The "Philadelphia Saturday Gazette," the best family newspa-per published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.

The pathished in the United Shavs, the collor says of DR. (LOOPLAND'S GERMAN BITTERS. "It is seldom that we recommend what are termed Patent Med-icines to the conflictnee and patronage or our readers; and, there bere, when we recommend Dr. Hooland's German Butters, we wish to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgorien after they have done their guilty race of mischief, but of a medicine long established, universafty prized, and which has met the hearty approval of the Faculty itself." I'vidence upon evidence has been received (like the foregoing) from all sections of the Chips, the last three years, and the stron-gest testimony in its facer, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can cashly be established, and ful-approval when presented even in this form. "That this medicine will cure Liver Complaint and Dyspepsia, noo one can dould, after using it as directed. It acts specifically upon the isonach and livar—it is preferable to calomel in, all billows diseasees—the effect is inneediate. They cill be adminis-tered to FERALE OF COUNTERFEURS.
