HARRISPURG, Jan'y 16. TESTIMON ALS

Signor D'Alvear ides not deem it necessary to encumber this otice with a hing list of testimonials, in proof of the value of his OLDOMETER, and GOLD SEEKER'S GUIDE. The br liant results of his labora in California, and the discovery, this very week, of fresh verns of gold in Virginia, and bels of Coal in Rhode Island, by it, use, are alone sufficient to stamp it as the greatest discovery of the age. Nothing but the extreme cheapness of the instrument, and his desire to see it used for the benefit of mankind, induces him to dispose of it at the low price for which he offers it.

Besides this, hik own desire for wealth is near-te-satisfie. f mankind, induces many which he offers it. Besides this, hikown desire to a wall with the first state of the following Testimonials, in proof of the value of the Goldonicer, selected from a great number equally satisfactory, must suffice for the present:

ANOTHER INVALID RESTORED TO HEALTH. ANOTHER INVALID RESTORED TO HEALTH.

(Read the following statement of facts from Mr. Et Bailey, a highly respectable merchant of vicina, Johnson co, Himois.)

GENTLEMFN:—A desire to benefit the anticted throughout the land has alone induced me to make the following statement of facts respecting one of the most astorishing cures ever recorded. My whole life, with a constant cough, pain in the side and cheat, accompanied with fight aweats and hertic fever, which produced great emaciation and dentity; and at intervals during the night, his expectornion would lacetale so great as to endanger his life from strangulation. Buring the time he was anterled by many physicians of the highest regule, whose pre-criptions gave but temporary relief—in fact, so alterning were the symptoms and so inveterate was his viscase, that I was compelled to believe him being and the reach of Medical and!

All of our neighbors and friends who say him, regarded him as one who was rapidly approaching an early and premature grave. After having thus exhauste the skill of the best physicians with-All of our neighbors and friends who saw him, regarded him as one who was rapidly approaching an early and premature grave. After having thus exhausted the skill of the best physicians without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistor's Ba'sam of Wild Cherry.

He commenced its use about the 20th of December, 1841, the first bottle of which gave autolishing relief, and I began again to indulte in the fond hope that he might yet be restored to health. After having continued the fee of it truit three bottles had been taken, the disease was entirely of ercome, and his shattered constitution and emne lated form restored to sound and permanent health, which he continues to enjoy up to the present time.

I believe the genuine Dr. Westar's Balsam of Wild Cherry to be one of the most valuable medit ines ever discovered—knowing, as I do, that the above cure was the feed solely by its use.

I am, gentlemen, very respectfully.

April 9, 1848.

Will please read the following statement from the Harrison Cazetic:—The incredulous are anxied to read the following note from Rev Mr Coldron, whose character for truth and veracity, stands above suspicion, and three their doubts dispelled as to the superiority of WISTARS & RILLS, M. OF WILD CHIERRY over all other remedies now before the public of the same character.

Lis no less a duty than a pleasure to state for the benefit of the afflicted, that I consider Wilder's Rabam of Wild Cherry a great thesising to the human race. Has higher the little case of severe affection of the lungs. I unless tringly recombined it to those similarly afficied as the best remedy I have ever trued and one which cuted me when physicians and I must die, and when I thought myself, that my time to depart was near at band.

There is a difference between WISTAR'S BALSAM OF WILD CHERRY, and all other pre-parations of Wild Cherry. The true and genuine Balsam, as sold by us, contains, besides the extract of Wild Cherry bark, other recited agents of great character and efficacy in the cure of coughs, colds, and general diseases of the chest and sungs. But all the important difference between this medicine and all others or the kind is, that Wistar's Balsam cures, while other reme lies cive only temporary relief to the sufference.
