"TAKING THE STARCH OUT OF 'EM."

A lot of idlers stood upon the end of a pier which ran out into the Hudson river, in one of the small towns near Albany, a few days ago, amusing themselves with hurling stones into the broad stream, each yieling with the other in the endeavor to pitch a missile at the farthest distance from the shore, whose a talk regard heits. Vermonter direct from the state of the stat when a tall rugged-built Vermonter, direct from the Green Hills, suddenly made his appearance in their midst, and for a while remained a quiet obser-

ver of their movements.

He was a brawny, strong-looking Yankee, and was very decently clad. The efforts of the little party had been exhibited over and over again, when the stranger quietly picked up half a brick which lay near him, and, giving it a jerk, it fell into the water a long way beyond the line which had as yet been reached by the foremost of the crowd. At the conclusion of this feat a loud "bravo!" went up from half a dozen voices around him.

It was cold, clear day in October, and the men, determined not to be outdone, renewed their attempts; but the Vermonter, without saying a syllable to any one, continued to pitch the pebbles far into the stream, which seemed to annoy one of them in a green jacket, the apparent leader of the gang, who declared he wouldn't be beaten by a "feller right straight out o' the woods, no how;" and sidling up to the stranger, he determined to make his acquaintance. "Where did you come from neighbor?" inquired

the other. "Me? Wal, I hails from Vermont, jes noaw,

"Haint bin in these parts long I reck'n?"

"Wal-not Not edzackly yere-but up and daown sorter." "Yis-so I 'aposed."

"Yons," continued the green 'un, carelessly, and scizing a big billet of wood, he twirled it over his head, and it landed several rods from the shore, in the water. "You've a little strength in your arms, neigh-

"Some 'pum'kins' is them flippers, stranger. Up in aour toawn, more'n a munth ago, I driv them are knuckles tite strut thru a board, more'n a ninch

"Haw-haw?" shouted his hearers, the man in the green jacket laughing loudest. "May be you don't b'blieve it."

"Not much," answered the crowd. "We aint very green, down here in York-we nint," said the fellow in the green jacket; "we've

been about, you see." "Wal, jes' you look yere friend," continued the Vermonter, in the most plausible manner; "up in

nour county, we've a purty big river cons derin-Inyon river, it's called, and may be you've hearn on it. Wal, I have a man clean across that river t'other day, and he came daown fair and square on L'other side. "Ha, ha, ha!" yelled his auditors. "Wal, naew, yeu may laff, but I kin deu it agin."

"Do what?" said green jacket quickly. "I can take and heave yen across that river yender, just like open and shet!" "Het ten dollars of it."

"Done!" said the Yankee; and drawing forth an X (upon a broken down east bank) he covered the bragger's shinplaster. "Kin yeu swim, feller!"

"Like a duck," said green jucket-and without further parley, the Vermonter seized the knowing Yorker stoutly by the nape of the neck and the seatof his pants, jerked him from his foothold, with an almost superhuman effort, dashed the bully heels over head from the dock, some yards out into the

A terrific shout rang through the crowd, as he floundered into the water, and smidst the jeers and screams of his companions, the ducked wally put forth to the shore and scrambled up the bank, half frozen, by this sudden and involuntary cold bath. "I'll take that ten spot, if you please," said the shivering loafer, advancing rapidly to the stake

holders. "You took us for green horne, eh? We'll show you how we do things here in York"-and the fellow claimed the twenty dollars. "Wal, I reck'n you wunt take no ten spots jes'

yit cap'n." "Why? You've lost the bet."

"Not edzactly. I didn't calkilate on denin' it the first time—but I tell yeu, I kin den it"—and again in spite of the loafer's utmost efforts to escape him, he seized him by the scruff and the seat of the over-

alls, and pitched him three yards further into the river than upon the first trib!! Again the bully returned, amid the shout of his mates, who enjoyed the sport immensely.

"Third time never fails," said the Yunkee, stripping off his cont: "I kin dev it, I tell ye." "Hold on!" said the almost petrified victim .-"And I will dea it-of I try till to-morrer mor-

"I give it up!" shouted the sufferer, between his teeth, which now chattered like a mad badger's-

"take the money." The Vermonter very cooly pocketed the ten spot, and as he turned away remarked;---

"We aint much acquainted with you smart folks daoun here'n York, but we some times 'take the starch aout of 'em up'our way-and p'raps yeu wunt try it on to strangers agin. I reck'n yen wunt," he continued, and, putting on a broad grin of good humor, he left the company to their reflections!

CUTTING IC, SHORT .- A certain barber who was possessed of great powers of "gah" used to amuse his customers with his long yarns while he manipulated their heads and faces. One day an old codger came in, took his seat, and orders a shave and The barber went to work and began at the same time, one of his long stories, to the no little dissatisfaction of the old gentleman, who becoming irritated at the barber, said-

"Cut it short." "Yes sir," said the barber, continuing the yarn, until the old gent again sung out-"Cut it short, I say, cut it short!" Yes sir,"-clipping away and gabbling the fas-

"Cut it short, cut it short, I say," says the old

"Yes sir," says the barber going on with his story. "Will you cut it short, blast you!" bawls the old

gent in rage. Can't sir," said the barber, "for if you look in the glass you'll see that I've cut it all off?" And to his horror, upon looking in the glass, the old gentleman found his hair all cut from his head!

CARRECT SPRARISO .- We advise all young people to sequire in early life the habit of using good language, both in speaking and writing, and to abandon as early as possible the use of slang words and phrases. The longer they live the more difficult the acquisition of such language will be; and if the golden age of youth—the proper season for the acquisisition of language—be passed it its abuse, the unfortunate victim of neglected education is very probably doomed to talk slang for life. Money is not necessary to procure this education. Every man has it in his power. He has merely to use the language which he reads instead of the slang which hears; to form his taste from the best speakers, and writers of the country; to treasure up choice phrases in his memory, and habituate himself to their use-avoiding at the same time that pedantic pre-cision and bombast which bespeak rather the weakness of the vain ambition than the polish of an educated mind. There is no man, however low in rank, who may not materially benefit his financial condition by following this advice, and cultivating at the same time such morals and manners as cor-

re-pond in character with good words.

Dr. CHRISTIE'S GALVANIC BELT

MAGNETIC FLUID, used with the most perfect and certain success in all GENERAL DEBILITY, Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS AND PALSY,

Dyspensia or Indigention, RHEUMATISM, Acute and Chronic, GOUT, EPI-LEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEARY, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, Liver Complaint.

SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERV-OUS AND PHYSICAL ENERGY, and all Nervous Diseases,

which complaints arise from one simple cause, namely, A Derangement of the Norvous System. OF IN NERVOUS COMPEAINTS, Drugs and Medicines increase the disease, for they wooken the titul enorgies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Gulvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health,

strength, elasticity and vigor. The great peculiarity and excellence of Dr. Christie's Galvanic Curatives.

consists, in the fact that they arrest and cure disease by our ward application, in place of, the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury maler any circumstances. Since their introduction in the United States, only three years since, more than 60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND FERMANENTLY CURED. when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person addicted with that bane of civilitation, DYSPEPSIA, or any other Chipnic or Norvous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, added and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dy speptic suderer, even in the worse symptoms of an attack, and simply the the Belt around the body, using the Magnetic Fluid as directed, in a short period the insemble perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic checkelion throughout the system. Thus the most severe cases of DYSPETSIA are FERMANENTLY CURED. A FEW DAYS 15 OFTEN AMPLY SUFFICIENT TO ERADICATE THE DIBEASE OF YEARS

The following letter is from Mr. Alonzo D. Felter, of Kingston, N. Y. a gentleman of high respectsbility and

KINGSTON, Ulster Co., N. Y., Jan. 24, 1848 To Dr. A. H. Christie.—

About the first of November last I called at your office and purchased one of your Galvania Bolts, and I am happy to say that it has made a new man of me. For years I have been troubled with Ruser variety, very severe, and a general needs. troubled with Ruse Marien, acry severe, and a general weak, ness of the whole system, and very nervous, with pain in the head, so severe that I would have to take to my bed three or four times a day. My friends are astonished at the perfect and wonderful cure wrought on me. I never was better in my life than now, and I know that this is altogether owing to your GALVANIC BELT, for I had had the best physicians, and had tried every thing previous to using it, without effect.

Very respectfully, ALONZO D. FELTER. Tery respection; ALONZO D. FELTER.

Mr. Falter produced a number of the GALVANIC BELTS, and having disposed of them among his friends, thus writes:

Kingston, May 6, 1848.

You ask me to give you an account of the success of your GALVANIC BELITS in this region. I can truly say that they continue to do wonders; hundreds wear them, and I do not know of disolitary case of failure in their use. I sold a Belt and the Singnetic Fluid to a buly here some weeks since. She had a complication of nervous disorders, and was very low. Dr. Nelson attended her, but did her no good; and the Doctor blew out considerably when she got the belt, and ridiculed it; but the lady used the Helt and was cured. Now this Doctor had the 103 sepens for a giest while, and could not cure himself, but gets this lady's Belt, wishes it kept a secret, puts it on himself, and It did him so much good, that 3 esterday he called on me and got one for his wife.

No. 4.

Mr. John Eman, merchant of this place, was reduced to a mere skeleton by Dyspepsia and general chronic disease; he got a Belt and the Fluid, and is now as healthy a men as we have got in Kingston. He has spent large sums of money in various nostroins previously, but they all proved useless.

An old gentleman by the name of Newkirk, had the Dyspepsia for thirty years. He tells me that he could not cut any thing without its rising on his stonach; he was very much emaciated and looked miserable; but he purchised a Belt from me, and after wearing it 3 or 4 weeks, he drue up to the door and said he had come to thank me for relling him Cransvir's Bart, as it had made a well man of him. He says that he now eats and digests perfectly, and that he is as hearty us any of his neighbors. He is about 60 years of age.

No. 7.

The wife of Mr. Joseph King, of Kingston, has been complaining of lassitude and general weakness for reveral years, and also troubled, with indigestion. She got the Belt and Fluid, and Mr. King told me this day, that his wife was like another woman, it had done her so much good. I could give you a great many more case, equally successful, but I suppose these will be sufficient. I may say that I never was engaged in any buriness that has been so fortunate and satisfactory to all concerned.

TAILORING.

THE undersigned takes this method of informing the citizens of Eric and, vicinity, that he spill continues the business of TAILORING at his old stand, where he will be happy to save them from the horrors of slop shop clothing, by making a fair and handsome garment at a very reasonable price. He returns his thanks to the public generally for its kind and liberal patronage heretofore, and trusts, by strict attention to business, to merit and receive the same for the future; as he feels confident that from long experience in some of the principal shops of London and New York, he can execute any work-entrusted to him in the most work manike, fashionable and satisfactory manner.

THAS CURED, in the last year—
1500 Cases of Heaves.
2000 "Chronic Cough,
-200 "Horken Wind,
5000 "Horken out of Condition, and other discuses.
This remedy is put up in large packages, weighing over one pound, sufficient to administer to a horse for about 16 days, and to cure an ordinary case—thus it will be seen that it is the cheapess Heave medicine that can be given, as only one adplar's worth is requisite in most Cases to cure. We know of many who have improved the value of a heavy horse fifty and some one hundred dollars, by one dollars worth of the Tattersall Heave Fowders.—Only be store to get the genuine article, and your money will be amply repaid to you.

Only be sore to get the genuine article, and your money and amply repaid to you.

More than 500 certificates verbal and written, have been received, attestingle the virtue of this incestimable reheady, but we have only space to subjoin the following:

Read the following:—Thus is to certify, that I cured a horse of mine of the fileaces, by one package of Tatterall's Heave Powders. The horse has made no sign of the Heaver since the Powder was given, and I befree the cure to be permanent. As a medicine for horse; I televe it is all it is recommended for.

O. S. HALL, Farmer, O. S. HALL, Farmer, Town of Scriba, Oswego county, March 21, 1418, Kirkland, Oneida County, N. Y.

Missins, Govan & Ketteny, Givis, Having a young horse that had, much to his injury, contracted the Heaves, I purchased for it an atticle called "Heave Cure?" but which I think should be called "heave maker," as it made the horse a great clean worse than before. I was afterwards induced to give it the "Tattersail Heave Powders," and the effect was an immediate restoration, to soundness. I have since been othered fifty dulars more for the horse than I offered it for before it took your medicine.
