For the Observer. MR. EDITOR. - It is generally known that Messrs. Vinent, Himrod & Co., have purchased a large lot of coal rom the Government, and it is feared that they intend to y for the hauling of it in "due tills," thus forcing upthe community, a lot of worthless trash us a circulaing medium. It is proposed (in the absence of any thing of more importance to talk about,) to hold a "pubhe meeting at the Court House" on the subject, and if possible, take measures to provent them from hauling the coal at all. Resolutions will be passed expressive of the sense of the meeting with regard to the improvement of Rivers and Harbors, and also requesting our Legislature o immediately pass a "General Shin-pluster Law," au_ porizing our Borough to issue small notes, from the momination of 62 cents up, based upon "Public bridgo" locks-the same being deemed indispensably necessary, or the great and growing interests of this city. CALIFORNIA GOLD SIGNOR D'ALVEAR'S GOLDOMETOR !!

THE GOLD-SEEKER'S GUIDE! Or Secret art of finding Mines of Gold, Silver, Iron, Lead, Copper, Coul, and other Mineral Riches. The first discovery of Gold in California was made by DON OSE D'ALVEAR, an eminent Spanish Geologist. Chemist and aural Pulosopher, by means of a newly invented Magnetic in rument, called the

GOLDOMETER, or GOLD-SELKER'S GUIDE Signor D'Alvear has just arrived at New York from the Gold regions of California, by way of Panama, Chagtes, and New Octeurs, bringing with him a very large grantity of Gold Ore, valued at nearly one million of Dollars, which he collected there long before the existence of the Gold mines became known to the residence of California reportable. residents of California generally.

HISTORY OF THE DISCOVERY. Signor D Alvear went out to California nearly two years ago, consequence of certain information which he had received of n consequence of certain information which he had received of the goological character of that country, with the firm belief hat vast mines of precious metals would be revealed there thou areful investigation. He was encouraged to this enterprise, also, or his confidence in a certain Magnetic instrument which he had invented, called the "Goldometer," by whose hid he expected to be directed at once to the "Gold Placerer," it may such existed, or were his expectations disappointed. His scientific calculations' provided to be founded in thuth and profound wisdom, and his new instrument, the "Goldometer," intitled his highestopes. In one of the richest Gold mines in that country, upon an obscure translation of the Sacramento river, in a gorge of hills extremely corky and difficult of access, and seldom visited by the native Cultornias. Disguisting his object under the prepace of purely

rocky and difficult of occess, and seldom visited by the native Californians. Disguising his object under the pretence of purely scientific research, he obtained the aid of some fifteen or twenty sample and faithful Indians, and steadily pursued his task, collecting often more than \$3,000 worth of Gold in a single day, which ing often more than \$3,000 worth of Gold in a single day, which be concealed in a deep ravine, without exciting any suspleton whatever, unit after the discovery of gold at Capt. Sutter's Mill, when the mountains were ransacked by gold seekers, and Signor D'Alvear's "gold placer," the richest in all California, was beset with greedy adventurers. It is now found that the real immes or sources of the gold, lie in the gorges of the mountains, and not in the heds or sands of the rivers. Previous to teaving California, Signor D'Alvear sold his instrument, the Goldometer, a very imperiect one, for \$3,000. The person who purchased it confidently expected to make a hand-one fortune, by simply fliding "gold placers" and setting the right of digging to the gold workers. thereiner Johnson has appointed our friend, Capt. J. W. Manufacture of the Goldomet r and Publica-

tion of the Guide. tion of the Guide.

Signor P'Alvear, in compliance with the request of numer scientific gentlemen has commenced the manufacture of this in Magnetic instrument, the GOLDOMETER, which he now of for sile, in the United States, at the remarkable low price THREE DOLLARS each, accompanied by full instructions use, and a variety of Philosophical funts drawn from ancient a modern sciences, or the

ART OF FINDING MINES OF GOLD! er, Platman, Quicksilver, Coal, Iron, Copper, Lead, an ineral Riches, the whole being given in a publication GOLD SEEKER'S GUIDE!

This new work, and the GOLDOMETER, are both now ready or sale. The GOLDOMETER is so simple an instrument, that a child may learn to operate with it in five maintes. It is not affected by claimate, moisture, or any other known cause, (except the natural magnet,) and will retain its power of pointing out mineral riches in the earth for any number of years. By the aid of the Guide any person may use the instrument at once with perfect success.

PARTIERS AND LAND OWNERS. Farmers and Land Owners throughout the United States, who have reason to suspect the existance of any kind of Mineral riches upon their lands, should avail themselves of this opportunity to to of discoveries in all parts of the country shall have lessene

ADVENTURES TO CALIFORNIA. Persons going to California cannot make a better investment than by purchasing one of these instruments, which will not only be worth firly times its value there, to sell again, but will be of inest inable worth to those who go in search of Gold, as has been proved by the most abundant experiment both in California and the United States.

TESTIMONIALS.

Signor D'Alvear does not deem it necessary to encumber this nonce with a long list of testimonials, in proof of the value of his GOLDOMETER, and GOLD SEEKER'S GUIDE. The brilliant WISTAR'S BALSAM OF WILD CHERRY.—The great success attending the use of this Balsam in Pulmona is to go, having naturally attracted the attention of Physicians of the instrument, and his desire to see it used for the benefit in columnary parts, some suppose it to contain nothing, others in the instrument, and his desire to see it used for the benefit in columnary parts, some suppose it to contain nothing, others by gent, &c, and to such substances they attribute as extraordic in each part of the contain nothing that the columnary parts in the form of the columnary parts. This work contains recently discovered information upon a subject of the highest importance to Married Persons, or those contemplating Marriage. It will be found of special value to those whose means, health or other circumstances, ido not permit them to increase the number of their family, great inconvenience, suffering, or perhaps tisk of life. A method of a violing these troubles and dangers, at will, (recently discovered by a celebrated French Physician.) is fully communicated in this work, so that any person may avail himself of it at once, without cost. The means of prevention here set forth are therefore within the reach of all. The process is new, safe intaitible, convenient, simple, and cannot injure the health of safe intallible, convenient, simple, and cannot injure th

ANOTHER INVALID RESTORED TO HEALTH.

(Read the following statement of facts from Mr. Fil Balley, a highly respectable merchant of Vienna, Johnson eo, Hilmots.)

Gustleria, :—A desire to benefit the alliteted throughout the land has alobe induced me to make the following statement of facts respecting one of the most setomishing cares ever recorded. My son, now seventeen years of age, has been addicted during his whole life, with a constant coggh, pain in the side and cliest, accompanied with night aweats and hever fever, which produced great emaciation and debility; and at intervals during the night, his cayscioration would recome se great as to endanger his life from strangulation: During the time he was attended by many physicians of the highest repaire, whose precraptions gave but temporary relief—in fact, so nlarming were the symptoms and so invercance was his disease, that I was compelled to believe him beyond the reach of Medical and 1

Alt of our neighbors and friends who saw him, regarded him as one who was rapidly approaching an early and preinaure grave. After having thus exhausted the skill of the best physicians without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistar's Ba'sam of Wild Cherry.

He commenced its use about the 20th of December, 1814, the first bottle of which gave astonishing relief, and I began again to indulge in the fond hope that he might yet be restored to bealth.

After having continued the use of itunul three bottles had been taken, the disease was embrely overcome, and his shantwed constitution and cuaciated form restored to sound and permanent health, which he continues to enjoy up to the present time.

I believe the genuine Dr. Wistar's Islasam of Wild Cherry to be one of the most valuable medicines ever discovered—knowing, as I do, that the base cure was energed solely by its use.

I'm, gentlemen, very respectfully,

Four most obelien servant,

April 9, 1816. ANOTHER INVALID RESTORED TO HEALTH.

CONSUMPTIVE PATIENTS Will please real the following statement from the Harrison Gazette:—The incredulous are livited to read the following note from Rev Mr Coldron, whose character for tenth and veracity stands above suspiciou, and have their doubts dispelled as to the superiority of BISTAR'S BALSAM OF BILD CHERRY over Courtes, Ind. Jan. 28, 1848.
It is no less a duty than a pleasure to state for the Lenefit of the

It is no less a duty than a plearure to state for the Lenefit of the afflicted, that Prousider Wister's Bataam of Wild Cherry a great the sing to the human race. Having tried in in case of severe affliction of the lunes, I unhesitatingly recommend it to those similarly afflicted as the best remedy I have ever tried and one which cured me when physicians said I must die, and when I thought myself, that my time to depart was near at hand.

There is a difference between WISTAR'SBALSAM OF WILD CHERRY, and all other preparations of Wild Cherry. The true and genuine Balsam, as sold by us, contains, besides the extract of Wild Cherry bark, other medical agents of great character and efficacy in the cure of coughs, colds, and general diseases of the chest and sunger: Busult the important difference between this medicine and all others of the kind is, that Wistar's Balsam cures, while other remedice give only temporary relief to the sufcures, while other remedies give only temporary relief to the suf-
