Messes. Sanford & Park—Gents: This is to certify, that my wite Nancy Dohoney has been in a declining state of health for the last two years. Her disease baffled the skill of the best medical aid I could precupi—her physicians pronounced her disease "Consumption in the last stage," and said that her recovery was past all human hopes. As a last resort with very little hope, I procured Wister's Balvam of Whid Cherry. After using a few bottles, I found to my after able surprise, that ther health was improving rapidly. She is now 20 far restored as to be able to attend to her regular homehold duties without suffering any inconvenience. Eric, April 21, 1849.

Proscription! Proscription!!

THE above is at this day by far the most general cry throughout our land. Scarce any one exempes its ochim. Even Gen. Taylor, that great and good man, is frequently accused of it. He, however, as often denies the charge as it is made, and boldly asserts that he "removes for cause only."

The Subscribers have quite recently got out a NEW STOVE on the elevated oven principle, which they call the KEYSTONE COOKING STOVE. Said Stove is so decided an ignorevement on all and every Flove heretofore made (having so manly good qualities others are oil of) that thise engaged in the manufacture of a much inferior article have taken the alarm, and at once raise the cry of pro-cription, and expect by this to escape a general route. Such cry, howefer is a useless waste of the raw material. The edict has been issued—commanity claim the right to reflect the best Stove out. Hence the Keystone Stove mult supercede and remove all others, including Scannett's Pafent. The verdict, however, will be, "Removed for cause only," so we stand in a position similar to General Taylor, and as he is justified to shall we be.

A good assortment of other COOKING STOVES, including the celebrated Aupenter Stove, as well as the Genesee Partner and Chuton Air-tight Cook Stoves, Air-tight Parlor and Bot Stoves—also Cauddron and Sugar kentles of different sizes constantly on hand. In fact no better assortment of CASTINGS can be found elsewhere.

The attention of the public is also called to M'Millen's Improved PLOW—a new article, with cast iron beam, manufactured by and warranted.

Mr. Sloan—Dear Sir: One of my horsos had a large bony tumor on his breast bone, mimediately under the collar, which lained into an endered his services of very little value. I faithfully applied several bottles of Dr. Toylor's Nerve and Bone Liniment, without the least leneth. I then procured Wilder's Celebrated Horse Oimment, and used that until I became fully satisfied that it would never relieve the animal. Finally I obtained a box of your truly valuable Onthment, mud in less than 00 days from the diest application the tumor entirely disappeared, and the horse was well.

POPULAR OPINION. POPULAR OPINION.

If popular opinion is any criterion of the worth of an article, we invite the incredulous to read at least a few of the many voluntary certificates that appear in our columns respecting the great variety of remarkable cures effected by the use of "Bloan's Celebrated Ointment and Condition Powders."

These remedies no longer remain among those of doubtful utility, they have passed from the tide of experiment, and now stand higher in reputation and are becoming more extensively used than" all other articles of the kind.—Mich. C.t.g. News.

THE HALF HAS NOT BEEN TOLD. DR. Sloan—sir: Please send by the hearer a new supply of your Horse Medicines. They are the best articles of the kind that I have ever used, never that may been disappointed in their effect, as I have been in the use of other, even the most celebrated Oliments, Limments, &c., of the day. I like very much this feature in them viz: that they do all that is promised, and upon a thorough trial one is constrained to add, that "half has not been told.

DR. Stoans:—Dear Sir: about three years ago I was severely injured in one of my legs by the falling of a pite of wood
which occasioned large running aleres. Nearly every doctor in
Galena tried to cure them; but tried in vain, until from sympathy
and improper treatment my other leg became as bad as the one
originally wounded. I despaired of ever being well again—but
in order that I might neglect no means within my reach, I purchased of your agent in Galena some of your Ointment, and you

MISSISSIPPI RIVER.

Pt. Louis, Missouri, February 22d, 1849.

Dr. W. B. Sloan—sin: About two years ugo, while rafting out the Mississippi river, in passing over the rapids, I was plunged in the water, and by the raft dished against a rock, crubing my leg and otherwise seriously injuring my, so much that I lost all sensibility. When consciousness returned I found myself in 8t. Louis, surrounded by my weeping family. Good nursing and medical aid, enabled me in about two months to-hobble around with the assistance of a crute. The wounds only partially healed, leaving large rutningsores at the knee, which for many months discharged blood and matter of the most offensive character. My pains were inexpressable, at times my suffering was so great that death would have received a hearty welcome. Fortunately Mr. Wilson, (one of my neighbors) advised me to try your Ointment, I obtained a box and applied it according to direction—the sores soon began to assume a healthy appearance, and in three months was entirely cured, and able to endure hard-lator.

GOOD JUDGES.

Du Buque, Iowa, March, 15th, 1649.

M. R. W. B. Stoan—Dear siz: Last February 16th, near Mount Morrie, Illinois, I had a horse wounded in the stifle joint so deep that the joint water issued freely, many good judges of horses gave it as their opinion that the horse would never recover. I applied your Ointment feely and often, and notwithstanding, the animal could scarcely bear my weight on the diseased leg, yet in consequence of pressing business. I ventured to start with the horse on my return to bu flaque, a distance of some 100 miles, just at the breaking up of streams, through which I was obliged to ford and expose the leg and wound of the horse to frequent denchings of water, snow and deep mud, still the horse continued to improve. One 50 cent box of your extraordinary olutiment entirely cured the horse in less than 30 days. Yours, fruly,
