer. Bold by J. D.
