LIVER PILLS,—No medicine ever earned for itself a least reputation in so short a tune, as has the Liver higher reputation in so short a tune, as has the Liver higher reputation in so short a tune, as has the Liver higher reputation in so short a tune, as has the Liver with the largest and best selected stock of Watches, and Jewelry everotiered for sale in Eric. The liberal patronage necessary and the liberal patronage received and compounded by Dr. Mylane of Virginia. Altitudy but a short time comparatively before the public, it has induced me passed. The demand for them has become immense. Messrs, Kidd & Co., the proprietors of the medicine, who reside in Pittaburgh, corner of the Wood streets, are constautly receiving or myself to sell good goods and an animal advance from which they find it almost uturly impossible to supply. The popularity of these Pulls is not coufined to any particular section of the country, the demand being general, from the North, Bouth guarters of the United States than that of the Liver. And there Pills are the best remedy over yet discovered for liepatic derangement.

6000 Acres of Land for Salo!!

THE Subscriber having purchased the well known MORAI VIAN GRANTS, containing some 6000 acres of land, situate in Eric county, Pennsylvania, now offers the same for sale, in partels of various sizes, and on terms to suit rich or poor, TheeLands are of a quality inferior to nome in this section of country, and afford a rare opportunity to Farmers, with small means, of equiring an excellers Farm, as the prices are low and the payments may be extended, if desired, for a number of years.

About 2000 acres are situate in the northwest corner of the county, on the Lake shore and Ohio line, in a country unsurpassed for preducing Wheat and Fruit. This tract has been divided into lundred acre lots, each of which has trom 40 to 70 acres cleared and under cultivation together with a House and Barn, and in most cases an Orchard of fruit. The town of Conneaut and Harbor, with a thriving Lake trade, is located two miles west of the Grant, furnishing a ready market for grain and other country produce.—Springfield is four miles, and the flourishing borough of Girard, on the Pittsburgh and Eric Caual, is ten miles cast of the lands—Marketing, and especially grain, at these places, is also in demand at fur prices. The Ridg' Road, running along the Lake from Buffalo to Cleveland, passes through the middle of the tract, and the Raifroad connecting New York city with the great west, is now being located across the same. Conneaut creek, with an shundance of water the year round, has sufficient fall on the land for a number of Mill scats.

The other 4000 acres are situated on Prench creek, seventeen miles southeasterly from the horough of Waterford, and three miles southeasterly from the horough of Waterford, and three miles west of Union Milts; all which places afford a good market for the produce of the country. To acres are clear and under cultivation, with a number of the land is covered with timber, sufficiently valuable to induce persons to purchase for thatalone. A brisk tra

In 16.8 preparation are story's concentrated all the Medicinal properties of Saraarakitha, combined with the most effectual able, the most sultary productions, the most polent simples of the vegetable kingdon; and it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendations and the approbation of the public; and has established on its own merits a reputation for value and pyricacy far superior to the various compounds bearing the name of saranaralla. Discuses have been cured, such as are not furnished in the records of time past; and what it has already done for the thousands who have used it, it is capable of doing for the millions still saffering and struggling with disease. It purfes, cleanses, and strengthens the foundin springs of life, and infuses, new vigor throughout the whole animal frame.

The diseases for which his stricke is recommended are those to which it is known from personal experience to be adapted; and those apparently removed beyond the sphere of its action have visided to its infusence. The entalogue of comprising night be greatly extended to which the Sarsaparilin is adapted, but experience proves its value, and each succeeding day is adding new trophics to its fame.

REMARKABLE CURE OF BRONCHITIS.

New York, Prob. 17, 1648.

Messra, Sanpa:—Having suffered many years with a disease of my throat, affecting the larynz, during which time I was treated by the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress: caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with publishs and great difficulty in breatling, would soon have terminated my life, had I not obtained relief through the medium of your valuable Sansaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not surprise you, when you are informed I had tried more than fifty different remedies during the past four years, without any surcess; but after thing your Sarsaparilla a few weeks, I was obliged at last to yield to evidence. This marvellous specific has not only relieved, but cared me; and I therefore think it my duty, gentlemen. For the benefit of suffering humanity, to give you this attestation of my cure.

Yours very truly.

L. BURG, Vice-Consul. CANCEROUS ULCER PERMANENTLY CURED. LET THE FACTS SPEAK FOR THEMSELYS.—The following striking, and, as will be seen, permanent cure of an inveterate Carcke, is only another link in the great chain of testimony to its merus. Let the afflicted read and be convinced. What it has done once it will do again:—

of teatimony to its merits. Let the afflicted read and be convinced. What it has done once it will do again;—

Messre A. B. & D. Sards:—Gentlemen—In the year 1812 I was attacked with a cancer in my neck, which soon extended its ravages over the side of my face, eating the feeth, and leaving the cords of my neck bare, discharging very freely, causing intense pain and suffering, depriving me of rest at night and comfort by day, destroying my appetite, and reducing me atmost to the gates of death. I was attended by the first physicians in the state, who prescribed for me, and did all that skill and talent could effect, but during all the time I continued to grow worse under their care. In the Spring of 1844 I chanced to hear of the curse performed by your Sarsaparitia, and determined to try it. I had not used over two bottles before I feet its effects on my system most sensibly. My appetite was soon restored, my strength was increasing, the discharge from the cancer decreased, and I soon began to perceive that the fieth was healing. I continued its use according to directions, and also continued to grow better and better from day to day, until I have been fully and wholly cured by its use. It is now two years sures I was cured, and I have remained perfectly well up to this day. I have delayed giving you this certificate; that I might accertain whether the disease would reappear; but I am happy and most thankful to again repeat that the dure is a perfect one, and effected whighly by the use of your Sarsaparilla. The sears still remain; and all who know me, spid many of the clizens of Stanfard, can testify to the severity of my race and my sufferings, and the health-restoring power of your Sarsaparilla. I can with unhesitating confidence recommend its use to every sufferer afflicted with similar complaints. After experiencing what I have from its effects, I can say to one and all, "Hestate and doubt to longer, but secure to yourselses the health-restoring true the meanting my true that me meaning what i have from it Most gratefully I am, and shall always remain, your friend, ISAAC STEVENS.

CONSUMPTION

READ! READ!!

This medicine is just u that it is declared to be above. A remedy for the complete care of all those affections of the Throat and Lauge, which is reglected, always end in Consumerium. It is not a worthless, each peny sticle, made just to eat. I like many of the common mostrouse of the day, but is a strictly scientife. Preparation—the original recipe having been furnished by an eminent Physican, (the late trof. Rogers,) and that still further improved by one of the present proprietors, who is himself a segalosty-salcated Physicians, a graduate of the University of Pennay branta—the roganosed of the choicest articles in the vegetable kingdom, most of them of long-tried value and established reputation, and some of them enterly sea, particularly the Carcustava, a plas of most wonderful medicinal virtues, lytely introduced into this country from California. The Recipe has teen shown to thousand of Physicians, who have universally approved it, and will te shown to any Physician who devires to ree it, upon application cither to the Proprietors or their Ayens—I than been dued in multitudes of cases, and is strongly recommended by Physicians, even Profess re in our Medical Colleges, Ministers of Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is no grackery or deception about it, but that it is a shedje cine of most uncommon virtue and effecty.

PAMPILLYS.

As no ordinary sized advertisement/can begin to do justice (Q the meetits of this article, the Proprietors have embodied in a tramphlet form, the history of this Medicine—the description, surface, of its principal ingredients—theefart they are designed to have upon the human system—and above all, the isolatelable amount of good which it has done. They deely not circhine this Panaphlet extensively; but should any one be overlooked, they are carried to call upon the Agents ramed below, and procure one, gratis—it will introduce you to marso it celiminally in list favor which is perfectly irresistible.

COUGHS, COLDS, &c.

The Dr. A Roger's Syrup of Lavenwore, The and Canchalaous has proved itself to be the most extraordinary medical aid in curing that usually fatal disease Consumption. But, Ir should be transmitted, this medicine is an efficacious and valuable in the incident diagree, such as longits, Unids, Hourseness, &., before the Lungsare so far gone that ulceration has taken place. It is seldom, if ever, known to fail in breaking up the prost obstinate and distressing Congli or Cold, in a few hours' time, if the directions are strictly followed. The genuins, which makes so many smalerful exers, is for sale at Carter & Brother and Burtin & Perkins, Eric Pa.,

From the Medical Reporter,
STRONG TESTIMONY.

17 "The columns of the Press through at the country seem to
be so filled with notices of cures and specifies for all diseases,
flesh is beit to, that one hardly knows what to do in case of diswhich is heir to, that one hardly knows what to do in case of discase, for fear that it using one medicine, another and better may be overlooked. But from the remarkable exce, and the high order and vast amount of testimony help brought addersary personal continuous five of the extraordinary efficacy of Dr. Rogers Systup of Layramore, and Carenalagua, we are compelled to regard the cridence of our senses, and confidently state, that for Cowglar and Calla, and that hydra-braded monster, Counterton, we think the above preparation a safe, speedy, and certain cure. To all discuss the cleewill."

our friends we say, TRY IT; and if it does not help you, nothing clee will."

DEATH FROM A SLIGHT COLD!

IT By neglecting those salutary precautions which common sense dictates, many, very many, fall victims to their prudence. We have seen the young bride blooming like a bird of paradise—the fair of flower hope, the pride of her father, and the joy of her mother—her check flushed with anticipation, and her eye beaming with the soft expression of love—the gay dreams of life dancing before her fancy, with the rich and variegated time of the rainbow's lue. We have seen all this changed—say, the ead-ding garmeni for a strond, and the bridal chamber for the sepulcitie of the dead; and all this by neglecting a "common cold."—Now, before it is too late, use Dr. Roger's Syrup of Lavenwort, Tag, and Cavenvaava, which gives intimediate relief, as thousands of our most intelligent and wealthy families are ready and willing fo testify.
