Sr. Louis, Oct. 30. 'An awful tragedy occurred last evening at Barnum's Hotel, the particulars of which are as follows: A few days since two young Frenchmen, calling themselves Gonzales de Montesque and Count Raymond de Montesque, arrived in this city from Chicago, and took lodging at Barnum's Hotel, stating that they were on a hunting excursion through the west. Last evening about 11 o'clock, as Mr. Barnum, a nephew of the proprietor, and Domostic Dry Goods.

J. J. Macumber, Steward of the House were retiring to bed, one the Frenchmen came to the window on the gallery, and tapped lightly on the same. Mr. Barnum pushed the curtain one side, when the man outside fired the gun, the ball from which passed through Mr. Barnum, and two buckshot lodged in the arm of Mr. Manum, and two buckshot lodged in the arm of Mr. Manum, and two buckshot lodged in the arm of Mr. Manum and two buckshot lodged in t cumber.

Albert Jones, a coachmaker, who had a room adjoining, received a shot and died in a few moments. A couple of gentlemen who had also entered the gallery, were struck with buckshot. Their names were H. N.

canst thou restore a mind diseased! The effect of a hil-ious charact upon the human system is most strikingly exhibited in its influence upon the mind. The common objects of pleasure and enjoyment, become sources of weariness and disgust. All nature wears a sombre aspect. A constant gloom hangs over the spirits, a weight of despondency crushes every clastic feeling of the heart. Existence looses its charm, and life itself. becomes a burden. As incredible as it may seem, such are often the morbid influences of a diseased liver—the effects of a bilious climate. Dr. Osgood's Indian Chologogue, by eradicating the disease of that organ, removes the burde i which oppre-ses the spirits, and restores the mind to cheerfulness and heal th.

Imitations are abroad! Be particular to inqure for Dr. Oscoods J. H. BURTON, Agent, Erie.

THEY WON'T FOOL YOU, IF YOU DON'T PUR-CHASE THEIR TRASH.—Since Sloan's Ointment, Condition Powders, and Tanin Paste, have carned a great reputation, and sell readily, several persons in different parts of the country, have commenced imitating them by manufacturing spurious articles. At first they will recommend their preparations as superior to Sloan's, and when they find thatt Pill went go down, they will tell another falsehood by saving that their Ointment, Condition Powders, and Tannin Paste are made from Sloam's recipes, and that they sell a larger quantity for less money.

Some of there "would be considered" honorable gentlemen keep Drug stores. Notwithstanding, Dont be persuaded to purchase any other article with the promise that it is just'as good as Sloan's .-"Hold fast to that which you have proved to be good," and by so doing, the Rascals won't fool you with their Humbugs, nor injure the reputation of Sloan's preparations.

See Agents' names at the head of Sloan's Column. For further particulars and testimomals, get Pamphlets of Agents. LIVER PILLS.—These Pills, discovered by Dr. M'Lane and which bear his panne, were first used in his own prac. tice. In a few years they attracted the attention of other physicians, and thence passed into general use. For curing all discacians, and thence passed into general use. For curing an usea see of the liver, they act with certainty and regularity. The pattent soon feels the removal of disease, until he is well. The feet is almost magical; and after swallowing drugs and medicines of another description, the sufferer finds him-elf relieved at once. Diseases of the Liver are very common in this country, and are as frightful in the character, as they are frequent in occurrence. Are you troubled with any of the numerous complaints which originate in a diseased state of the Liver? Purchase Dr. M'Lane's near the magical in the consession of the Liver. To much care cannot be taken to get the article fresh, for when it becomes deliterious.

Sold by Carter & Brother and J. H. Burton, Eric, Pa. ONE THING IS CERTAIN, that Wistar's Balsma o Wild Cherry is far the best remedy now used for all dis tessing coughs and diseases of the Lungs. The cures being performed are really astonishing the world. Dr. Wistar's celebrated preparation is wholly an innocent remedy-being composed prin-

cipally of the Wild Cherry, and extract of Pine; combined by a new medical process, with the gendine lectand Moss, another of Nature's great curatives for pulmonary diseases. Besides its astonishing efficacy in the diseases above mentioned. we also find it a very effectual remedy in Asthma, the complaint

in which it has been extensively used with decided success, even It not only emanates from a regular physician but has been well tested in all the complaints for which it is recommended: 4123,

DEATH FROM A SLIGHT COLD:

TBy neglecting those salutary precautions which common sense dictates, many, sery many, fall victims to liter prudence. We have seen the young bride blooming like a bird of paradise—the fair of flower hope, the pride of her father, and the joy of her mother—her cheek flushed with anticipation, and her eye beam ing with the softexpression of tove—the gay dreams of life dancing before her fancy, with the rich and variegited tints of the rainbow's hue. We have seen all this changed—aye, the xedding garmeni for a shroud, and the bridal chamber for the sequichre of the dead, and all this by neglecting a "common cold."—Now, before it is too late, use Dr. Roger's Syrup of Luvewoor, Tax, and Canchaladov, which gives immediate relief, as thousands of our most intelligent and wealthy families are ready and wilting for testify.

Her disease baffled the skill of the best medical aid I could procure—her physicians pronounced her disease "Consumption in the last stage," and said that her recovery was past all human hopes. As a last resort with very little hope, I procured Wistar's Balsam of Wild Cherry. After using a few bottles, I found to my agree able surprise, that her health was improving rapidly. She is now so far restored as to be able to attend to her regular household duties without suffering any inconvenience. Her rapid hipprovement and present health warrant me in the belief that she will soon be entirely restored.

John D. Park:—Dear Sir—Having teen afflicted with the Liver Complaint for about eight years, while living in Hiyria, in this State, I had become so low and emaciated, that I was obliged to give up my business entirely to my brother, and was advised to travel and try what benefit it would have on me. I started, and was gone from home about four mouths, but experienced no relief whatever, and was finally advised by some of my Friends to try Wistar's Balsam of Wild Cherry, which I commenced using.—To my own surprise, and after using two hottes, I was completely restored to health and continued up to this day witholitany symptoms of the old complaint; or any sickness, of any other kind. I send you this that you may make use it as you deemfit, knowing as I do, that the Balsam had saved my life when-all other remedies had failed. Yours, &c., JOHN F. WOOSTER.

DR. W. B. Sloan—siz: About two years ago, while rafting on the Mississippi riser, in passing over the rapids, I was plunged in the water, and by the raft dashed against a rock, crushing my felt leg and otherwise seriously injuring me, so much that I lost all sensibility. When consciousness returned I found myself in St. Louis, surrounded by my weeping family. Good nursing and inedical aid, enabled me in about two monits to hobble around with the as-istance of a crutch. The wounds only partially healed, leaving large running sorce at the knee, which for many months discharged blood and matter of the inest offensive character. My pains were hexpressible, at times my suffering was so great that death would have received a hearty welcome. Fortunately Mr. Wilson, (one of my neighbors) savised me to try your Olintment, I obtained a box and applied it according to direction—the sores soon begun to assume a healthy appearance, and in three months I was entirely cured, and able to endure hard labor. Your Obd't. Servant. HIRAM W. THOMAS.

We the undersigned, neighbors of H. W. Thomas, were acquainted with the case above stated and knowing the circumstances, most cheerfully confirm said Thomas's statement.

READ, THE FOLLOWING TESTIMOS(ALS!

In accordance with the prevailing custom, and in order to show
the virtues of this medicine more fully, the following certificates,
have been selected; and as it is not our wish to trifle with the
lives or health of those afflicted, we sincerely piedge ourselves to
make no assertions or "faire statements" of its efficacy, nor will
we hold any hope to suffering humanity which facts will not
warrant. The Proofs are here given—and we solicit an inquiry
from the public into every case we publish, and feel asured they
will find it a medicine well deserving their patr, page and confidence. SLOANS OINTMENT Excels: from nartice exercise: also, Rheumalism, (commonly called sitemplaint), which proves so fath to many valuable horses in the country. CHANG MEDICINES.—There is a wonderful stir made about these medicines, and we are credibly informedalist not ing in as ever been offered to the public so deserving of attention, eappetally of all who keep horses. With "Sloan's Condition Powder," a horse is always kept in condition, and by the use of his Ointiment, bruises, sprains and cuts, are cured in a surprisingly in time, and the life of many a valuable horse saved. The numerous certificates published in his advertisement, from well known individuals, fully attest the value of the medicinea for the fuses and purposes studed, and we have no doubt they will become popular medicines in this section, as, they are in general use at the West.—Bujiato Republic, June 11, 1849.

Another Ext nordinary Care. Another Ext nordinary Onre.

M. R. W. B. Sloan—Sir: In January last I had a Colt gored through the rim of the belly by a cow, from which wound the contents of the intestines were discharged for thirty-six hours, and about an inchesforward of the wound a swelling commenced and continued to enlarge for six days, when I opened it, and that also discharged a large quantity of blood and matter, then I gave up all hope of saving the colt, but one of my neighbors, Mr. L. M. Clark, influenced me to apply your Cintment freely, I done so and it cured the colt well as ever.

If you desire proof of the statement herein contained. Three of my neighbors are ready to testify to the above fact, as also am I.

LARGE TUMOR.

Washington, Jone 9, 1849.

DR. W. B. Sloan-Dear Sir-I had a horse which I was unable to use for about two years, on account of a very large tumor produced by the colar. It was so sore and painful that he would not allow a common martingal around his neck. I tried all the liminents in the country which I thought might be of any service, but they all appeared to acgravate the disorder. I had lost lall hope of his recovering, and turned him out to die. Beveral of my neighbors advised me to try your Oilment and Condition Providors, but I told them I thought it of no tree, as I had tried various Omments and Liminents without benef; i moreover the horse appeared, to be otherwise declining in health. However upon their recommendation I applied the Ointmentand gave the Powders as directed. He began to improve very soon, and in the course of four weeks was as well as any horse in the neighborhood. I have worked him since, and there is up to this time no appearance of a return of the tumor. I can therefore confidently recommend your medicine in preference on any other in existence. Send on plenty of it here, I am sure you can find sale for a large quantity.

M. R. Sloan-Dear Sir: Recently my horses ran away with a log chain attached, which cut and otherwise injured them seriously, so much so that I considered my team ruined for busiseriously, so much so that I considered my team ruined for business. Fortunately a friend recommended me the use of your Olintiment. I went to Milwaukse and purchased a box. It soon removed the inflamation and in a few days the wounds healed.—The great benefit derived from the use of your Olintiment, on my horses, induced me to acquaint you with the fact believing its publicity would benefit you and the public.
