T. W. MOORE.

A man by the highe of CLAPP hasengaged with a young man of the name of S. P. Tewnsend, and uses his name to put up a Sarsaparitha, which they call Dr. Townsend's Sarsaparitha, which they call Dr. Townsend's Sarsaparitha, to doctor, and never was, but was formedy a worker on railroads; canals, and the like. Yet he assumes the title of Br., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and prefuse none but the GENUINE ORIGINAL OLD Dr. Jacob Townsend's Straparilla, having on it the Old Dr's Richess, his family coat of arms, and his signiture across the coat of arms.

Principal Office, 102 Nassau st., New York City.

THE ORIGINAL DISCOVERER OF THE

Gouune Townsend Sarsaparilla.
Old Pr. Townsend is now about 70 years of age, and has long been known as the AUTHER and DISCOVERER of the GENUINE ORIGINAL TOWNSEND SARSAPARILLAP Being grow Original - Towns List of ARSAE ARSAE AREA - Being poor, he was compelled to limit its initiatentre, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had teached the cars of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excilence and wondertal.

HEALING POWER.

HEALING POWER.
Knowing, warn years a rost that he had, by his skith, science and experience, devised an arrive which would be of ricateuble advantage to mankind, when the hier his world be furnished to bring it into amiversal none, when its engitimable virtues would be known and appreciated. This time has come, the means are supported by the property of the reason and appreciated.

it into inniversal nones, when its come, the means are supplied; this sum and appreciated. This time has come, the means are supplied; this manufactured on the largest scale, as it is called for throughout the level and be followed in the largest scale; as it is called for throughout the level and the fact of the fail, especially as it is found incapable of degeneration of one forthorn.

Unlikely of mes. P. Towns end's, it improves with egg, and never engines, but for the fetter, because it is prepared an accentific principles by a sciential coal. The Indust knowledge of themsity, and the latest disc perfect of the art, have all been brought into requisition in the manufacture of the Old Dr's. Sarsaparilla. The Sarsaparilla conditions on the manufacture of the Old Dr's. Sarsaparilla many use lead properties, and some properties which are mert or usele, and others, which if retained in preparing it for use, produce fermentation and acid, which is retained in preparing it for use, produce fermentation and acid, which is repurious to the system.—Some of the properties of Sarsaparilla are so vulatile, that they preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these valuatile principles, which thy off in vepts, or as an exhalation, under heat, are the very escantialmedical properties of the root, which give to tail its value.

Any person can boil or stew the root till they get a dark colored brand, which is more from the coloring matter in the root than from any thing offset, even on their strain this insipid orward languals wellow the save to take any the coloring matter in the root than from any thing offset, even on their strain this insipid orward languals wellow with survey. But such is not the article known as th:

GENUINE OLD DR, JACOB TOWNSEND'S SARSAPA-

Cure of Innumerable D seases.

Hence the reason why we hear commendations of every side in its favor by men, women, and children. We find it doing wonders in the case of CONSUMPTION, DYSPEPSIA, and LIFER COMPLAINT, and in RHEUM, ITSAM, SCROFULA, PILES, COSTIVE-NESS, all CUTIANIOUS ERUPTIONS, PI-PLES, BLOTMETS, and all respectively actions of the control of the cont

and in RHEUMLITSM, NCROICHA, PILES, COSTIVEMESS, all CUTLINIOUS ERUPTIONS, PI-PLES, BLOTCHES, and all advections arising from
MERRITY OF THE BLOOD,
It possesses a marvelous efficacy in all complemes arising from
Industrian, from Aridity of the Stomarth from the qual circulation, determination of blood to the heard, pulpitation of the heart,
cold feet and hands, cold-bills and hot flashes over the body. It
has not fits equal in Colds and Caughs, and promotes easy expectration and every other part.

But in nothing is its excellence more manifestly seen and acknowledged them in all kinds and stales of
FEMALE COMPLAINTS.

It works wonders in cases of I low Albasor Whites, Falling of
the Wamb, Obstructed, Surpressed, or Paisfal Menses, Irregulardyof the meastroat periods, and the like; and is as effectual in
curing all the forms of Kales Disea as
By removing obstructions, and regulating the general system, it
gives tone and stempth to the whole body, thus cures all forms of
X.rvous diseases and dobility,
and thus prevents or relieves a great variety of other maid dies, as
Spinal tradition, Acaralgies, St. Vitus Tones, Scooning, Epileptic Flis. Convisions, oc.
It cleaness the blood, excites the liver to healthy action, tones

It cleanes the blood, excites the liver to healthy action, tones the stomach, and arter good digestion, relives the lowest of torton and constitution, allays inflamation, parties the skim, equalises the circulation of the blood, producing gentle winnin equalises the circulation of the blood, producing gentle winnin equalises the circulation of the blood, producing gentle winnin equally all over the body, and the intensible perspiration, relaves all strictures on I traditions, sendors all districtions, and mylgorates the entire circulation system. It not thus then

The medicine you pre-emin-intly nood?

But can any of these things be said of S. F. Toy insend's inferior article. The young man's hydrid is not to be COMPARID WITH THE OLD DR'S, because of one GRAND FACP, that the one is INCAPABLE of DITERIORATION, and WEIR SPOILS, while the other DOES; couring, formeating, and blowing the bot-

while the other DOES; couring, fermenting, and blowing the bottles containing a into fragments, the sour, read liquid exploding, and damagns other goods! Must not this horrible compound be potsonous to the \$5.80 m. - What put and into a system arready diseased with weal! What causes Dispepsia but and! Do we not all know that what fived sours in our stomechs, what inischlefs it produces! flatulence, heartbarn, publications the heart, liver complaint, diarrhea, diseased with a read! Do we the blood! What is Serofola but an acid b may is the body! What produces all the hund, a which bring on Emptions of the Skin, Scald Head, Salt Rheom, Tryspelas, White Sweilings, Tever Sores, and all ulcerations internal and external! It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more edess. What causes Rheumatism but a sour or acid flad which insimuates used! between the joints and elsewhere, tritating and inflanting the disease tissues upon which in each? So of servors diseases, of imparity of the blood, or de anged queulations, and nearly all the adments which afflict haars conduct.

Now is more formulae.

Now is that hard hardble to hake and sell, and infaitely worse to use this SOURING, FURMENTING, ACID "COMPOUND" OF S. P. TOWNSEND, and yet he would that have it understood that Old Dr. Jacob Townsend's General Conginal Sursuparilla, is an IMITATION of his inferior preparation? Heaven which it is two-should deal in an article which would bear the most distant to endlance to S. P. Townsend's article and which should have done upon the Old Dr. such is mountain load of complaints and criminations from Agents who have sold, and purches which have seed S. P. Townsend's FURMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob I ownsend's Sarsaparila are header-scide opart, and equality dessimilar; that they are unlike in every particular, having not one single thing in common.

As S. P. Town end is no doctor, and never was, is no chemist As S. P. Towns end is no doctor, and never was, is no chemist, no pharmace distable howe no more of medicine or disease than any other common, an enentific, unprofessional man, what graractee can the pathe have that they are receiving a genume-scientific medicine, commining all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Breese instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent ment. How much more imbortant is it that the persons who manufact the medicine, designed for work Stevense's and Infocbled Systems, should know will the medical properties of plants, the best manual of setting and contains that the colors.

Woak firemachs and Intechled Systems, should know well the medical properties of plants, me best manuer of securia rand coaccidating their healing virtues, also an extensive knowledge of the various ciscoses which after the human system, and how to adopt remedie to these diseases!

It is to arrest friends pron the unfortunate, to pour halm into wounded humanity, tokindle house in the despairing bosom, to restore health and brown and vicor into the crushed and broken, and to banish mirrarity that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his Grand Universal Concentrated Romedy within the reach, and to the knowledge of all who need it, that they may tearn and know, by joydie experience, its

Franceondent Power to Ecol.

NOTICE TO THE PUBLIC

LET EYERY ONE READ THIS CAREFULLY.
THERE is a Sarsaparilla for sale called old Dr. Jacob Townstend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. Dr. Townsend has expended over \$300,000 the last eight years in advertising his Sarsaparilla, which has is a notorious fabehood. Dr. Townsend has expended over \$300, 1000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States and a greater part of the world—the sale being enormous.

This everted the capidity of certain unprincipled men, and an old man who was engaged in hedding cheap publications about the streets of New York, for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get employment, or to self the use of his name, to put up Pr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising, as an noducement to embark into the bismess. Among others, he applied to Charles Wattons, Isq., Editor of the Janaica Parmer, who scorned such a proposition. Mr. H. Q. ANDREWS, tornerly one of the proprietors of McMister's Ointment, RALPH POMERON, formerly Cashier and Pinancter of the broken Shin-Plaster Bank at Bellville, New Jersey, JOHN SKILLMAN, and WHALAM THOMISON, under the name of THOMISON, SKILLMAN & Co, have employer this old man, and agreed, we understand, to pay him seven dollars a week for the use of his name. These tace have been maiting and theling as in all possible forms, in hopes we would inclice them, and bring them and their decotion into market. Let the public decide upon the course of these hanest and horarble men.

on the course of these honest and honorable men.

ONE OF THEIR TRICKS.

They say that Dr. Townsend's Sareaparilla sours and ferments —this is false; as we have kept it through the whole year in New Orleans, Texas, Mexico, South America and the West Indies—in fact the older it grows the tetter it becomes. We made a few bottes by mrst the, last Spring, that spoiled. This we regretted, and exchanged as soon as persiable; such an accident will never occur again. Thus they attempt to make a great story of, and say that the whole of our Satsaparilla sours, &c., when they are aware that they are publishing talsehoods.

We went to an expense of five hundred dollars to get up a splendid steelengraving for our label, and had the portrait of Dr. Townsend on it to distinguish it from all others, and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that none to genuine and the original, unless signed with the name of S. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three female figures, and a view of our factory. The spurious has no factory or female figures.

Emale figures.

Dr. Townsend no Physician. These men also publish that Dr. Townsend is no physician: this like all other statements, are falso. Dr. Townsend attended two of the best Medical Schools in the country, has studied the different theories of medicine and practiced for the last fifteen years; has experimented several years, and expended large sams in bringing his medicines to perfection.

This old Jacob Townsond,

They are endeavoring to palm off on the public as an old physician, &c. He is no physician, and never attempted to manufacture a medicine until these men bired him for the use of his name. They say they do not wish the people to felieve that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that theirs is the old Dr. Townsend's, and the original; anden-leavor to make the people believe that the sunfliction manufacture is the Dr. Townsend's Sarsaparilla thathas performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever chipyedwhich is a base, villatinois, unpruscipled falsehod. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no connection of Dr. Townsend whatever. In their advertisements and circulars they publish a number of gross falsehoods respecting Dr. Townseud, which we will not notice.

FALSE REPORTS. This old Jacob Townsend,

will not notice.

FALSU REPORTS.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead—this they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

OUR COURSE.

Being satisfied by the experiments and the results of the medi-cine in eradicating disease, we resolved to place it before the world. At that time all of the Sarsaparillas for sale was put up in small yials of four and five nunces, and sold for one dollar per botand the perfect of the root, which is not continued in the perfect of the root than the perfect of the

however. They have copied our labels, circulars, and shape of the bottles as near as they dare. Their course and ours we leave for a discerning public to act upon.

GRIAAT DISCOVERY.

Dr. Townsend having ten years since discovered a new formula of compounding the Sarraparslla with other ingredients, and succeeded in producing a fluid that resembled in its action upon the disestive organs, the sality, or gravile juice of the human body.—A liquid, when taken into the system, created new, rich, and pure blood—which would sustain, prolong, and create new life—for the blood is the life—resolved, after three years of experiments, to bring it before the public. Sangame that it required only to be known to be appreciated, being thoroughly convinced that occasion, partly and strengthen the circulation, was the great secret of cradicating disease. The conviction led to the discovery of Dr. Townsend's Conn cund of the Sarsaparilla. Satisfied that by diminishing the quantity of blood in the system, the life also was dipulaished, and that the true theory was to produce a healthy circulation. The theory having proved true, it is adopted wholly or in part, at present, by a large number of medical gentlemen, and the run sides more rifectual than we anticipated—hence the wonderful success of this medicane.

This ROOT WE USH.

We use the best Honduras Sarsaparilla. The last year we pur-

ful success of this medecine.

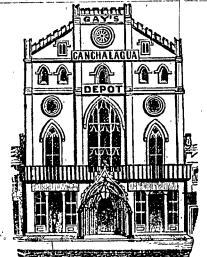

We use the best Honduras Satsaparilla. The last year we purchased more than ted times the amount of Sarsaparilla of all other Sarsaparilla manufacturers in America. Mr. Blonca, Esq., a merchant in the Honduras trade, and others, export if fresh and direction Honduras ter. M. Messrs. Burr, Waterman & Co., No. 109, Estats street, have little tupe equisive and extensive machiners to risp by steam the heart of the Quash, of Eguinwithe wold. They fertile has over 1,5% or trade to the Quash, of Eguinwithe wold. They fertile has over 1,5% or trade to the Last season. Our Yellow Bock, which we use a great quantity of, is cultivated in fields by the Shaker at New Lebamon and Eskenna, and consequently the very lest—far letter than is generally used. We employ over one bindired men and bow collecting Regist, &c. in the proper seasons. Indeed all our arrancements are the most perfect and complete of any other similar establishment in the world, and our medicine is unequilled.

[MPROVEMENTS.] IMPROVEMENTS.

We have at our manufactory all machinery that is required to make the very best medicine from the Sarsaparilla that was ever broduced. We have powerful steam engines to grind but and extract the root. We also have extensive vars for setting and filling &c., such as were never before used in the preparation of any incidence. No other manufacturer of Sarsaparilla has steam power to manufacture by.

17. The above Sarsaparilla is sold 1.5 CARTUR & BROTHER, Read House, Erie, who are the only authorized agents for Ossgoods India Chologogue.

From the Grasfenberg Company.

Sir.—You are aware that, as the originator of the Grasfenberg Company. I must have had my attention called to the numerous Medicines presented to the public patronace. I have watched with much interest the introduction of the Cancholague into this country by yourself, and am free to say that to Medicine stands so deservedly high as your extract of that invaluable plant. In my wan family I have seen its extraordinary efficacy, in the cure of a confirmed case of Broventris. For all complaints which require the prompt and thorough purification of the blood. I deem your CANCHALAGUA PAR, PURY PAR SUPPRIOR TO ANY AND ALL. THE SARSAPARILLAS OF THE DAY, AND WITH THEM ALL. I AM WELL ACQUINTED.

AM WELL ACQUINTED, The DAY, AND WITH THEM ALL I AM WELL ACQUINTED, and the Carcalada, its remarkable efficacy and cures, are GIVEN AWAY at the AGENCIES.

Five Large Deep Vicers. Five Largo Doop Ulcers.

Sherovas. Wis., March 2, 1819.

DR. W. B. Sloan—Dear Sir: In my opinion, the greatest cures affected are those that have longest resisted the skill of the Medical Taculty. Admitting that to be a fact. I have a case in point, to wit: Mr. James Herford, of Sheboygan Falls, was cripited two years with fixe large deep ulcers, just above the ankle.—The leg was so much swollen be could not get on a boot. Nearly at the most popular Physicians in various places, have treated his case without any teneficial clied.

Last August Mr. Herford solicited my advice. I succee led in reducing the swelling and healed two of the sores. The other three I tabored at till the first of Pebruary, without much if any benefit, when I gave him a box of Sloy's Ontrient, and in three weeks he was well. Respectfully yours.

C. B. OSTRANDER, M. D.

Burnt to Cinders.

Burnt to Cindors.

W. B. SLOAN:

Dear Sit: Justice demands that I should return to you my thanks, for your unparalleled Onyment. Three weeks ago my daughter's clothes caught fire, and before the flames could be eatinguished, they were all burnt to cinders, the cluid was so bailty burned that death seemed movitable in less than twenty-four hours. Your Oniment was recommended, and used with successing ave perfect relief! It is needless to add that the child is now well and about her business. The medicine is all and more than it is recommended to be. Every family and person should have it the death of the child in the child is now well and should have it is recommended to be. recommended to be. Every family and person should have a in their possession.

I feel indebted to you for my child's life, and anything that I can

FLINT CREEK, Lake Co., Ill., Feb, 28th, 1819.

On his Hands and Knoos.

M. R. W. B. Sloan—Dear Sir: I hereby certify that my son Albelt, eleven years of age, was afflicted in his feet from the time he first began to walk, the bottoms of which were covered with a hard dry skin full of cracks, causing pain and much affliction, many times he was obliged to go on his hands and knees, and no time has he been free from the fore affliction until now. Baffling the skill of several physicians, but to our surprise his feet are now perfectly smooth son and free from cracks, all from one application of your Ointment, I would say the boy put it on himself as an experiment of his own, from hearing it recommended. Nothing more was thought of it for three weeks, at which time his feet were near about in a healthy state, and are now the same as though they never had been otherwise.

Such as Week Co. III. April 24. 1839. Galesburg, Knox Co., Ill., April 2d, 1949.

Doctoring in Galona.

MR. Sloan:—Dear Sir. Alout three years ago I was severely injured in one of my legs by the falling of a 10 le of wood which occasioned large running ulcers. Nearly every doctor in Galenn tried to cure them; but tried in vain, until from sympathy and improper treatment my other leg became as bad age the one originally wounded. I despaired of ever being well again—but in order that I might neglect no means within my reach, I purchased of your agent in Galenn some of your Ointment, and you can judge of my surprise and gratifude better than I can express it, to find myself entirely well before I had finished using the second hox.

it, to the myser contents second hos.

These facts I make known that others afflicted may believe and not delay using so valuable an Ointment as yours has proved to be. Respectfully, your grateful friend,

EVAN DAVIS. Galena, Iil., Dec. 10, 1848.

Omnipresent Bloan.

Omnipresont Sloan.

Will II sitting quietly at our table yesterday afternoon, we were approached by a good-looking stranger, who having heard of the large circulation of the Globe, inquired our price for advertising a popular Medicine. We told him at once that we did not wish to make any farther contracts for advertising as our columns devoted to that purpose were full. The stranger was upour to retiring when we observed on one corner of his paper a name that instantly struck us as an old acquaintance—yes, it was none other than Sloan—the "omnipresent Sloan," as we used to call him. The name may be a new one in this particular locality, but it is in every house in the North-west, as the great inventor of "Sloan's Family Ointment," and also of the best "condition powder" for horses, extant, and last though most important, of "Sloan's Tanin Paste," for leather. Now innemuch as we knew their well-carned reputation of these celebrated Western medicines and pastes, and moreover knew Sloan himself to be one of the best men in his profession in the country, we concluded to insert the advertisement, as a matter of Public Utility, and our readers will find it as soon as we can make room

We say, Sloan, do you keep that old strap hanging up in your office yet!—Cineinsalt Daity Globe, May 9th, 1649.

Best Medicine. Approx. Manc Co., ill., June 20th, 1840.

MR. W. B. Sloan—Sir—I send by the bearer fifty cents, for M which you will please send me a box of your Gintment. I think it the best medicine for wounds in horses that I have ever used. Early in the spring I bad a very valuable horse so badly kicked that I considered him spoiled for the season, if not forever. I commenced using your Gintment, and in two weeks the horse was able to work, I have used him almost every day since. Last Saturday I had another horse badly hugt by cutting his foot with a drag-tooth, but I have so much confidence in the Gintment that I am not much alarmed about it. By sending the Gintment you will greatly oblige.

MICHAEL Stacks.

Highly Spoken of.

Extract from the "Wankesha Democrat." Wis. May 9, 1849.

CLOANS MEDICINES. —A subscriber writing from the town of New Berlin, requests us to say that he has used Mr. Sloan's Horse Ointment in several instances during the past winter, and always with the desired effect, and wishes us to recommend it to those who have the use and care of horses. Mr. Sloan's nedicines are highly spoken of generally, and from the favorable nequaintance we have with that gentleman, we are led to believe that they are prepared with a view to give a real Lenelli to whatever purpose they are recommended.

BIRCHALL & OWEN.

For the Removal and Permanent Cure of ail NERVOUS DISEASES, And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal dis-

Dr. CHRISTIE'S GALVANIC BELT

MAGNETIC FLUID, is used with the most perfect and certain success in all cases of GENERAL DEBILITY, Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY, Dyspepsia or Indigestion, RHEUMATISM, Acute and Chronic, GOUT, EPI-LEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS In the SIDE and CHEST,

Liver Complaint, BPINAL COMPLAINT, and CURVATURE of the BPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERV-OUS AND PHYSICAL ENERGY,

and all Nervous Diseases,

which complaints arise from one simple cause, namely, A Derangement of the Nervous System. A Derangement of the Norvous System.

Of in NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the utal energies of the already prostrated system; while under the strengthening, life-giving, vitalieng induced of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened suffere is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives, consists, in the fact that they arrest and care disease by outward application, in place of the usual mode of drugging
and physicking the patient, till exhausted Nature sinks hopelessly under the inflation.

They strengthen the whole system, equalize the circulation
of the blood, promote the storetions, and never do the slightest
injury under any circumstances. Since their introduction in
the United States, only three years since, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED, ENTIRELY AND FERMANENTLY CURED,
when all hope of relief had been given up, and every thing
else been tited in van:
To illustrate the use of the GALVANIC HELLT, suppose
the case of a person afflicted with that bane of civilization,
DYSPEPSIA, or any other Chronic or Nervous Disorder. In
ordinary cases, stimulants are taken, which, by their action
on the nervest and muscles of the stometh, ad ord tempor any
relief, but which leave the patient in a lower state, and with
myured facultiles; after the action thus excited has ceased
Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyseptite sufferer,
even in the worse symptoms of an attack, and simply the the
Belt around the body, using the Magnetic Fluid as directed.
In a short period the insensible perspiration will act on the
positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back
again to the positive, thus keeping up a continuous Galvanic
circulation throughout the system. Thus the most severe
cases of DYSPEISIA are PERMANENTLY CURED. A
FEW DAYS IS OFTEN AMPLY SUFFICIENT, TO ERADICATE THE DISEASE OF, VEARS.

Certificates. and Testimonials

Certificates and Testimonials From the most Respectable Sources, Could be given, sufficient to fill every column in this paper RHEUMATISM AND DYSPEPSIA.

Seven Cases Cured!!! In one Village.

CHRISTIE'S GALVANIC BELT will cure every case, no matter how severe or chronic. Skeptics are referred to the following.

A CHAIN OF EVIDENCE.

The following letter is from Mr. thongo D. Felter, of Kingston, N. Y, a gentleman of high respectibility and influence. influence.

Kingston, Ulster Co., N. Y., Jan. 21, 1848

To Dr. A. II. Christie— To Dr. A. II. Chervie.—
About the first of November last I called at your office and purchased one of your Gidvanic Belts, and I am happy to say that it has made a new man of me. For years I have been troubled with Rusumarren, very severe, and a general weak. Mess of the whole system, and very nervous, with pain in the head, so severe that I would have to take to my head three or four times a day. My friends are astomated at the perfect and wonderful cure wrought on me. I never was better in my life than now, and I know that this is altegether owing to your G UVANIC BELT, for I had had the best physicians, and had tried every thing previous to using R, without effect.

Very respectfully, ALONZO D. FELTER.

(G- In consequence of the benefits experienced by himself, Mr. Filtzs procured a number of the GALVANI BELTS, and having disposed of them among his friends, thus writes:

No. 2. Kingston, May 6, 1949.

My Dram Docton,
You ask me to give you an account of the success of your GALVANIC BELT'S in this region. I can truly say that they continue to do wonders hundreds wear them, and I do not know of a solitary case of failure in their use. I sold a Belt and the Magnetic Fluid to a lady here some weeks since. She had a complication of nervous disorders, and was very low. Dr. Nelson attended ther, but did, her no good; and the Doctor blew out considerably when she got the belt, and ridiculed it; but the lady used the Belt and us a corned. Now this Doctor had the Dy apersia for a great while, and could not cure himself, but get this lady's Belt, wishes it kept a secret, puts; it on himself, and it did him so much good, that yesterday he called on me and got one for his wife.

Miss Vandemark, of this town, lay all winter with the Rheumatism. She got to be perfectly helpless. Every one who saw her said she could not live. She sent for a GALVANIC BELT—put it on—used the Fluid freely, and in Eight days she want out inside Miss V, hooted at the Belt, but now says there is certainly a remarkable curative power in your Belts.

No. 4.

Mr. John Eman, merchant of this place, was reduced to a meic skeleton, by Byspepsia and general chronic discuse; he got a Belt and the Fluid, and is now as healthy amon as we have got in Kingston. He has spent large suitys of money in various nostrums previously, but they hill project uscless.

An old gentleman by the name of Newkirk had the Dyspepsia for thirty years. He tells me that her fail do not eat any thing without its rising on, his stomach, he was very much emaciated and looked miserable; but he pulchased a Belt from me, and after wearing it 3 or 4 weeks, he hino up to the door and said he had come to thank me for selling him Cunistive me, and after wearing it 3 or 4 weeks, he hino cu pt to the door and said he had come to thank me for selling him Cunistive for me, and after wearing it 3 or 4 weeks, he hino cu pt to the door and said he had come to thank me for selling him Cunistive b

Mr. Wood, of Marbletown, was drawn up with Croup and Rheumatism, so that he could not move. His brother got a Belt for him, and in one week he was so well that he was about attending to his business. He says it is the greatest thing on earth.

The wife of Mr. Joseph King, of Kingston, has been complaining of lassitude and general weakness for several years, and also troubled with indigestion. She got the Belt and Fluid, and Mr. King told me this day, that his wife was like another woman, it had done her so much good. I could give you a great many more cases, equally successful, but I suppose these will be sufficient. I may say that's never was lengaged in any business that has been so fortunate and satisfactory to all concerned.

ALONZO D. FELTER.

To A. H. Chiristis, M. D., New-York.

Many hundred tertificates from all parts of the coun As an undered refined to the time at least terms of equally extraordinary character could be given for No trouble or inconvenience attends the use of DR. CHRISTIES GALVANIC ARTICLES, and they may be worn by the most feeble and delicate with perfect case and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.
