CCARCELY have ten short years elapsed since an hamble at Stempt was made to combine, in a suitable institute preparation a few of the herbs of the Indian. All was dark at the time as to the result. The most that could be estimated was, that the princi-

plesadopted as the basis to build upon were sound. So much reliance was pluced proper domet and the langer that the ill success of the new experiment would have tended to confirm that reli-ance, while it shook the purpozeof the projector. Now, however, all doubt and difficulty is at an end. Exerywhere this medicine has been greeted with welcome reverywhere has its use been attended with the most gratifying success. Erom

Gure of Fover and Ague.

Rassellville, Putnam Co. In., July 17, 1847.

I. Wright—Some time since, your agent left me a supply of ar Indian Vegetable Inls. I have found said pills to be in great or signan vegetable thus. I have bound said pine to be in greating and lately for the cute of Pever and Ague. Mr. James Boyd has a son who has been laid up with Pever and Ague, and had tried various other remedies, all of which proved of no avail.— He determined to your Indian Vegetable Pills, and by using ne box is now sound and well. Mr. T. Spencer had a daughter, Mr.41. Groves a son, and Mr. C. Nichols and three of his family were all down at the same time with Fever and Ague, and had also tried the various other remedies without effect. Your liding Vegetable Pills soon recored them all to perfect health. I can assure you from what I have seen, your Indian Vegetable Pills may be relied on for a perfect cure of Fever and Ague. Yours, respectfully, JACOB DURHAM, P. M.

Office of the Columbia Democrat, Bloomsburg, Columbia Co. Pa., March 4, 1838. Dr. William Wright-Dear Sir. I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence, I have seldom resorted to the Pill box! Last March, when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having mirly tested their merits for myself and family, give them a decided preference over ev-

In every instance when afflicted will ick headache, or when the stream of life was encumbered with morbid humors; I found speedy relief from the use of your Pills. By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time, and without the expense of a phyician. Wright's Indian Vegetable Pitts poscess the distinguished merit of operating effectually without disturbing the rest of the patient, and in my case without even producing sickness to the stomach. Wright's Express Volo rand Phass.—Although not particularly friendly to patent medicines, we must confess that we have become a convert to these pills, having an opportunity on two or three occasions to test their efficacy. For a gentle medicine, one or two will be found inhel though effective. Where bile or other impurities have accumulated, and more thorough medicine is required, a dose of three or four of these pills taken on going to bed, will be found effectual in cleaning the stomach, and restoring the bowels to a healthy state. We speak from a operative and take pleasure in commending the pills to the public.
