MINESOTA .- The seat of Government of Minesota, is called St. Paul. A now paper is about to be started there to be called "The Epistle of St. Paul."

"PROFIRESS OF THE AGE .- The editor of the Easton, Pa., Argus, a few days ago, saw a boy and girl, neither of them over eight years of ago, stagger by his office, beastly drunk.

D' We find that following piece of impudence in a New York paper, viz:

"Young ladies should never object to being kissed by editors, they should make every allowance for the freedom of the press."

We are silent with indignation.

"How do you like General Taylor?" an old whigh was asked a few days since. "First rate," said the old coon. "He turns out a great deal better than we expected."

Dr A girl named Lucy Kneass, tried to poison the family of Joseph Reinhart, in Upper Saucon, Lehigh county, Pennsylvania, the other day. Lucy was not permitted "to take her time," but was sent to prison .-She is only 18.

AT The New York Courier and Enquirer represents all the members of the cabinet to be great and good men. - Of Clayton he says he is "desittate of religion," and

that ho "never attends church." 37 Mr. Goodrich the Tennessee "slaveholder" (a

word not often seen in the northern whig papers that used to bristle with it) appointed chief justice of Minesota, has, according to the Nashville Union, no reputation as a lawyer, and his sole claim to the office was his " having made a series of very vulgar speeches in behalf of Taylor during the late canvass.

" a i' The Milwaukio Sentinel informs us the treasury of Wisconsin is so palpably empty that the members of the late Logislature either went home without any mones or had to stand a heavy shave on their warrants. The countres are delinquent to the amount of over \$19,000 .--The deficiency in the treasury is about 24,000.

IT We learn, says the Boston Journal, that Dr. Warren, of this city, recently took from , the stomach of an trish girl, in the Massachusetts General Hospital, hy means of an incision, a tape worm forty-ong feet and deven inches in longth. The operation was performed while the sufferer was under the influence of either .--the observed, on coming to hersenses, "Oh! I have had i a pleasant dream, and feel releived." The wound was z dressed with great care, and she has scarcely complained of pain since the operation.

Qi'A writer in the Louisville Journal describing the effects of the late tornado at "Big Spring," Ky., gravely states that "this morning fowls of every kind are lying ecattered over the fields entirely stripped of feathers."

WARNING TO PARENTS .- A child two years old, was killed at Fall River a few days ago, by an injection of tobacco, administered by an ignorant quack "to cure the corms " Death was almost instantaneous, such is the poisonous nature of the drug.

Isorvior's Fraud,-Sixty tons of oil cakes from Holfind were examined recently at the London Custom House, which proved to be snuff. As the duty on snuff resix shillings sterling per pound, the trick would have realized to the ing enious sningglers £ 10,000.

LADIS AND CHILDREN FOR CALIFORNIA -The ship A Abambra silled from New Orleans, on the 14th instau for San Francisco, with 93 passengers, among Iwhic were the wives of 10 of the gentlemen, and 15 children and the barque Florid (sailed on the 16th, with 60 pass engers, including 6 ladies, 1 children, and 1 servantsthe latter colored slaves probably.

If Great men in the mistakes as well as little ones.-This was apply illustrated by Mr. Calhoun who took the position that all mun are not "created fice and equal." Said he, "only two men were created, and one of thom was a commun." Tremendous laughter followed the tororable senator's remarks.

COMMERCIAL EXCHANGE. French Sirect, Erie, Pa., April 17, 1849. THE impression is abroad that I have, or an about to abandon The Fancy Goods and Silk Trade. It is a fact that the tre-mendous inroad that was made upon the afore mentioned branch of my business hat summer, by the roblery, somewhat discoura-aged me, and I was for a while in a straight whether of- no to haunch into that trade. After pondering on the subject a good while—fortunate, happy community—I came to the determination to resume it. Consider for a moment what your situation would have been had I determined otherwise. One or two stores would have been had I determined otherwise. One or two stores would have been block, restone Block, or some other high sounding name, would have been flourished about your ears to draw attention, and any and every fugars resorted to obtain notoricity. This would of course have I cen sill perfectly right. All the the thunder, sincke and dust that can be evoked with amount to nothing, as this com-munity are too enlightened to be deceived by such nonsense—they care nothing about names all decailous, but trieort to the places whete rich and fashionable goods are kept and sold at crassnable prices. Whatever may have been the consequences, in pursuance of the above determination, in my late visit to the cities of New York and Philadelphia, I purchased a very have guantity of the richest and most fashionable goods in market, including a great variety of the new set styles of Dress Eikks. It is my inten-tion hereafter to keep on hand the largest variety of Fancy Goods in now, and my a t transactions I tures trae a guarany that prices will meet with the favor of my patrons, who are respect-fully invited to call at the Commercial Fachange, where I am now receiving my new Spring and Summer Goods. THE HALF HAS NOT BEEN TOLD. For River, June 12, 1848. DR. Sloan-sir: Please send by the bearer a new supply of your Horse Medicines. They are the best articles of the kind that I have been in the use of other, even the most celebrated Oint-ments, Lipinnents, &c., of the day. 1 like very much this feature in them viz: that they do all that is promised, and upon a thorough trial one is constrained to add, that "haff has not been told."
