BEFORE AND AFTER .- Before the election, the Pittsburgh Commercial Journal was unremitting in its efforts to make the people believe that Dr. McClintock, one of the Democratic candidates for the Legislature in Allegheny, was in favor of the tariff of '46, and opposed to the bill of '42-nay more, was an out and out free-trade man! Well the election is no sooner over, and the worthy Doctor elected over his whig competitor, Mr. Lee, than this came Journal is as anxious to show that the Doctor is Blodged to the Tariff of '42 and opposed to that of '46. This is what we call whistling out of both corners of the mouth the same day. The Journal is certainly in a bad fic. It made the tariff question the issue between the Dector and his whig competitor, and the verdict is against Harborceck North East, its darling measure. It has one consolation, however—
the body to which the Doctor is elected has nothing to do with the question, and being largely Democratic, will attend to its own duties, and leave national legislation to Congress, so that it is not very material whether he is in Amity. favor of one or the other.

BEAUTIFUL MILLINERY .- Passing Mrs. WARD'S Millinery establishment the other day, we were politely inviced, to take a peop at her new stock of packet-back lighteners. We tried to back out-made all the excuses we could think of-plead business, politics, every thing, but it was no use, in we must go, and in we did go, for "When a woman will, she will, you may depend on't

And when she won't, she won't, and there's an end on't. And now, after having "seen the Elephant," in the shape of many of the beautiful things for which husbads' and fathers' pocket books have to suffer, we do not wonder at the constant complaint of hard times. Ludies, however, will dress, and although it is not absolutely necessary to make a walking milliner's sign of them to render them pretty, yet one rigged out in Mrs. W's. best style, Eric, E.W. joking nside, Mrs. W's, stock of goods is carraitly rich? If any of our Lady readers do not believe us they had better call and examine for themselves.

The Gazette thinks if we knew how little its pet Bank attorney thinks of us, we "would keep quiet." Now, lit would be of no great consequence to us what that individual thought even were he all the Gazette claims him to be -but when a man cannot run within 73 of his party vote among his neighbors, it is the height of impudence to talk about what he thinks of another.

The Bubble, is the significant title of a weekly paper of pungency and wit, on the Punch plan, to be started in New York shortly. The names of Cornelius Matthews, Slicer Foster, Horace Greeley, and other illuminati of that ilk, are mentioned as contributors. With such an array of talent the Bubble ought to sail down the current of popular favor without bursting.

If The Commercial having failed to produce any proof of its charges against us, stands before the world as a covicted libelier. In that condition we are content to let it go, with the simple remark of Uncle Toby to 'the fly-"the world is wide enough for three and me." IT The Commercial is unkind to our good natured

and extreemly amiable cotemporary of the Gazette. It should not call him a "wind-mild," when a "dutchoven" would be so much more appropriate.

DR. M'LAND'S LIVER PILLSO'-This great remedy for diseases of the liver, is of much older date than its introduction to the public. Its discoverer, one of the first physicians in this country, used it for years in his practice, before he ever announced it to the world. The existance of so many quack remedies, heralded as possessing the most marvellous qualities for healing all diseases, disgusted an accomplished and well educted physician who naturally felt some dread of being confounded with the crowd of pretenders to the medical art, whose nostrums were paraded in every newspaper as soverign remedies for all the ills that flesh is beer to. The representations of those to whom his pills liad given rehef however, and the urgent solicitations by physician with whom he had associated in his practice, and who had witnessed the wonderful cures effected by his remedy, at length induced him Dinake it pub ic.

ONE THING IS CERTAIN, that Wistar's Balsam of Wild Cherry is far the best remedy now used for all discussing coughs and diseases of the Lungs. The cures being performed are really astonishing the world Dr. Wistar's celebrated preparation is wholly an innocentremedy—being composed prin-cipally of the Wild Cherry, and extract of Pine; combined by a new medical process, with the genuine Iceland Moss, another of Nature's great curatives for pulmonary disenses. Besides its astonishing efficacy in the diseases above mentione

we also find it a very effectual remedy in Asthma, the complaint in which it has been extensively used with decided success, even in cases of years standing. li not only emanates from a regular physician but has been well

STRONG TESTIMONY.

IT "The columns of the Press through at the country seem to be so filled with notices of cures and specifies for all diseases, flesh is heir to, that one hardly knows what to do in case of disease, for fear that in using one medicine, another and better may be overlooked. But from the remarkable cures, and the high order and unst amount of testimony lately brought under our personal notice of the extraorditary efficacy of Dr. Rogers' dyrup of Livenman, Tar, and Unionated, we are compelled to regard the evidence of our senses, and confidently state, that for Cooper and Colds, and that hydra-headed mobiser. Covernmon, we think the above preparation a safe, speedy, and certain cure. To all our friends we say, TRY IT; and it it does not help you, nothing else will." clse will."

DEATH FROM A SLIGHT COLD!

BT By neglecting those salutary precautions which common sense dictates, many, rery many, fall victims to their prudence. We have seen the going bride blooming like a bird of paradise—the fire of flower hope, the pride of her father, and the Joy of her mother—her cheek flushed with anticipation, and her eye beam ing whit the soft expression of love-sible gay dreams of life daucing before her fancy, with the rich and variegated tints of the ralibow's hue. We have seen all this changed—aye, the medding garness for a sirroud, and the bridal chamber for the method the of the dead; and all this by neglecting a "common codd."
Now, before it is too late, use for, Roger's Syrap of Layanour, Tab, and Cycrast and, which gives immediate relief, as thousands of our most intelligent and wealthy families are ready and withing to testify.

Mosers. Sanford & Park—Gents: This is to cert y, that my wife Nancy Dohoney has been in a declining state the light for the last two years. Her disease buffled the skill of the best medical and I could procure—her physicians pronounced her disease "Consumption in the last singe," and said that her recovery was past all human hopes. As a last resort with very little hope. I procured Wistar's Ruisam of Wild Cherry. After using a few bottles, I found to my agre table surprise, that her health was improving rapidly. She is now so far restored as to be able to attend to her regular household ditues without suffering any inconvenience. Her rapid improvement and present health warrant me in the belief that she will soon be entirely restored.
