New York, Feb. 7, 9 A. M.

The Steamer City arrived here last night at 12 o'clock. She brings about $1,000,000 of gold dust, and 800 passengers. The things we realize, they were brought in the Falcon. The list of deaths in California embraces eight persons.

The California Legislature met Dec. 15th and was organized on the 17th, in the choice S. J. White, (a Democrat, sympathizer) in Assembly, and S. C. Hastings, of San Diego, President pro tem in the Senate.

Gov. Burnett was inaugurated on the 20th, immediately after which ceremony the Legislature by viva voce voted for United States Senators. Whole number of votes was 61, necessary to a choice 31. On the first ballot John C. Fremont 25, W. M. Gwinn 23, H. W. Halleck 10, T. B. King 10, John W. Geary 5, Robt. Semple 3, Thos. J. Henley 2. On the 2d ballot Wm. M. Gwinn 31, H. W. Halleck 14, T. J. Henley 3, J. W. Geary 1, T. B. King 1. Said C. Fremont, Wm. M. Gwinn were declared duly elected. Wm. B. Ewaldo has been appointed Secretary of State, A. G. Hooten, Comptroller, Hon. B. Simmons Treasurer, A. B. Chrisman Attorney General, Chas. J. Whiting Surveyor General, S. C. Hastings Judge of Supreme Court. The whole number of votes thrown at the election for Governor and Representatives for Congress was only 38,000, although the state was probably polls 70,000. There were two candidates for the first for Congress. The highest on the list is S. W. Wright. The next Edward Gilbert, of the New York subscription, one of the editors of the Alta Californian.

The Message of Gov. Burnett disappointed many of his friends, as a literary production. It will not attract very general attention for its eloquence, clearness or comprehension. Many important matters are merely shared over, while but a syllable is uttered on the subject of Education. The Governor seems to doubt as to whether the legislature should proceed at once to frame important laws for the government of the state, or await the action of Congress upon the Constitution. In regard to the civil and criminal code, the message recommends the adoption of the definition of crimes and misdemeanors contained in the common law of England—the English law of evidence—the English commercial law—the civil code of the state of Louisiana, and the Louisiana code of practice. The Governor estimated the current expenses of the state for the year at $5,000,000; to meet this large sum, the message recommends the immediate imposition of a poll tax, and a tax upon real and personal property in proportion to its value. He recommends also, that no person who may neglect to pay his taxes shall be permitted to bring a civil suit in any court in the state until arrearages are paid. This will not be a popular move.—The Governor, also, while he says nothing against Chinese—Kanakas—Indented Chilenos—Sidney thieves, and other outsiders coming freely into the state, recommends the expulsion in toto of free negroes. He thinks that if allowed to emigrate, slaves will form contracts in the southern states for one or more years with their masters, and thus be to all intents and purposes slaves. We think that objection may be easily got over by the states prohibiting all such contracts null and void. We do not perceive that the message treats any other matters of note.

Prospects for gold business for the next season were considered very flattering. It is thought that a much larger amount could be taken out than the past year.

Gold digging had nearly been suspended for the season, and a good many persons were flocking into the towns. Wages of common laborers were much lower.—Only from $6@8 per day were being paid.

On the morning of the 24th of December, a fire broke out in Donohoe's Exchange, and in two hours nearly $1,000,000 of property was destroyed. The Parker House is among the buildings burned. All the buildings on Portsmouth Square and Washington street were consumed.

A fire broke out at Stockton on Sunday, the 24th, destroying a number of buildings and property to the amount of $150,000.

Prices in San Francisco on the 1st, indicate no scarcity of provisions. Flour, $12@21 per bbl. Corn meal, $15@18. Mackerel, No. 1, $18@21. Salmon, $14@18. Dry Cod, $6@10 per 100 lbs. Sugar, brown, 14@25 cts. Beef $18@35 per bbl. Pork, mess, $28@31. Hams, 45 @50 cts. per lb. Butter, 90@95 cts. Cheese 50@55. Potatoes $9 50@10 per $2 lbs. Beans 5@6 cts per lb.

THE EXPLOSION.—This morning's papers give a list of 40 dead bodies found in the ruins. There are yet about that number missing. The work of removing the rubbish is progressing, and it is expected the balance of the dead will be recovered to-day.

Christian Meeting.—To-night Lecture in the course on Restoration and defence of Universalism, will be delivered in the Universalist Church to-morrow evening. Subject—"The Atonement." Feb. 6.

A MISCHIEVOUS WITNESS.—Granville, Milwaukie co., Wis., Oct. 12, 1849—Mr Sloan—Dear Sir: Recently my house was swept away with a log chain attached, which cut and other wise injured considerably, so much so that I considered my team entirely out of business. Fortunately a friend recommended the use of your Ointment. I procured a bottle and commenced a use. I soon removed the inflammation and in a few days the wounds healed. The proud beasts danced from the use of your Ointment, on my hands, believing it to acquaint you with the fact, believing its publicity would benefit you and the public.

Respt, JOSIAH CORNTOCK.

A DISTRESSING AFFLICTION.—Of all the evils to which the human system is subject, we will on the most formidable disease known to America, is that of the Liver. It has been said that one in every six persons suffers from the Complaint in all quarters of the Union. Still, however, dreadful the mortality prevails, and thousands more are made to feel its tormentations by disease. The proprietors of M'Lane's Liver Pills feel confident that they offer to the afflicted a remedy which more than ever before, and has never failed of success when a fair trial has been given it. Hold Up! Walk Up and see the Bang Up!!

THE public are invited to call at the Erie Steam Foundry, or at our Store, and examine the last Paragon of Cooking Stoves, just out which an enormous large Oven, high enough to bake a large Turkey on its feet, while six loves of bread are baking around it. The "noise and confusion" it has made East, has induced the characteristic name of BANG UP. One who lately saw nine loaves of beautifully baked bread, taken from the oven at one time, "was reminded of the capacity of a small pig which drank two quarts of whey at a draught, and did not then fill the measure which contained the whey into four inches." See certificates.
Erie, Feb. 2, 1850. LESTER, SENNETT & CHESTER.

Erie, January 28, 1850.

Messrs. Lester, Sennett & Chester: Gent.—To your inquiry whether the "Bang Up" Cooking Stove purchased from you during the present month, has given satisfaction or not, I have the pleasure of answering that said stove has met our fullest expectation in every particular, and would not be exchanged for any other pattern now in use of which I have knowledge.

Very respectfully, your obedient servant. A. SCOTT.

Messrs. Lester, Sennett & Chester: Gent.—We are using your improved modern Cooking Stove, called the "Bang Up," and after a trial of one month can recommend it as superior to any stove in use in this section of the country. Among the most prominent advantages of this stove, is the economizing of fuel. Over a barrel of coal less than formerly is required to do the same amount of cooking. Especially is this the case with soft coal. This is a desideratum of great importance, and one which we have not before enjoyed. Every purchaser will receive a full set of Cooking Utensils.

Tobacco.—100 dozen Scholt's fine New York Smoking, sixteen boxes Cavendish, 100 dozen fine cut Rappee and Maccaboy Snuff.

Ten kegs and 100 flasks Kentucky Rifle Powder, fifty bags of Shot, bar Lead and Percussion Caps.

Thirty boxes Candy, 25 drums of Malaga Figs, 30 jars prunes and a great variety of articles in my line that would take more time than I have to enumerate them.

To my old customers and the public generally, I would say, call at SIEGEL'S Corner, directly opposite the Farmer's Hotel and see for yourselves, that I am bound to sell wholesale or retail, cheaper than any other establishment West of Buffalo. C. SIEGEL.

Hold Up! Walk Up and see the Bang Up!!

THE public are invited to call at the Erie Steam Foundry, or at our Store, and examine the last Paragon of Cooking Stoves, just out which an enormous large Oven, high enough to bake a large Turkey on its feet, while six loves of bread are baking around it. The "noise and confusion" it has made East, has induced the characteristic name of BANG UP. One who lately saw nine loaves of beautifully baked bread, taken from the oven at one time, "was reminded of the capacity of a small pig which drank two quarts of whey at a draught, and did not then fill the measure which contained the whey into four inches." See certificates.
Erie, Feb. 2, 1850. LESTER, SENNETT & CHESTER,

Erie, January 28, 1850.

Messrs. Lester, Sennett & Chester: Gent.—To your inquiry whether the "Bang Up" Cooking Stove purchased from you during the present month, has given satisfaction or not, I have the pleasure of answering that said stove has met our fullest expectation in every particular, and would not be exchanged for any other pattern now in use of which I have knowledge.

Very respectfully, your obedient servant. A. SCOTT.

Messrs. Lester, Sennett & Chester: Gent.—We are using your improved modern Cooking Stove, called the "Bang Up," and after a trial of one month can recommend it as superior to any stove in use in this section of the country. Among the most prominent advantages of this stove, is the economizing of fuel. Over a barrel of coal less than formerly is required to do the same amount of cooking. Especially is this the case with soft coal. This is a desideratum of great importance, and one which we have not before enjoyed. Every purchaser will receive a full set of Cooking Utensils.
