All the the thunder, sunke and dust that can be evoked will amount to nothing, as this committing are too culi intened to be decrived by such non-ense—they car nothing about names and locations, but treort to the places where rich and fashionable goods are kept and sold at reasonable prices. Whatever may have been the consequences, in pursannee of the alove determination, in my late visit to the critics of New York and Philadelphia, I purchased a very large quantity of the rickest and most fashionable Drass Goods in market, including a great variety of the newest styles of Drass Silks. It is my intention hereafter to keep on hand the largest variety of Fancy Goods in own, and my past transactions I trust are a guar-my that pittes will meet with the favor of my patrons, who are respectively my intention to continue the favor of my patrons, who are respectively my direct ocal farther Commercial Exchange, where I am now receiving my new Spring and Summer Goods.

St. Louis, Missouri, February 22d, 1849.

DR. W. B. Sloam—sin. About two years ago, while rafting on the Mississippi river, in passing over the rapids, I was plunged in the water, and by the raft dashed against a rock, crushing my leg and otherwise seriously infuring me, so much that I lost all sensibility. When consciousness returned I found myself in 8t. Louis, surrounded by my weeping family. Good nursing and medical and, endbled me in about two months to hobble around with the assistance of a crute. The wounds only partially healed, leaving large running sores at the knee, which for many months discharged blood and matter of the most offensive character. My pains were inexpressable, at times my suffering was so great that teath would have received a hearty welcome. Fortunately Mr. Wilson, One of my neighbors) advised me to try your Ointment, I obtained a box and applied it according to direction—the sores soon began to assume a healthy appearance, and in three months I was entirely cured, and able to endure hard labot.

M R. W. B. Sloan—Dart sir. Last February 18th, near Mount, so deep that the Joint water issued freely, many good Judges of horses gave it as their opinion that the horse would never recover. I applied your Ointment freely and often, land notwithstanding, the animal could scarcely bear any weight on the diseased leg, the nonequence of pressing business. I ventured to start with the horse on my return to Du Buque, a distance of some 100 miles, just at the breaking up of streams, through which I was obliged ford and expose the leg and wound of the horse to frequent drenchings of water, snow and deep mud, still the horse continued to improve. One 50 cent box of your extraordinary ofntaen entirely cured the horse in less than 20 days. Yours, truly.
