OALIFORNIA GOLD DISCOVERED BY

A valuable Scientifie Hork, upon the subject of Gestation and Chil Birth, by R. G. GENSNER, M. D., late of Paris, just published in New York by the Author. SIGNOR D'ALVRAR'S GOLDOBETOR!!! THE GOLD-SEEKER'S GUIDE!

Or Secret art of finding Mines of Gold, Silzer, Iron Lead, Copper, Coal, and other Mineral Riches. The first discovery of Gold in California was made by DON OSE D'ALVEAR, an eminent Spanish Geologist, Chemist and jatural Philosopher, by means of a newly javented Magnetic in urunnent, called the GOLDOMETER, or GOLD-SET KER'S GUIDE

New York by the sufform, bit D, take of Parts, full particular **Files Twenty-five Conta**. **THIS WORK contains recently discovered information** upon a unified of the highest importance to Married Ecrosons, or those contemplating Marriage. Is will be found of special value to those whose means, health or other circumstances, do not permit them to increase the num-ber of their family, great inconvenience, suffering, or perhaps risk of life. A method of avoiding these troubles and dangers, at will communicated in this work, so that any person may avail himself of int once, without cost. The means of prevention here set for there therefore within the reach of all. The process in new, and clinctly discovered to be the sufficient of the health of the most delicate. Signor D'Atvear has just arrived at New York from the Gold regions of California, by way of Panama, Chagres, and New Or-leans, bringing with him a very large quanity of Gold Ore, val-ued at mearly one million of Bollars, which he collected there Some speculator has clandestinely (under another name) pub-lished au initiation, (bearing the same title,) which festides out thing the Most information reactions of it, duppe the credulous out of

Long before the extinction of Dollars, which he collected there esidents of California generally. at on billing of the second HISTORY OF THE DISCOVERY. 8410 43 Manufacture of the Goldomet r and Publica tion of the Guide. Senor D'Alvear, in compliance with the request of numerou scientific gentlemen, has commenced the manufacture of this new Magnetic instrument, the GOLBOMETER, which he now offer or sale, in the United States, at the remarkable low price of FHREE DOLLARS each accompanied by full instructions for te, and a variety of Philosophical limits drawn from ancient an ART OF FINDING MINES OF GOLD! Silver, Platinum, Qnicksilver, Coal, Iron, Copper, Lead, and oth er mineral Riches, the whole being given in a publication call GOLD SEEKER'S GUIDE! Thisney work, and the GOLDOMETER, are both now read or sale. The GOLDOMETER is so simple an instrument, that a chile any learn to operate with it in live minutes. It is not affected by climate, moisture, or my other known cause, (except the natural nagnet,) and will retain its power of pointing out mineral riches in the earth for any number of years. By the aid of the Guide any school may use the inst uncent at once with perfect success. FARMERS AND LAND OWNERS. Farmers and Land Owners throughout the United States, who have reason to suspect the existance of any kind of Mineral riches poor their hands, should avail themselves of this opportunity to test that fact, by the surest of all known tests, before the abund mee of discoveries in all parts of the country shall have lessened this source of wealth in their estate. ADVENTURES TO CALIFORNIA.

Persons going to California cannot make a letter investment than by purchasing one of these instruments, which will not only be worth first times its value there, to self again, but will be of in-estimable worth to those who go in search of Gold, as has been proved by the most abundant experiment both in California and the Unnot States 1 TESTIMONIALS.

**TEBTIMONIALE.** Signor D'Alvear does not deen it necessary to encumber this hotice with a long list of testimonials, in proof of the value of his GOLDOMETER, and GOLD SEEKER'S GUIDE. The brilliant results of his labors in California, and the discovery, this very week, of fresh verns of gold in Virginia, and beds of Coal in Rhode Island, by its use, are alone sufficient to stamp it as the greatest discovery of the age. Nothing but the extreme cheap-tiess of the instrument, and his desire to see it used for the benefit of mankind, induces thim to dispose of it at the low price for which he offers it. Besides this, his own desire for wealth is near-ly satisfied.

ANOTHER INVALID RESTORED TO BEALTH.

ANOTHER INVALID RESTORED TO HEALTH. (Read the following statement of facts from Mr Eli Balley, a highly respectable merchant of Vienin, Johnson co, Illinois.) Gystekness...-A desire to benefit the attleted throughout the latid has alone induced me to make the following statement of facts respecting one of the most astonishing, curve a cer reorded. My son, now seventeen years of age, his been attleted during his whole life, with a constant cough, phi in the sile and chest, ac-companied with neght sweats and here following statement of facts whole life, with a constant cough, phi in the sile and chest, ac-companied with neght sweats and here following statement of the from strangulation. During the time here was attended by thany physicans of the highest reput, whose prescriptions gave but temporary relief—in fact, so alarming were the symptoms and so inveterate was his "iscase, that I wiscompeted to believe him be-youd the reach of Medical aid! All of our neighbors and friends who saw him, tegarded him as one who was raddly approaching an early and premature larve. After having thus ethausted the skill of the best physicians with-out obtaining relief, I was prevailed upon by the advice of a friend to nake use of Wirker's Baksan of Wild Cherry. He commenced its use about the 30th of December, 183, the first botteor which was a provided the fact and the set of the set approximation be-tored of which was a phi by the saw first fact.

to make use of Wisler's Ba'sam of Wild Cherry. He commenced its use about the 30th of December, 181, the first boule of which gave astonishing relief, and I yean again to indulge in the foud hope that he might yet I e restored to bealth. After having continued the use of it until three boules had been taken, the disease was entirely overcome, and his shartfered con-stitution and emaciated form restored to sound and permanent health, which he continues to enjoy up to the present time. The lieve the genuine D. Wistar's Balsam of Wild Cherry to be orresof the most valuable medicines ever do covered-knowing, as Ado, that the above cure was effected to lety by its use. WOF WILD CHERRY over

superority of WISTIR'S BALSAW OF WIDE CHERRY over all other remedies now before the public of the same character, Convroy, Ind, Jan, 23, 68 P. It is no less a duty than a plearther to state for the benefit of the afflicted, that I consider Wider's Balsam of Wild Cherry a great blessing to the human race. Having tried it in care of severe af-therion of the lungs, I unbesitatingly recommend it to the c simi-hery affleted as the best remedy lhave evor tried and one which cured me when physicianes said I thust die, and when J thought usyeff, that ny time to depart was near at hand. There is a difference between WISTARYS BALSAM OF[WILD CHERRY, and all other preparations of Wild Cherry. The true and genuine Balsam, as sold by dy, contains, besides the extract of Wild Cherry bark, other medical agents of great character and ethest and ungs. But all the important difference between this medicine and nu others of the kind is, that Wistar's Balsam entres, while other trended space only the propart is balsam indicine and nu others of the kind is, that Wistar's Dalsam indicine and nu others of the kind is, that Wistar's Dalsam is a sold by the solution of the suf-feret.
