"I say, Clem," cried two disputing darkeys, appealing for a decision to a sable umpire, "which word is right, dy-actly or de-zactly." The sable unpire reflected a nt, and then with a look of deep wisdom, said: "I can't tell pre-zactly."

Cauel Hoax.—A report was published in New Orleans on the 20th inst., that Col. C. G. De Russy, formerly of the army, and his three sons had all been drowned, while fishing near Natchitoches .-Later intelligence from that place states that the whole story is without a shadow of truth.

A STRONG REASON .- A life insurance company n Boston, in its advertisment showing the advan tages of life insurance, offers a very strong inducements in the fact stated that people actually live longer after getting insured than before. This is an advantage that both parties, the insurer and the insured, are likely to profit by.

A MYSTERIOUS AFFAIR .- A very singular affair occurred in Clay Co., Mo., last week. It looks occurred in City Cot., Mo., last week. It looks very like an attempt to murder. The family of Mrs. Col. Allen had retired for the night, when that lady was aroused at ahout 3 o'clock, by the supposed bite of a rat. She rose out of bed, stepped into the room where her sons were sleeping, and said she was bleeding to death. She had received a wound across the face with an axe or large knife, and a very dangerous wound inflicted. Physicians were sent for. and at the last accounts stronge hopes were entertained for her recovery.

Havana, April 20th, 1850. LATEST FROM HAVANA .- In the political horizon nothing remarkable has occurred since my last advices, except the vigilance of the Captain General and his councillors of State, which has increased rather tha diminished particularly towards the arrival of Americans in this island. It is St. Helens the second, guarding and suppressing the American mind. All preparation are in readiness for the reception of the new minister, Count Mirasol, and the auxiliary troops, which are daily expected to ar-

The London Times has adopted a tone of much severity against the existing government. That paper devotes some considerable space to the subject of Sir Henry Bulwers correspondence with Mr. Clayton for a modification of the Tariff on iron.

The weather has been favorable both in England and Scotland, and generally the crops look remarkably well. Austria .- The insurrection at Croatia is at an end. The Hungarian refugees have not reached their destination in Asia Minor, but Count Bathane is lying very ill. The Protestant movement is progressing in Bohemia and Hungary.

FROM THE CONTINENT .- The political news from the continent on the surface is unusually quiet. Order prevails troughout France. The violence of factions and the near approach of the election give rise to fears for the continuance of the present calm.

The great question has not been adjusted, and in the event of the failure of the friendly offices of France, there is every reason to apprehend serious difficulty between England and Russia, as the former in the event stated has given Admiral Parker orders to enforce a complete blockade of the coast.

OPINION OF THE PRESS.

[From the Cincinnati Commercial, Oct. 31.

We take piessure in referring the reader to the testimony of our prominent druggists and well known citizens to the virtue of Bavis Pain Killer. We have used the article and found it valuable. The sale of this article in the United States is beyond all precedent, as the books of the office will show.

[From the Cincinnati Nonpariel, Nov. 10th.]

DAVIS PAIN KILLIR.

We call the attention of our readers to the advertisement of this great remedy for the most instant relief of pain. No medicinal preparation with which we are acquainted, appears to possess such power for the extraction of pain. No preparation has ever become so popular in our community, or created such a sensation in the public mind through the section of the country where it has been introduced and become knows.

I will be seen that some of our most prominent citizens, and business men, strongly recommend it to the public, as an article of "MARLY MERIT AND VIRTUE," and that they never knew any medicine to become so deservedly popular in so short a time.

[From the Cincinnati Dispatch, Oct. 31.]

DAVIS PAIN KILLER.—Whatever may be the prejudices entertained against a great many patent medicines, we can ourselves lear willing testimony to the efficacy of this article. We have seen its fungic cilicots in soothing the severest pain, in a great many cases, and know it to be adod article for the uses and purposes to which it is devotrd, and even in cases where it may not prove infullible, it possesses the rare virtue of doing no injury.

DAVIS PAIN KILLER.—When the content of the country in a prove infullible, it possesses the rare virtue of doing no injury.

DAVIS PAIN KILLER.—When the country is a proposed to which it is devotrd, and even in cases where it may not prove infullible, it possesses the rare virtue of doing no injury.

DAVIS PAIN KILLER.—When the country is a proposed to which it is devotrd, but the country is a proposed to which it is devotrd.

1 By neglecting those salutary precautions which common sense dictates, many, very many, fall victims to their prudence. We have seen the young brief blooming like a bird of paradice—the fair of flower hope, the pride of her father, and the joy of her mother—her check flushed with anticipation, and her eye beaming with the soft expression of love—the gay dreams of life dancing before her fancy, with the rich and variegated into of the rainbow's hue. We have seen all this changed—aye, the meading gamen for a throud, and the bridal chamber for the sepulcine of the dead, and all this by neglecting a "common cold."—Now, before it is too late, use Dr. Roger's Symp of Liverwork, Tan, and Canchataota, which gives immediate relief, as thousands of our most intelligent and wealthy families are ready and wiffing fo textify.

Neither shall we offer those dark, gloomy images which human beings are sometimes told resemble themselves; but clear and accurate Likenesses, possessing the most beautiful blending of light and shade, richness and depth of tone, remarkable distinciness of features, true expression of the eye, boldness of relief, distance and invisibility of back ground, delicacy of finish, softness, transparent and oritistic effect.

Remember there is no room of the kind near here which has the facilities of thus. It is designed to be a permanent establishment, NOT TO BE EQUALED is our motto. W. H. SHERMAN, Eric, Feb. 2, 1850. W. N. LEWIS. TURES TAKEN ELSEWHERE!!
