CAUTION DETRA. A man by the name of CLAPP has engaged with a young man of the name of S. P. Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it CLEVILLE, Original, ect. This Townsend is no doctor, and never was: but was formerly a worker on railroads, canols, and the like. Yet he assumes the tilteof Dr., for the purpose of gaming credit for what he is not. This is to caution the public not to be deceived, and purchase none but the GENICLE ORIGINAL OLD Dr. Jacob. Townsend's Sarsaparilla, living on it the Old Drs. likeness, his family cont of arms, and his signature across the cort of arms.

nature across the cost of arms.

Principal Office, 102 Nassau st., New York City. OLD DR. JACOB TOWNSIND,

THE ORIGINAL DISCOVERER OF THE Gonuino Townsond Borsaparilla.

Gonuido Townsend Barsaparilia.
Old Dr. Townsend is now about 79 years of age, and has long been known as the AUTHER and DISCOVERER of the GEA-UINE ORIGINAL "TOWNSEND SARSAPARILLA." Being poor, he was compelled to limit is manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the cars of many, nevertheless, as those persons who had J on healed of sore diseases, and saved from death, proclaimed its excellence and wonderful.

The meaner of sore triseases, and saveg from death, proclaimed its excellence and wonderful.

HEALING POWER.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalcuble advantage to mankind when the means would be furnished to bring it into unniversal notice; when its emerimable virtues would be known and appreciated. This time has come, the means are supported the hed; this GRAND AND UNEQUALLED PREPARATION

phed; this

ORAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale, and is called for throughout
the length and her lith of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with ege, and never changes, but for the Letter: Lecause it is prepared on scientific
principles by a scientific max. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought
into requisition in the manufacture of the Old Dr's. Sarsaparilla,
The Sarsaparilla root, it is well known to medical men, contains
many medical properties, and some properties which are inert or
uscless, and others, which if retained in preparing it for due, produce fermentation and acid, which is injurious to the system:
Some of the properties of Sarsaparilla are so volatile, that they
entirely evaporate and are lost in the preparation, if they are not
preserved by a scientific process, known only to those experienced
in its manufacture. Moreover, these volatile principles, which
dy off in vapor, or as an exhalation, under heat, are the very essentialmedical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored
liquid, which is more from the coloring matter in the root than
from anything else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "SARSAPA.".

HELL EXTRACT or SYRUP. But such is not the article known
as the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPA-

as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPA-GENUINE OLD DR. JACOB TOWNSEND'S SARSAPA-RILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, excrything capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the Cure of Innumerable D'seases.

Hence the reason why we hear commendations of every ride in a favor by men, women, and children. We find it doing wonits invor by meet, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER COMPLAINT; and in RIBUNATISM, SCROFFULA, PILES, COSTIFENESS all CUTANEOUS ERUPTIONS, PINPLES, BLOTCHES, and all affections arising from IMPURITY OF THIS BLOOD.

CHES, and all affections arising from MPURITY OF THE BLOOD.

It possesses a marvelous efficacy in all complaints arising from Indigestion, from Aridity of the Stomach, from unequal circulation, determination of blood to the head, pathintion of the heart, cold feet and hands, cold chills and hot flashes over the hody. It has not its squal in Colds and Coughs; and promote easy expectionation and gentle perspiration, relazing structure of the lungs, throat, and every other part.

But no nothing is its excellence more manifestly seen and acknowledged than in all kinds and stage of the Womb, Obstructed, Surpressed, or Painful Mignes, Falling of the Womb, Obstructed, Surpressed, or Painful Mignes, irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kiducy Disease.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole hody, thus cure; all forms of Nervous diseases and dobility, and thus prevents or relieves a great variety of other maia dies, as Spinal critation, Nervalgia, St. Films, Dusses, Suconing, Epileptic Files, Carculvions, Sc.

o Fits, Corrusions, &c It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good direction relieves the bouch, tones the stomach, and gives good direction relieves the bouch of por and constipation, allays inflamation, putriffs the skin, equalises the circulation of the blood, probleting gentle warmin equall, all over the body, and the insensible perspiration; relaxes all electricians and intigorates the currency system. Is not this then

SOURING, FERMENTING, ACID "COMPOUND"

OF S. P. TOWNSEND,

and yet he would fain have it understood that Old Dr. Leob
Townsend's Genuine Original Sarsapavilla, is an IMITATION
of his interior preparation!!

Heaven lorbid that we should deal in an article who, h would
bear the most distant resemblance to S. P. Townsend's article
and which should bring down upon the Old Dr. Lech a mountain
load of containts and estiminations from Account who has estaland when should bring down alon the that its such a mountain load of complaints and orinimations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the abiabute truth, that, S. P. Townsend's Ariside and Old Dr. Licob Townsend's Sursapaille have lease on-wide apart, and infectly does milne; that they have uplike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, at diever was, is no chemist, no pharmacentists—knows no more of medicine or disease than no pharmacentist, knows no more of medicine or disease than any other common muscentific, unprofessional man, what generalize can the public have that they are receiving a genulam section to members of the articles used in preparing it and which are in capable of changes which might render them the AGISTS of Disease; instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine, designed for work Stormachs and Enfochled Bystome, should know well the medical properties of plants, the best manner of securing and concentrating their healting virtues, also an extensive knowledge of the various ciscases which affect the limit of securing and concentrating their healting virtues, also an extensive knowledge of the various ciscases which affect the limit of some health and bloom, and vigor into the crushed and broken, and to banish infirmity that OLD DR. For the Removal and Permanent Cure of all NERVOUS DISEASES, And of those Complaints which are caused by an impaired weakened or unleatthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the Age.

CHRISTIE'S GALVANIC BELT MAGNETIC FLUID, is used with the most perfect and certain success in all cases of

GENERAL DEBILITY, Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS AND PALSY, Dyspepsia or Indigestion, RHEUMATISM, Acute and Chronic, GOUT, EPI-LEPSY, LUSBAGO, DEAGNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERV-OUS AND PHYSICAL ENERGY, and all

Nervous Diseases. which complaints arise from one simple cause, namely,

A Derangement of the Nervous System. 65- in NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvaniam, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened safterer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of Dr. Christic's Galvanic Curatives, consists, in the fact that they arrest and cure disease by outward application, in place of the usual mode of drugging
and physicking the patient, till exhausted Nature sinks hopelessly usder the infliction.

They strengthen the whole system, equalize the circulation
of the blood, promote the secretions, and never do the slightest
injury under any circumtances. Since their introduction in
the United States, only three years since, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND FERMANENTLY OURED, when all hope of relief had been given up, and every thing elso been tried in vant!

To illustrate the use of the GALVANIC BELT, suppose the case of a person affleted with that bene of civilization, DYSPEPSIA, or any other Chymic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary reflect, but which leave the patient in a lower state, and with nighted faculties; after the action thus excited has cessed. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufference up in the worse symptoms of an attack, and simply us the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt threeby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus Leeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEISIA are PERMANENTLY CURED. A FEW DAYS 18 OF TEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Y., Jan. 24, 1848 About the first of November last I called at your office and About the first of November last I called at your office and purchased one of your Galvanic Belts, and I am happy to say that it has made a new man of me. For years I have been troubled with Rusernerses, very severe, and a general week-sees of the whole system, and very nervous, with pain in the head, so severe that I would have to take to my bed three or four timps a day. My friends are astenished at the perfect and wonderful cura wrought on me. I nover was better in my life than now, and I know that this is altogether owing to your GALVANIC BELLY, for I had had the best physicians, and had tried every thing previous to using it, without effect.

My Dran Docton,
You ask mo to give you an account of the success of your GALVANIC BELT'S in this region. I cantruly say that they continue to do wonders; hundreds wear them, and I do not know of a solitary case of failure in their use. I sold a Belt and the Magnetic Fluid to a lady here some weeks since. She had a camplication of norvous disorders, and was very low. Dr. Nelson attended her, but did her no good; and the Doctor blew out considerably when she got the belt, and reducted it; but the lady used the Belt and was cured. Now this Doctor had the Dyspapala for a great while, and could not cure himself, but gets this lady's Belt, wishes it kept a secret, puts it on himself, and it did him so much good, that yesterday he called on me and got one for his wife.

Miss Vandemans, of this town, lay all winter with the Rheumatism. She got to be perfectly helpless. Every one who saw her said she could not live. She sent for a GALVANIC BELT—put it on—used the Fluid freely, and in Eight Days she war our institud, and is to be No. 3.

Mr. John Emsn. merchant of this place, was reduced to some skeleton, by Dyspepsia and general chronic disease; he got a Belt and the Fluid, and is now as healthy a man as we have got in Kingston. He has spent large sums of money in various nostrums previously, but they all proved useless.

An old gentleman by the name of Newkirk, had the Dyspepsia for thirty years. He tells me that he could not eat any thing without its rising on his stomach; he was very much emacinated and looked miscrable; but he purchased a Belt from me, and after weating it 3 or 4 weeks, he drove up to the door and said he had come to thank me for selling him Cinnstits's Bill, and and a well man of him. He says that he now eats and digests perfectly, and that he is as hearty as any of his neighbors. He isshout 60 years of age.

Mr. Wood, of Marbletown, was drawn up with Croup and Rheumatism, so that he could not move. His brother got a Belt for him, and in one week he was so well that he was about attending to his business. He says it is the greatest thing on earth.

I could give you a great many more cases, equally successful, but I suppose these will be sufficient. TERRIBLY SCALDED.

TERRIBLY SCALDED.

I lately received in being "Terribly Scalded" by the lursing of a distillery holler, were healed in the short space of fourier disty by the free application of Stoan's celebrated Oristmens. Also, my child, that had been sorely afflicted for several months with Marasmus, on whom I had expended a large sum or neder for medical advice and medicines, was restored to health in lend that three weeks by the use of Sloan's Ointment.

For injuries on horses I am confident Sloan's ointment.

For injuries on horses I am confident Sloan's superior to any other remedies now used.

In my opinion, Every Family should constantly keep on har, this valuable Ointment.
