A man by the name of CLAPP haseing de with a young man of the name of S. P. Fownsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Barasparilla denominating it GENOWS C. Original, etc. This Townsend is no doctor, and never was but was formerly a worker on ruliroads, cannie, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to contion the public neat to be decreived, and purchase none but the GENUINE ORIGINAL OLD Dr. Jacob Promsend's Sarsaparilla, having on the Old Dr. Jikeness, his family coat of arms, and his signature across the coat of arms.

OLD DR. JACOB TOWNSIND,

THE ORIGINAL DISCOVERER OF THE

Gonding Townsend Sersiparills.

Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHER and DISCOVERER of the GENUINE ORIGINAL "TOWNSEND SARSAPARILLA". Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value, it but recheld the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed liver processing and saved from death, proclaimed

HEALING POWER.

Knowing, many gears ago, that he had, by hisskill, science and exterience, devised an article which would be of inculculte advantage to mankind when the means would be furnished to bring it into unniversal notice, when its enestinable virtues would be hown and appreciated. This time has come, the means are supplied this GRAND AND UNEQUALLED PREPARATION ?

piled; this

GRAND AND UNEQUALLED PREP.IRATION

Is manufactured on the largest scale, and is called for throughout thelength and bredth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with ege, and never changes, butfor the better hecause it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's. Sarsaparilla. The Sarsaparilla of the thing of the old Dr's sarsaparilla and supported and supported on medical man, contains many medical properties, and some properties which are inert or uscless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system.—Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation. If they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these evaluite principles, which if yoff in vapor, or as an exhalation, under har, are the very essential medical properties of the root, which give to it all its value, any person can boil or stew the root tilt they get a dark colored liquid, which is unore from the cotoring matter in the root than from anything che; they can then strain this insight or vapid liquid, which is more from the estoring matter in the root dim from anything che; they can then strain this insight or vapid liquid, which is more from the cotoring matter in the root dim from anything che; they can then strain this insight or vapid liquid, which is more from the cotoring in the first and the strain that is not the article known.

as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the hert properties of the Sarsaparilla root are first removed, everything capable of becoming acior of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form
and thus it is rendered incapable of losing any of its valuablean
heading properties. Prepared in this way, it is made the most
powerful agent in the

It possesses a marvelous efficacy in all complaints arising from Indigestion, from Arising of the Stomach, from unequal circulation, determination of blood to the head, published of the heart, cold feet and hands, cold chills and hot dashes over the body. It has not its equal in Colds and Coughs, and promotes ensystypectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of Flour Albasor Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Mentes, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of Kidney Disea es.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, thus cures all forms of Floury all senses and debility, and thus prevents or relieves a great variety of other main dies, as Spinal irritation, Nearalgia, M. and thus prevents or relieves a great variety of other innia dies, as spinal irritation, Neuralgia, St. Vitus Larce, Suconing, Epiteptic File, Contentions, &c.

It cleanses the blood, etciles the liver to healthy action, tones the stomach, and gives good digestion, relieves the bow els of torpor and constipation, allays sudamation, purifies the skin, equalicies the circulation of the blood, producing gende warmin equally all over the body, and the intendible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire tertous system. Is not this then "The modicine you pre-ominently need?

But can any of these things be said of S. P. Townsend's inferior article! This young man's liquid is not to be COMPARED WITH THE OLD DR'S, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and "NEVER SPOILS, while the other DOES souring, fermenting, and bloating the bot-

DETERIORATION, and NEVER SPOILS, while the other DOES; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound he poisonous to the system?—What! put acid it to a system already diseased sith axid! What causes Byspepsia but acid? Do we not all know that when food sours in our stomachs, what mischiefs it produces? flatulence, heartburn, palpitation of the heart liver complaint, diarrhem, dysentery, colic, and corruption of the blood? What is Scrofint but an acid humor in the body! What produces all the hursors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rhemmatism but a sour or acid fluid which instinuates itself between the joints and elsewhere, trituing and inflaming the delicate tigsue upon which it acis? So of nervous diceases, of impurity of the blood, or deranged circulations, and nearly all the ailments which allied human nature.

WORSE THAN DEATH:

WORSE THAN DEATH:

A T Worcester, Massachubetts, in the year 1835, a case of 'Elephantiaris' came under a physician' care, the patient laboring under the usual apptoins of that horris disease, which continund growing worse and worse for ten years, at this period the
patient was shandoned by her physician's all saying that her
case was incurable, and that she could not survive theny weeks.
Her limbs were involved to an immense size, her face turned black,
yers starting from their sockets, and her whote person resembling
some beast, too horrid for description. All the symptoms of this
dreadful disease appeared in the worst form. The female had
been possessed of much personal beauty, and great accomplishments, but these were now sink in the ravages of a disease wastann beath. In 1817 agentleman from Chicago, lilinois, visited
her friends, and undertook to alleyiate her sufferings, being the
sentiment of herself and friends. Having much faith in 'Sloan's
Ontanext,' he had supplied himself with it to present to his
friends. The first box of the Olument evident yhelped her case,
and in the use of two more boxes decided hopes were entertained.
In short this hitherto incurable discarse was mastered, and this
case in which hundreds of dollars had been squandered on physicians, was cured entirely at a cost of discen dollars, and the young
and most beautiful monument of the unparalelled virtue of the
people's medicline, 'Stoan's Olymakan.'

MUDICAL, TREATMENT,

DR. W. B. Sloan—Bear Sit. Last August I received a severe bruice on one leg, just below the knee, no attention was naid to it however for some time after, nor until I had taken cold in the sore, it now became very much swollen, and exceedingly painfai, so much go that I could get no sleep for several days. A thyeician was called, and my leg lancel at two different periods, discharging very freely each time. I find under Mellent treatment about three mouths, but without the least permanent benefit. Then of tahed a low of your Obtainent, this soon removed all pain and soreness, and in two weeks from the time. I began using the Unintent my ler was entirely well. I cheerfully recommend all who may be similarly injured to give this Omtment at rial with the fullest assurance that their expectations will not be disappointed.

AFTER THREE YEARS FOUND RELIEF.

THIS is to certify that I have I cen afficied with a vain in my lent leg a little below the knee for about three years, most of this time I have been entirely unable to labor, and notwithstanding I have used almost every thing I heard recommended, nothing alforded any relief, except the application of cold water, and this but temporarity. A neighbor recommended me to try Sloan's Ontment, I did so, and in about four weeks I was able to walk when as well ascere, excentedne weakness. thout as well as ever, except some weakness.

BRANT'S INDIAN PURIFYING EXTRACT

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tread at the Sarsaparillus and other medicines recommended to care blood to case, have decided that— Brant's is the Cheapest:

Lecause one bolle of it has more modical, carative matter, in it, and a consequence, cures more discuss, in much less time, than one bottle of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure FOILT THATS more discast than one bottle of Saranparilla—"BRANT'S PURIFIER would be at close that one bottle of Saranparilla—"BRANT'S PURIFIER would be at close to the saranparilla at one class would be at close and the capable of curing, FOUR THES as as a bottle of it has cured, and is capable of curing, FOUR THES as much discase as one bottle of saranparilla, therefore, Saranparilla, in consequence of its less power and less medical efficacy, should be soil at more than itseaty are cents per bottle, to be as cheep as the PURIFIER at one dollar.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROPT.

A—will one dollar's worth of BRANT'S PURIFIER cure! Read to

llowing statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a dying men who set time. He was coved of a warm case of SCROFULA, by only neare bettles of Brant's Purifer, than ever was curred by the use of incere calllows of the best Barrappirilla that was ever made. Barrappirilla has not sufficient medical power to effect the curs of such a recallingly hopeless case.

Mr. J. B. HASKIN, of Rome, Oncida Co., N. Y., had Scroylia for yeary contined to his bed the last year-no was so much diseased and debilitated as to be unable to raise his hand to his head. He had the bat medical addition—had used all of the best Barrappirillas to no good effecting to worse and worse, and was considered to be in a dring state, and could not live treently four hours longer, when be commenced using BERNYS PURIFIER. His neck was cales nearly of, from our to car; a hole was estem through his scaled jute, and made the hole; his car was so caten around that it could be lifted up out of in place, it only bolding by a small piece; the use of one arm was destroyed by two utlears; an ulcer under the arm, as large as a sam's hand, had certify after through his side into his body. Thus we was aclicted with recay such patrid, acrid, affentive elects, on various parts of his person. For further and full partic ulars, see our PAMPHLETS.

Dr. THOMAS WI. LIAMS, one of the most skillul physicians of Rome, was called to see Hakin the day before be commenced using Brant's Partifier. Dr. W. examined him, and then told him that all the medicale in the tourid could not cure him-that his case west.

Worse than Hopeless! Now hear Mr. HASKIN'S statement of cure! He said: "My wis pre-cured one bottle of BRANT'S PURIFYING EXTRACT, of Briefl & Leonard, druggists of Rome. I commenced using that, and beyes is go better. That bottle enabled me to get of my bed, where I had been co-fined one year; the second bottle enabled me to get out of the bodies; the that bottle enabled me to reach the models, to Rome Centre, where I procured in buttle to more; and when I had funshed using them, secretion out of reach uters had healed up—and three bottles more effected a PERFECT CURE of uli the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. G. R. BROWN, proprietor of the West-Rome Hotel-Messra, BISELL & LEONARD, wholesale and retail drungists—and ELEVEN other respectable witnesse. CANCERS CURED.

GOOD Acros of Land for Sale!!

THE Subscriber having purchased the well known MORA; IN TAN GRANTS, containing some 6000 acros of land, situation for the country Pennsyl anna, now offers the same for sale, in parcels of various sizes, and on terms to suit rich or poor. There Lands are of a quality inferior to none in this section of country and afford a rare opportunity to Farmers, with small arear, of acquiring an excellent Farme, as the prices are low and the parments may be extended, if desired, for a number of years.

About 2000 acres are situate in the northwest corner of the country, on the Lake shore and Ohio line. In a country unsurfaced for preducing Wheat and Frait. This tract has been divided into hundred acre lots, each of which has trom 30 to 70 acres cleared and under cultivation together with a floure and Parn, and is meet cases an Orchard of fruit. The town of Conneaut and Harbor, with a thriving Lake trade, is located two miles west of the Grant, furnishing a ready market for grain and other country produce. Springfield is four miles, and the flourishing borough of Girath, on the Pittsburgh and Eric Canal, is ten miles cast of the lands—Marketing, and especially grain, at these places, is also in demand at fair paices. The Ridge Road, running along the Lake from Buffalot to Uleveland, passes through the mildla of the tract, apo the Railroad connecting New York city with the great west, is now being located across the same. Conneaut creek, with an abundance of water the year round, has sufficient fall on the last for a number of Mill sents.

The other 4000 acres are situated on French creek, seventes miles south of the Lake and city of Eric, three miles southeasterly from the Lorough ef Waterford, and three miles west of Unita Mills; all which places afford a good market for the produce of the country. 700 neres are clear and under cultivation, with a number of the best grazing farms in Eric county. A larging from the law is covered with timber, sufficiently valuable to induce

ply of water.

It is the opinion of persons capable of judging, that both thee Grants will in a few years be worth from 50 to 60 per ceit, more than the prices at which they are now held. The title super-
