We find the following in one of our exchanges. It is just one shoud of Paine's pretended discovery in the decomposition of water so as to produce heat and light, and like that, sounds very much like a fiction:

Astronounce ir True.-We are informed that there will shortly be brought before the public a new locomotive, in which the requirements of either steam, fire, sir, or water, will be dispensed with; its power of traction, while effective, will be perfectly safe—by it one half at least of the present working expenses will be saved. Advocates of universal peace will look forward with hope: this agent will exert a powerful influence on all nations. Distant parts of the world, where steamshipe, from the expense of fuel, have not been, will soon be reached with facility. Life Insurance.

The Syracuse papers state that Dr. Rial Wright of that place, who lost his life by the explosion of the Troy, had effected an insurance on his life for \$5,000, which of course will accrue to the benefit of his family, who otherwise would have been lest in a destitute condition. One such fact as that speaks volumes in favor of the policy of Life Insurance.

BRID DAGUERRHAN GALLERY. CHERMAN & LEWIS are happy to annound to the Ladies and Gentlemen of Eric, and the friends of science and art in the region round about that they are prepared to take Likenesses of a superior quality at their recurs, over Middleton & Murphy's store, three doors east of Brown's Hotel.

There are several reasons why persons can obtain better pictures at our rooms than at any other in this city, or in this part of the country. Onn is

WE HAVE THE BEST LIGHT! Skylight and side light COMBINED-each correcting the faults of the other, and producing a natural and most beautiful effect. TRY IT, WHOEVER IS NOT SATISFIED WITH PIC-

TURES TAKEN ELSEWHERE!! Another reason is, we have the best apparatus. The importance of this will be obvious to any one.

We shall not offer those who favor us with their patronage, the flat, insight, cornse-like things which many who call themselves artists present to the public. Neither chall we offer those dark, gloomy images which human beings are sometimes told resemble themselves; but clear and accurate Likenesses, possessing that most beautiful blending of light and shade, richness and depth of tone, remarkable distinctness of features, true expression of the eye, boldness of relief; distance and invisibility of back ground, delicacy of finish; softness, transparent and artistic effect.

Remember there is no room of the kind near here which has the facilities of this. It is designed to be a permanent establishment, NOT TO BE EQUALED is our motto. W. H. SHERMAN, Eric. Feb. 2, 1850.
