The public are invited to call at the Erie Steam Foundry, or at our Store, and examine the last Paragon of Cooking Stores, just got out with an uncommon large Oven, high enough to bake a large Turkey on its feet, while six loves of bread are baking around it. The "noise and confusion" it has unde East, has induced the characteristic name of BANG UP. SHERMAN & LEWIS are happy to annound to the Ladies and Gentlemen of Eric, and the friends of science and art in the region round about, that they are prepared to take Likenessees of a superior quality at their rooms, over Middleton & Murphy's store three doors cast of Brown's Hotel.

There are several reasons why persons can obtain better pictures at our rooms than at any other in this city, or in this part of the country. One is,

the country. One is,

WE HAVE THE BEST LIGHT!

Skylight and side light COMBINED—each correcting the faults of the other, and producing a natural and most beautiful effect—

TRY IT, WHOEVER IS NOT SATISFIED WITH PIC-TURES TAKEN ELSEWHERE!!

TURES TAREN ELSEWHERE::

Another reason is, we have the best apparatus. The importance of this will be obvious to any one.

We shall not offer those who favor us with their pattonage, the flat, insight, corper-fixe things which many who call themselves artists present to the public. Neither shall we offer those dark, gloomy images which human beings are sometimes told-resemble themselves; but clear and accurate Likenesses, possessing the most beautiful blending of light and shade, richness and depth of the public was remarkable distinctions of features, true expression of the delicacy of finish, softness, transparent and artistic effect.

Remember there is no room of the kind near here which has the facilities of this. It is designed to be a permanent establishment NOT TO BE EQUALED is our motto.
