Por the Removal and Permanent Cure of all NERVOUS DISEASES. And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronunced by distinguished physicians, both in Europe and the United States, to be the most calaable medicinal dis-

Dr. CHRISTIE'S GALVANIC BELT MAGNETIC FLUID.

is used with the most perfect and certain success in all GENERAL DEBILITY, Strengthening the weakened body, giving tone to the various organs, and invigorating the cutire system. Also in FITS, CRAMP, PARALYSIS AND PALSY, Dyspepsia or Indigestion,

RHEUNATISM, Acute and Chronic, GOUT. EPI-LEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, Liver Complaint, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERV-OUS AND PHYSICAL ENERGY,

Nervous Diseases,

which complaints arise from one simple cause, namely, A Derangement of the Nervous System. 63- In NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to forever health, strength, elasticity and vigor.

The great peculiarity and excellence of Dr. Christio's Galvanic Curatives, consists, in the fact that they arrest and care disease by outward application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the inflation.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been ENTIRELY AND FERMANENTLY CURED, when all hope of relief had been given up, and every thing else-been tried in vain!

To illustrate the use of the GALVANIO BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply he the Belt around the body, using the Alagnetic Fluid as directed. In a short period the invensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circumtathe positive, thus keeping up a continuous Galvanic cases of Dycoughout the system. A CHAIN OF EVIDENCE.

No 1.

The following letter is from Mr. Alonzo D. Felter, of kingston, N. Y., a gentleman of high respectability and influence. Kingston, Ulster Co., N. Y., Jan. 24, 1848 To Dr A. H. Christie —

About the first of November last I called at your office and About the first of November last I called at your office and purchased one of your Galvanie Belts, and I am happy to say that it has made a new man of me. For years I have been troubled with Ringuyarrest, very severe, and a general weak, sees of the whole system, and very nervons, with pain in the head, so severe that I would have to take to my bed three or four times a day. My friends are astomished at the perfect and wonderful cure wrought on me. I never was better in my life than now, and I know that this is altogether owing to your GALVANIC BELT, for I had had the best physicians, and had tried every thing previous to using it, without effect.

Very respectfully, ALONZO D. FELTER. (G)—In consequence of the benefits experienced by himself, Mr. Filliam produced a number of the GALVANIC BELTS, and having disposed of them among his friends, thus writes:

Kingston, May 6, 1849.

No Dear Doctor,
You ask mo to give you an account of the success of your GALVANIC BELUS in this region. I cantruly say that they continue to do wonders; hundreds wear them, and I do not know of a solitary case of foilure in their use. I sold a Belt and the Magnetic Fluid to a lady here some weeks since. She had a complication of mervous disorders, and was very low. Dr. Nelson attended her, but did her no good; and the Doctor blew out considerably when she got the belt, and ridiculed it; but the lady used the Belt and was circed. Now this Doctor had the Dyspepsis for a great while, and could not cure himself, but gets this lady's Belt, wishes it kept a secret, puts it on himself, and it did him so much good, that yesterday he called on me and got one for his wife.

Miss Vandruars, of this town, lay all winter with the Rheumatism. She got to be perfectly helpless. Every one who saw her said she could not live. She sont for a GALVANIC BELT—put it on—used the Fluid fieely, and in their days she war our visiting, and 18 to be Married Next were; The Doctor who attended Miss V., hooted at the Belt, but now ways there is certainly a remarkable curative power in your Belts.

Mr. John Eman, morehant of this place, was reduced to smere skeleton, by Dyspepsia and general chronic disease; he got a Belt and the Fluid, and is now as healths a man as long. My DEAR DOCTOR.

Mr. John Eman, morehant of this place, was reduced to a mere skeleton, by Dyspepus and general chronic disease; he got a Belt and the Islid, and is now as the healthy a man as we have got in Kingston. He has spent large sums of money in various nostrains previously, but they all proved useless.

An old gentleman by the name of Newkiik, had the Dyspepus for thirty years. He tells me that he could not cut any thing without its rising on his stomach; he was very much emaciated and looked miserable; but he purchosed a Belt from me, and after wearing it 3 or 4 weeks, he drow oup to the door and said he had come to thank me for selling him Christish in owe cats and digests perfectly, and that he is as hearty as any of his neighbors. He isabut 60; cars of age.

Mr. Wood, of Marbletown, was drawn up with Croup and Rheumalism, so that he could not move. His hother got a Belt for him, and in one week he was so well that he was about attending to his business. He says it is the greatest thing on earth.

thing on earth.

No. 7.

The wife of Mr. Joseph King, of Kingston, has been compleining of hissitude and general weakness for several years, and sike troubled with indigestion. She got the Belt and Fluid, and Mr. King told me this day, that his wife was like another woman, it had done her so much good. I could give you a great many more cases, equally successful, but I suppose these will be sufficient. I may say that I never was engoged in any business that has been so fortunate and satisfactory to all concerned.

COMMERCIAL EXCHANGE. French Street, Pric, Pa., April 17, 1819.

THE impression is advoid that I have, or an inhout to abaudon, the Fancy Goods and Silk Trade. It is a fact that the trevendous into at that was made upon the notize mentioned branch of my business list summer, by the toblery, somewhat discouraged me, find I was for a white in a straight whether or no to launch into that trade. After pondering on the subject a good white-tortunate, happy community—I came to the determination to resume it. Consider for a moment what your situation would have been had I determined otherwise. One or two stores would have monopolized the discinces. To accomplish which end, Empire Block, Keystone Block, or some other high sounding name, would have been fourished about you cars to draw attention, and my and every means respited to obtain notoriety. This would of wo lid have been flourished about your cars to draw attention, and any and every means recorted to obtain notoriety. This would of course have been all perfectly right. All the the thunder, smoke and thus that can be evoked will amount to nothing, as this community are too enlightened to be deceived by such noncense—they care nothing about names and locations, but resort to the places where right and fablicoable goods are kept and sold at reasonable prices. Whatever may have been the consequences, in pursuance of the above determination, in my late visit to the cities of New York and Philadelphia, purchased a very large quantity of the richest and most fashionable Bress Goods in market, including a great variety of the power styles of three Sides. It is not large nearest and most fashionable Bress. Goods in market, including a great variety of the newest styles of Dress Silks. If popular opinion is any criterion of the worth of an article, we matte the incredulous to read at least a few of the many countary certificates that appear in our columns respecting the treat variety of remarkable cures effected by the use of "Bloan's 'eleftrated Unitinent and Condition Powders." These renders no longer remain among those of doubtful null-y, they have passed from the tide of experiment, and now stand nigher in reputation and are becoming unor extensively used than all other articles of the kind.—Mick. Proscription! Proscription!! Proscription! Proscription!

Title above a status may by far the most general cry throughout to our land. Scarce any one escapes its output. Leen Gen. Taylor, that great and good man, is trequently accused of it. He, however, a cotten dense stoccharge as the made, and boldly asserts that the "removes for cause only."

The Subscribars have quite recently got out a NEW STOVE on the elevated oven pameiple, which they call the KEYSTONE COOKING STOVE. Sand Stove is so decided an improvement on all and every stove heretofore made (having so many good qualities others are void of) that those emanded in the manufacture of a much inferior article have taken the afain, and at once raise the cry of proscription, and expect by this is escape a general route. Such cry, however is a testless waste of the raw material. The calcit has been remed—comma may claim the griph to select the lest stove out! Hence the Keystone Stove must supercede and remove all others, including Sements Patent. The vertice, however, will be, "Removed top cause only;" so we stand in a position
