The Evening Post says I has the highest authority for asserting that the Navigation bill will pass the British House of Lords.

The stoamer Falcon, from Chagres, arrived at this port early this morting. The California and Oregon had not arrived at Ponama on the 4th of May. The rainy season had commenced, and the Chagres river had risen so much, that the steamer goes up as high as Crusis, and without doubt all emigrants hereafter will have to go by that Place to Panama, as the other road is so muddy that it is hard to get over it. Some correspondence had taken place between the Governor of the province and the United States consul, Mr. Nolson, relative to certain missiomeanors of American emigrants. Mr. Nelson asared the Governor that he would exert himself to preerve order among them. 👍

Three deaths had occured among the emigrants-their names were, Messrs. Haggerty, Crocker and Ellis, all of the state of New York.

Sr. Louis, May 15. Trouble has grown up among the California emigrants, and several companies have already disbanded. The Pennsylvania company have had a fight with the Indians, in which six of the latter were killed.

READ: READ!!

This medicine is just what it is declared to be above. A temely for the complete care of all those aff-ctions of the Triont and Laugs, which if neglected, always end in Corsentrior. It is not a worthless, entch-penny article, unde just to #I, like many of the common noarrous of the day, but is a strictly electify Preparation—the original recipe having been furnished by an eminent Physician, a gardance of the University of Pennsylvania—It is composed of the choicest articles in the vegetable kingdom, most of them of long-tried value and established reputation, and some of them estirely new, particularly the Carcia Lauda, a plant of most wonderful medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Phy-letinus, who have universally approved it, and will be shown to any Physician who devires to see it, upon application either to the Proprietors or their Agents. I than been used in multitudes of cases, and is strongly recommended by Physicians, even Profess is in our Me lical Colleges, Ministers of Gospel, Judges, Lawers, Merchants, Mechanics, &c.—a conclusive proof that there is no quackers or despires about it, but that it is a medicine of most uncommon virtue and efficacy.

As no ordinary-size advertisement can begin to do justice to the merits of this article, the Froprietors have embodied in a pamphlet form, the kistory of this Medicine—the description, nature, &c., of its principal ingrelients—the effect they are designed to have upon the lumin system—and above all, the incalendable amount of good which it has done. They design to circulate this Pamphlet extensively; but should any one be overlooked, they are enreaty desired to call upon the Agents ramed below, and proposed of the merits of its will well repay a perusal. The kirts on page 7th may be worth to yourself or family. THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor which is a perfectly irresistible.

THE great remedy for Consumption of the Lungs. Affection of the Liver, Asthma, Broughitis, Pains or Weakness of the Breart or Lungs, and other affections of the Pulmonary, Organs.

READ THE FOLLOWING TESTIMONIALS: READ THE FOLLOWING TESTIMONIALS:

In accordance with the prevailing custom, and in order to show the virtue, of this medicine more fully, the following certificates have been selected; and as it is not our wish to triffe with the lives or health of those afflicted, we sincerely pledge ourselves to make no assertions or "false statements" of its efficacy, nor will we hold any hope to suffering humanity which facts will not warrant. The Proofs are here given—and we solicit an inquiry from the public into every case we publish, and feel assured they will find it a medicine well deserving their patronage and confidence.

REMARKABLE CURES!

Of all the cures that have yet been recorded, there are certainly none equal to the one first mentioned, which plannly shows the curability of Consumption, even in seme of its worst forms. JEFFERSON Co., In., Feb. 28, 1810.

Her disease balled the skill of the best medical nid 1 could procure—her physicians pronounced her disease. Consumption in the last stage," and said that her recovery was past all human hopes. As a last resort with very little hope, I procured Wistar's Balsam of Wild Cherry. After using a few bottles, I found to my agree able surprise, that her health was improving rapidly. Fhe is now of far restored as to be able to attend to her regular household duties without suffering any meonical methods. Her tapal improvement and present health wastam me in the belief that she will soon be entirely restored.

John D. Park:—Dear Sir—Having Leen afflicted with the Liver Complaint for about eight years, while twing in Elyria, in this State, I had become so low and emicined, that I was obliged to give up my business entirely to my brother, and was advised to travel and try what Lenefit it would have on me. I stated, and was gone from home about for months, but experienced no relief whatever, and was finally advised by some of my friends to try Wistari's Balsam of Wild Cherry, which I commenced using.—Festored to institution of Wild Cherry, which I commenced using.—Festored to institution of the old complaint, or any sickness of any other kind. I send you this that you may make use it as you deem fit, knowing as I do, that it e Balsam had saved my life when all other remedies had failed.

On the Cash Principle. THE subscriber has just opened for the Spring trade, with facilities unsurpassed by any establishment in this city, a large assortment of the French English and American

Cassimeres, Cloths and Vestings,

Cassimeros, Cloths and Vestings, which he has purchased at reduced prices, and which combles him to offer as good Largains as was ever before offered in this in rect. Persons wishing CLOTHING can have their measures taken, garments made and if not suited with them when done they will not be asked to take them away. A suite of the south may be round a great assortment of Rock of y made Clothing,

Consisting of Bress and Frock Coats, Sack Coats, Summer Coats, Pants, and Vests, Shirts and Brawers, Handkerchlefs and Suspenders, which will be sold as cheap as the cheapest. Fer sons wishing to purchase Clothing for CASH will do well to call and examine goods and prices, as my Clothing are cut by myself and made in Erie, and are warranted to be as well made as may shop in Erie makes. The subscriber is determined to sell for Cash, which must be obvious to all men to be the only true method of doing a retail bussiness, protecting both seller and buyer against losses consequent upon the credit system.

Tr Custom Work and Cutting done on the most reasonable terms. No charge for showing Goods. Call and examine for yourselves?

Froscription! Proscription!!

Proscription! Proscription!

THE above is at this day by far the most general cry throughout by lard. Scarce any one escapes its odum. Even Gen. Tagbr, that great and good man, is frequently accured of it. He, however, as often denies the charge as at is made, and boldly asserts that he "cennoves for cause only."

The Subscribers have quite recently got out a NEW STOVE on the elevated oven principle, which they call the KEYSTONI. COOKING STOVE. Sand Stove is so decided an improvement on all and every Stove heretofore made thaving so many good qualities others are void of; that those engaged in the manufacture of a much inferior article have taken the alarm, and at once raise the cry of pro-cription, and expect by this to escape a general rome. Such cry, however is a useless waste of the raw material. The edict has been issued—community claim the right to select the best stove out! Hence the Kev-tone Stove must supercede and remove all others, including Senerit's Patent. The verdict, however, will be, "Removed for cause only," so we stand in a position similar to General Taylor, and as he is justified so shall we be.

A good assortment of other COOKING STOVES, including the celebrated Carpenter Stove, as well as the Generae Farmer and Clinton Air-tight Cook Stoves, 'Air-tight Parlor and Box Stoves—has Cauldton and Sugar kettles of different sizes constantly on hand. In fact no better assortage of GASTINGS can be found elsewhere.

The attention of the public is at so called to M'Mitten's Improved Proscription! Proscription!! hand. In fact no better ansuring in the elsewhere.

The attention of the public is also called to M'Millen's Improved PLOW—a new article, with cast from beam, manufactured by us and warranted.

COMMERCIAL EXCHANGE.

COMMERCIAL EXCHANGEL

French Street, Eric, Pa., April 17, 1849.

The impression is abroad that I have, or am about to abandon the Fancy Goods and Sifk Trade. It is a fact that the trengendous inroad that was made upon the afore mentioned branch of my husiners last summer, by the tobbery, somewhat discouraged ne. and I was for a while in a straight whetherfor no to launch into that trade. After pondering on the subject a good while—fortunate, happy community—I came to the determination to resume it. Consider for a moment what your stuntion would have been had I determined otherwise. One or two stores would have been had I determined otherwise. One or two stores would have been had I determined otherwise. One or two stores would have been had I determined otherwise. One or two stores would have been had I determined otherwise. The accomplish which end, Empire Block, Keystone Block, or some other high sounding name, would have been fourished about your ears to draw, attention, and any and every means resorted to obtain notoriety. This would of course have been all perfectly right. All the the thunder, smoke and dust that can be evoked will amount to nothing, as this community are too collightened to be deceived by such nousenes—they care nothing about names and locations, but resort to the places where rich and fashlonable goods are kept and sold at reasonable prices. Whatever may have been the consequences, in purenance of the above determination, in my late visit to the clitics of New York and Philadelphia, I purchared a very large quantity of the richest and most fashlonable Dress Goods in market, including a great variety of the nevest styles of Dress Silks. It is my intention bereafter to keep on hand the largest variety of Fancy Goods in town, and my past transactions I trust are a guaranty that prices will meet with the two of my pattons, who are respectfully invited to call at the Commercial Factuage, where I am now receiving my new Spring and Sunner Goods.

Mr. Sloan—Bear Sir: One of my horser had a large bony tumor en his breast hone, immediately under the collar, which lamed him and rendered histeriers of very hithevalue. Findingly applied several hottles of Dr. Taylor's Nerve and Bone Liminent, without the least Length. I then precured Wilder's Celebrated Horse Ointment, and used that until I became fully satisfied that it would never relieve the ayimal. Finally I obtained a low of your truly valuable Ointment, and it less than 60 days from the first application the tumor entirely disappeared, and the horse was well. Yours, EDWARD ARMSTRONG.

POPULAR OPINION. IF popular opinion is any criterion of the worth of an article.

We invite the incredibility to read at least a few of the many voluntary certificates that appear in our columns respecting the great variety of remarkable cures effected by the use of "Stoan's Celebrated Unitizent and Condition Pawders."

These remedies no longer remain among those of doubtful utility, they have passed from the tide of experiment, and now stand higher in repriation and are becoming more extensively used than" all other articles of the kind.—Mich. City News.

THERALF HASNOT BIEN TOLD. For River, June 12, 1818.

By R. Sloam—sir: Pleace send by the tearer a new supply of your Horse Medicines. They are the best articles of the kind that I have ever used, rever having I cen disapt ointed in their effect, as at have been in the use of other, even the most celebrated Ointments, Linhments, &c., of the day. Hike very murk this feature in them, viz: that they do all that is promised, and upon a thorough trial one is constrained to add, that "half has not frem told." Respectfully, M. BUDLEY.

THE DIFFERENCE.

FUIL ordinary cintiments and lindinents it is well known, are severe and partial in their operation. Sloan's continent is mild yet thorough—it reaches and removes the cause, hence it gives real and permanent reloft. For purity, midness, safety, certainty, and thoroughness, Sloans Continent excels, and is rapidly superceding all other Continents and Lindinents now in use.

Mr. Sloan—sir. I have tested the virtue of your Oliment in the cure of ratherage Lites, sore threat, bure, and many other injuries, and in every case it has surpassed our expectations. As a faunt Oliment, I have never seen its equal, and for beasts we can't get along without in.

R. W. B. Sloan—Dear sir: For the last 30 years I have had occasion to use many horses, and have never found anything equal to your Ointment for injuries on horses. Within the last two months I have applied your Ointment to some 80 horses, for various injuries, and in every instance it has proved a sovereign remedy.

DOCTERING IN GALENA. DOCTERING IN GALENA.

DR. Stoay Dear Sir: about three years ago I was severely injured in one of my legs by the failing of a pile of wood which occasioned large running uteers. Nearly every doctor in Galena tried to cure them; but tried in vain, until from sympathy and improper treatment my other leg became as had as the one originally wounded. I despaired of ever being well agains but in order that I might neglect no means within my reach. I purchased of your agent in Galena some of your Dintment, and you can judge of my surprise and graittude better than I can express it, to find myself entirely well before I had finished using the second box.

These facts I make known that others afflicted may believe and not delay using so valuable an Ointment as yours has proved to be. Respectfully, your grateful friend,

LVAN DAVIS.

St. Louis, Missouri, February-22d, 1840.

DR. W. B. Sloan—sin: About 1000/care ago, while rading on the Mississippi river, in passing over the rapids, I was plunged in the wair, and by the raft dashed against a reck, crushing my leg and other wise seriously injuring me, so much that I lost all sensibility. When consciousness returned I found myself in St. Louis, surrounded by my weeping faulty. Good nursing and medical aid, enabled me in about 100 months to hobble around with the assistance of a crute. The wounds only partially healed, leaving large running sores at the knee, which for many months discharged blood and matter of the most oftensive character. My pains were inexpressable, at times my suffering was so great that death would have received a hearty welcome. Fortunetely Mr. Wilson, (one of my neighl ors) advised me to try your Ointment, I obtained a box and applied it according to direction—the sores soon began to assume a healthy appearairee, and in three months I was entirely cured, and able to endure hard labor.

The R. W. B. Stoan—Dears in: Last February 16th, mear Mount Morrls, Illinois, I had a horse wounded in the stifle joint, so deep that the joint water issued freely, many good judges of horses gave it as their opinion that the horse would never recover. I applied your Ointunent freely and often, and notwithstanding, the animal could scarcely bear any weight on the discased legger to consequence of pressing business. I ventured to start with the horse on my return to bu Buque, a distance of some 100 miles, just at the breaking up of streams, through which I was obliged to ford and expose the leg and wound of the horse to frequent drenchings of water, snow and deep mud, still the horse continued to improve. One 50 cent box of your extraordinary ointment entirely cured the horse in less than 20 days. Yours, truly
