To inustrate the use of the GALVANIC BBLT, suppose the case of a person anisted with that bane of civilization, DYSPEPSIA, or eny other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the elect te-uting from the application of the GALVANIC BELT. Take a Dyspatic sufferer, each in the worter amptons of an attack, and simply the the Belt around the body, using the Magnetic Fluid as directed. In a short period the invensible purspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. A CHAIN OF EVIDENCE.

Kingston, Uister Co., N. Y., Jun. 24, 1848
To Dr. A. H. Christon.

About the first of November last I called at your office and purchased one of your Galvanic Belts, and I am happy to say that it has made a new man, of me. For years I have been troubled with Rimouniains, for severe, and a general weakness of the whole system, and sery nervous, with pain in the head, so severe that I would have to tole to my bed three or four times a day. My frien is are astonished at the perfect and wenderful cure wrought on me. I never was better in my life than now, and I know that this is altogether owing to your GALVANIC BELT, for I had had the best physicians, and had tried every thing previous to using it, without effect.

Very respectfully, ALONZO D. FELTER.

173- In consequence of the benefits experienced by himself, Mr Fretza procured a number of the GALVANIC BELIAS, and having disposed of them among his friends, thus writes:

My Dean Doctor.

You ask me to give you an account of the success of your GALVANIC BELLTS in this region. I can truly say that they continue to do wonders; hundreds wear them, and I do not know of a solitary case of failure in their use. I sold a Belt and the Magnetic Fluid to a lady here some weeks since. She had a complication of nervous disorders, and was very low. Dr. Nelson attended her, but did her no good; and the Doctor blew out considerably when she got the belt, and ridiculed it; but the ledy used the Belt and was cured. Now this Doctor had the Dy spepin for a great while, and could not cure dimacelf, but gets this lady's Belt, wishes it kept a secret, puts it on himsolf, and it did him so much good, that yesterday he called our me and got one for his wife.

No. 3.

Miss Vendraers, of this town, lay all winter with the Rhounstism. She got to be perfectly belyless. Every one who saw her said she could not live. She rent for a UALVANIC BELT—put it on—used the Fluid freely, and in RIGHT DAYS MIR WENT OUT VISITING, AND 13 TO ZE MARRIED NEXT WERY! The Doctor who attended Miss V. hooted at the Belt, but now says there is cortainly a remarkable curative power in your Belts.

No. 4.

Mr. John Eman, merchant of this place, was reduced to a mere skeleton by Dyspepsia and general chronic disease; he got a Belt and the Fluid and is now as healthy a nean as we have got in Kingston. He has spent large sums of money in various nostrums previously, but they all proved useless.

An old gentleman by the name of Newkirk, had the Dyspepsia for thirty years. He tells mo that he could not eat any thing without its rising on his stomach; he was very much emachated and looked miscrable; hut he purchased a Belt from me, and after, wearing it 3 or 4 weeks, he door e up to the door and soid he had come to thank me for selling him Cruss-ris's Herr, or it had made a well man of him. He says that he now eats and digests perfectly, and that he is as hearty as any of his neighbors. He isolout 60 years of ago

Mysers, Gough & Kettenen-Gryts, --Having a young horse that had, much to his injury, contracted the Heaves, I purchased for it an article called "Heave Cure" but which I think should be called "heave maker," as it made the horse a great deal werse than before. I was aftern ards induced to give it the "Tattersall Heave Powders," and the effect was an immediate restoration to roundness. I have since been offered fifty dollars more for the horse than I offered it for before it took your medicine. SCARCELY have ten short years chapsed since an humble at Stempt was made to combine, in a suitable medical preparation a few of the herbs of the Indian. All was dark at the time as to the result. The most that could be estimated was, that the principles adopted as the basis to build upon were sound. 'So much relinnee was placed upon calonel and the innest, that the ill success of the new experiment would have tended to confirm that relaance, while it shook the purposee, the epoilstor, Now, however, all doubt and difficulty is at an end. Every-

where this medicine has been greeted with welcome; everywhere has its use been attended with the most gratifying success. Ere'm small beginnings, its sales are now counted by unitions ! and it is held in ligher estimation at the present time than when it was origin ly introduced.

menced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family, gave them a decided preference over every other preparation.

In every instance when afflicted with sick headache, or when the stream of life was encumbered with morbid humors; I found speedy relief from the use of your Pills. By taking from four to six on going to bed, when indisposed, I have always been restored to health, without loss of time, and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient, and in my case without even producing sickness to the stomach.
