CAUTION EXTRA.

A man by the name of *CLAPP* has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it *GENUINE*, Original, ect. This Townsend is no doctor, and never was but was formerly a worker on railroads, canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the *GENUINE ORIGINAL OLD* Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. Arms, his family coat of arms, and his signature across the coat of arms.
Principal Office, 102 Nassau st., New York City.

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE
Genuine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of age, and has long been known as the *FATHER* and *DISCOVERER* of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA."* Being poor, he was compelled to manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence as I wonderful.

HEALING POWER.

Knowing, *many years ago*, that he had, by his skill, science and experience, derived an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its curative virtues would be known and appreciated. This time is come, the means are supplied; this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale, and is called to thousandfold the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better: because it is prepared *on scientific principles by a scientific man*. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's. Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medical properties, and some properties which are inert or useless, and others, which if returned in preparing it for use, produce *fermentation* and *acrid*, which is injurious to the system.—Some of the properties of Sarsaparilla are so *volatile*, that they naturally evaporate in the preparation, if they are not preserved by a *scientific process*, known only to those experienced in its manufacture. Moreover, these *volatile principles*, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than any thing else; they can then strain this liquid away from the woody fibre, sweeten with some molasses, and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root is at once removed, everything capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases.

Hence the reason why we hear commendations of every side in its favor by men, women, and children. We find it doing wonders in the cure of

CONSUMPTION, DYSPEPSIA, and LIVER COMPLAINT;
and in *RHEUMATISM, SCROFULA, PILES, COSTIVENESS* all *CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES*, and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion, from Acidity of the Stomach*, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in *Colds* and *Coughs*; and promotes easy expectoration in an hearable person, relaxing stricture of the lungs, throat, and every other part.

But as nothing is its equal. Hence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of *Flour Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity* of the menstrual periods, and the like; and is as effectual in curing all the forms of *Kidney Diseases*.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies, as *Spinal irritation, Neuralgia, St. Vitus' Dance, Swooning, Epileptic Fits, Convulsions*, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion relieves the bowels of torpor and constipation, allays inflamation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all stricture and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this the

The medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? Thus young man's liquid is not to be

COMPARED WITH THE OLD DR'S.

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and

NEVER SPOILS,

while the other DOES: *souring, fermenting*, and *blowing the bottle* containing it into fragments: the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid! Do we not all know that when food sours in our stomachs, what mischief it produces! Flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, colic, and ultimately bad blood! What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all direr forms internal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, nature or less. What causes Rheumatism but a sour acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, or deranged circulations, and nearly all the ailments which afflict human nature.

Now it is not terrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet the world have it understood that Old Dr. Jacob Townsend's *Genuine Original Sarsaparilla*, as an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant remblance to S. P. Townsend's *article*: and which should bear a down upon the Old Dr. such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the *absolute truth*, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *diametrically opposed, and instantly dissimilar*; that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, uncommonly, unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are in capable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture a medicine, designed for

Weak Stomachs and Enfeebled Systems,

should know well the medical properties of plants, the best manner of preserving and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!

It is no wonder that so many have been led astray, to your loss into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may be healed, be purified, be strengthened.

Transcendent Power to Heal.

NOTICE TO THE PUBLIC

RASCALITY AND DECEPTION.

LET EVERY ONE READ THIS CAREFULLY.

THERE is a Sarsaparilla for sale called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. Dr. Townsend has expended over $300,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States and a greater part of the world—the sale being enormous.

This excited the cupidity of certain unprincipled men, and an old man who was engaged in peddling cheap publications about the streets of New York, for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get employment, or to sell the use of his name, to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising, as an inducement to embark into the business. Among others, he applied to Charles Watrous, Esq., Editor of the Jamaica Farmer, who secured such a proposition. Mr. H. G. ANDREWS, formerly one of the proprietors of Mc Allister's Ointment, RALPH POMEROY, formerly Cashier and Financier of the broken Shin-Plaster Bank at Bellville, New Jersey, JOHN SKILLMAN, and WILLIAM THOMPSON, under the name of THOMPSON, SKILLMAN & Co., have employed this old man, and agreed, we understand, to pay him seven dollars a week for the use of his name. These men are now advertising and blazing in all possible forms, the papers we would notice them, and bring them and their deception into market. Let the public decide upon the course of these *bared and incurable men*.

ONE OF THEIR TRICKS.

They say that Dr. Townsend's Sarsaparilla sours and ferments—this is false: as we have kept it through the whole year in New Orleans, Texas, Mexico, South America and the West Indies—in fact wherever it grows—the latter at the equator. We made a new bottles by mistake, last Spring, then spoiled. This we regretted, and exchanged as soon as possible; such an accident will never occur again. They attempt to make a great story of, and say that the whole of our Sarsaparilla sours, &c., when they are aware that they are publishing falsehoods.

ANOTHER TRICK.

We went to an expense of five hundred dollars to get up a splendid steel engraving for our label, and had the portrait of Dr. Townsend on it to distinguish it from all others, and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that *ours is genuine and the original*, unless signed with the name of S. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three female figures, and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend no Physician.

These men also publish that Dr. Townsend is no physician: this like all other statements, are false. Dr. Townsend attended two of the best Medical Schools in the country, has studied the different theories of medicine and practiced for the last fifteen years; has experimented several years, and expended large sums in bringing his medicines to perfection.

This old Jacob Townsend,

They are endeavoring to palm off on the public as an old physician, &c. He is no physician, and never attempted to manufacture a medicine until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that theirs is the old Dr. Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture is the Dr. Townsend's Sarsaparilla that has performed so many wonderful cures for the past seven years, and which has obtained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no connection of Dr. Townsend whatever. In their advertisements and circulars they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

FALSE REPORTS.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead—this they send to their agents about the country, who report that we have given up, business, &c., &c. The public should be on their guard, and not be deceived by these unprincipled men.

OUR COURSE.

Being satisfied by the experiments and the results of the medicine in eradicating disease, we resolved to place it before the world. At that time all of the Sarsaparillas for sale was put up in small vials of four and five ounces, and sold for one dollar per bottle. We could afford to sell a quart bottle of the purest and best article for the same. We resolved to do so and was laughed at by our friends, called fools—and told that we could not by the other manufacturers, who said a good article could not be afforded for the price. A few years, and they learned the difference of this. Dr. Townsend's Sarsaparilla almost entirely superceded the others, being infinitely better, and five times the quantity for the same price. Of late these men have made a great discovery, which is, that they have been selling a smaller vial of medicine for one dollar, which they could afford for twenty or twenty-five cents. For these same men now put up their Sarsaparillas in quart bottles, very nearly resembling ours, for the same price as they formerly sold the small ones, and ask the people to purchase. The people are not so green however. They have copied our labels, circulars, and shape of the bottles as near as they dare. Their course and ours we leave for a discerning public to act upon.

GREAT DISCOVERY.

Dr. Townsend having ten years since discovered a new formula of compounding the Sarsaparilla with other ingredients, and succeeded in producing a fluid that resembled in its action upon the digestive organs, the saliva, or gastric juice of the human body:—A liquid, when taken into the system, created new, rich, and pure blood—which would sustain, prolong, and create new life—for the blood is the life—re-solved, after three years of experiments, to bring it before the public. Sanguine that it required only to be known to be appreciated, being thoroughly convinced that to cleanse, purify and strengthen the circulation, was the great secret of eradicating disease. These convictions led to the discovery of Dr. Townsend's Compound of the Sarsaparilla. Satisfied that by diminishing the quantity of blood in the system, the life also was diminished, and that the true theory was to produce a healthy circulation. The theory having proved true, it is adopted wholly or in part, at present, by a large number of medical gentlemen, and the remedies more effectual than we anticipated—hence the wonderful success of this medicine.

THE ROOT WE USE.

We use the best Honduras Sarsaparilla. The last year we purchased more than ten times the amount of Sarsaparilla of all other Sarsaparilla manufacturers in America. Mr. Blonca, Esq., a merchant in the Honduras trade, and others, export it fresh and direct from Honduras for us. Messrs. Wareham Burr, Wareham & Co., No. 100, South street, have fitted up expensive and extensive machinery to rasp by steam the heart of the Quaish, or Ignuana wood. They furnish us over 1,500 barrels the last season. Our Yellow Dock, which we use a great quantity of, is cultivated in fields by the Shakers at New Lebanon and Iskeuna, and consequently the very best—far better than is generally used. We employ over one hundred men and boys collecting Roots, &c. in the proper seasons. Indeed all our arrangements are the most perfect and complete of any other similar establishment in the world, and our medicine is unequalled,

IMPROVEMENTS.

We have at our manufactory all machinery that is required to make the very best medicine from the Sarsaparilla that was ever produced. We have powerful steam engines to grind out and extract the root. We also have extensive vats for settling and filtering, &c., such as were never before used in the preparation of any medicine. No other manufacturer of Sarsaparilla has steam power to manufacture by.

BATHS! BATHS! BATHS!

WARM AND COLD

THE undersigned would respectfully ask the attention of this community to the important fact—important on account of its immediate and near-sary connection with health, happiness and length of day—that he has recently fitted up in good style, both of accommodation, and appearance, the large commodious room in the rear of his Shaving Apartment, and under the Post Office, as a complete Bathing Establishment.

He flatters himself that, from his ample arrangements, he will be enabled to give entire satisfaction. His Bathing Apparatus, and furniture principally, were purchased east—regard being had, in so doing, only to its convenient make and superior material.

Those wishing to indulge in the luxuries of acknowledged luxury are respectfully solicited to call, when they can be accomodated at any time between the hours of 6 A. M and 10 P. M.

Five Large Deep Ulcers.

Shrewsbury, Wis., March 2, 1849.

DR. W. B. Sloan—Dear Sir: In my opinion, the greatest cures effected are those that have longest resisted the skill of the *Medical Faculty*. Admitting that to be a fact, I have a case in point, to wit: *Mr. James Hensford, of Sheboygan Falls*, was crippled two years with *five large deep ulcers*, just above the ankle.—The leg was so much swollen he could not get on a boot. Nearly all the most popular *Physicians* in various places, have treated his case without any I ouestcal effect.

Last August *Mr. Hensford* solicited my advice. I succeeded in reducing the swelling and healed two of the sores. The other three I labored at till the first of February, without much if any benefit, when I gave him a box of SLOAN'S OINTMENT, and in three weeks he was well. Respectfully yours.

Burnt to Cinders.

W. B. SLOAN:—
Dear Sir: Justice demands that I should return to you my thanks for your UNPARALLELED OINTMENT. Three weeks ago my daughter's clothes caught fire, and before the flames could be extinguished, they were all burnt to cinders, the child was so badly burned that death seemed inevitable in less than twenty-four hours. Your *Ointment* was recommended, and used with success—it gave perfect relief. It is needless to add that the child is now well and about her business. The *medicine is all* and *more* than it is recommended to be. Every family and person should have it in their possession.

I feel indebted to you for my child's life, and anything that I can do for you or your medicine, I am ready and willing to perform.
Your humble servant,
JOHN H. CRANE.

On his Hands and Knees.

MR. W. B. Sloan—Dear Sir: I hereby certify that my son Albert, eleven years of age, was afflicted in his feet from the time he first began to walk, the bottoms of which were covered with a hard dry skin full of cracks, causing pain and much affliction, many times he was obliged to go on his hands and knees, and no time has he been free from the sore affliction until now. Baffling the skill of several physicians, but to our surprise his feet are now perfectly smooth soft and free from cracks, all from one application of your Ointment, I would say the boy put it on himself as an experiment of his own, from hearing it recommended. Nothing more was thought of it for three weeks, at which time his feet were near about in a healthy state, and are now the same as though they never had been otherwise. Yours, &c.,
ISAAC PADEN.

Doctoring in Galena.

MR. SLOAN:—Dear Sir. About three years ago I was severely injured in one of my legs by the falling of a pile of wood which occasioned large running ulcers. Nearly every doctor in Galena tried to cure them, but tried in vain, until from sympathy and improper treatment my other leg became as bad as the one originally wounded. I despaired of ever being well again—but in order that I might neglect no means within my reach, I purchased of your agent in Galena some of your Ointment, and you can judge of my surprise and gratitude better than I can express it, to find myself entirely well before I had finished using the second box.

These facts I make known that others afflicted may believe and not delay using so valuable an Ointment as yours has proved to be. Respectfully, your grateful friend,
EVAN DAVIS.

The Child was Healed:

York Precinct, Du Page Co., Ill., Dec. 22th, 1848.

MR. W. B. SLOAN—Sir; Last summer one of my children was badly bitten by a rattlesnake. We applied your Ointment freely, and "the child was healed."

Also, I had a horse wounded in the stifle Joint, in which he took cold and became so much swollen, and distressed, that the horse was supposed worthless, but by a free use of your Ointment, was soon cured. Dec. 22th, 1848.

We have used the Ointment in a great many other cases, with equal success.
